

PARTRIDGE TIRES

RIDE EASIER - LOOK BETTER - LAST LONGER

PARTRIDGE TIRES ride easier because they are made of the purest of rubber which gives them the maximum of resiliency. They look better because the finish is perfect and is one of the most important parts of their manufacture.

The reason they last longer than ordinary tires is because they are made by hand of the very highest quality of material from start to finish.

If you want better looking, easier riding and longer lasting tires equip your car to-day with PARTRIDGE NON-SKIDS on the rear wheels and PARTRIDGE GUIDE TIRES on the front wheels.

Adjustments all last year on Partridge Tires amounted to less than one-half of one per cent. Every motorist knows that that percentage of adjustments is a record and absolute evidence that Partridge Tires are in a class by themselves. Partridge Tubes are of the same high quality as the tires.
