PAPER FOR FARMERS AND STOCKMEN

CONFEDERATION LIFE BUILDING TORONTO

TWENTY YEARS OF SERVICE

On September 2nd, THE FARMING WORLD will celebrate its twentieth birthday. The issue for that date will be our usual Annual Autumn Number. The contents will, to some extent, show the marvellous growth of Agriculture in Canada during the past twenty years. The number will be well illustrated and in every way worthy of the important interests which it represents. Any of our readers who wish to have free sample copies of this number sent to friends should furnish names as early as possible. Advertisers should apply for space at once.

CREAM GATHERING THE FAVORITE SYSTEM.

This system, i. e. the carrying of the cream to the factory instead of the whole milk, of which we were the pioneers and are still the leaders, and which has been practiced a number of years in Western Ontario with much success and constantly increasing favor, is being fast taken up by patrons of creameries all over the Dominion. Prominent creamerymen who have strongly opposed it in the past are now its warmest advocates, and it is only a question of time before it will be the prevailing system if it is not already.

Those who continue to oppose it are certainly working against their own interests, if they would but see it, but it seems on the part of some to be a case of "None are so blind as those who won't see." For surely, if they would profit by the experience of others, they could not help seeing the many advantages, of the Cream Gathering system. One reason for the growing popularity of this system is due to the

IMPROVED U. S. SEPARATOR
which takes more cream out of the milk than any other—it

HOLDS THE WORLD'S RECORD

for clean skimming, and leaves the cream in more perfect condition—free from froth and churning.

For many other reasons and much useful information on the subject, write for our Booklet "Dairy Authorities," which contains, in addition, the opinions of many prominent Creamerymen on this system.

275 There is no duty on U. S. Separators shipped into Canada.

VERMONT FARM MACHINE CO., Bellows Falls, Vt.,

CANADA'S FAVORITE

Western Fair, London, Sept. 12th to 20th, 1902.
