I would heartily recommend it to anyone suffering from throat or lung trouble.

A POPULAR HEALTH RESORT.

A Grand Trunk official stated to-day that the mineral waters of St. Catharines, Ontario, are becoming renowned throughout the country, as is demonstrated by the large influx of people to that city during the year. The water is like that of the great Krietzsch springs of Prussia, and is claimed, if anything, to be even more effective in cases in which it is used. The business at the resort at St. Catharines has increased about 100 per cent. over last year.

A GENEROUS OFFER.

Editor Planet:

I understand that the new armory will take up considerable of the baseball diamond. If such is the case it will deprive the city of a suitable place to hold athletic sports, such as baseball, lacrosse, football, etc., and would it not be a good idea to start a good healthy agitation for a suitable place to hold such games? I will start the ball rolling myself by giving for a good long time a lease of a piece of ground that I think would be suitable. The lease of said ground would cost nothing and at the expiration of the lease the buildings and fences could be sold or removed at the will of the management.

Yours,
T. A. SMITH.
