

3. requested that the Accused if
serving under him he would
guarantee his behavior.

On the 20th day of September 1949
~~1st day~~ after he had returned
from the course the accused was
promoted to A/L Bombardier with
pay.

I go now to the 2 - 3 - 4 - 5 - and
6 of December. Three months later
On the second day of Dec 1949
the accused handed in a pass form
600 hrs Sat to 1400 hrs Sunday
leaving the billets at 600 picking
up his pass at the guard room, not
taking time to look at it, because
he was already late for an appointment
and until 1100 hrs the next day (Sun)
when phoning for an extension
he never glanced at his pass so
until Major Franko requested him
to observe that his Pass was out.
