

NOTICE.

To secure prompt and efficient service, the following instructions should be carefully observed.

1st. Subscribers when calling Central Office will ring the bell, then place the telephone to the ear and listen for the Operators voice.

2nd. Do not ring after communication with the party wanted is established until through talking.

3rd. Calls from Central Office should be answered promptly.

4th. Be sure of the right number you want, before calling the Operator.

5th. Any defect in the working of the instruments or lines should be reported to the Manager at the Central Office, by mail or Telephone (No. 125), to which immediate attention will be given.

6th. No messages shall be transmitted by Operators. Conversations with Operators are strictly forbidden.

7th. No connection will be made during a thunder storm.
