

NEWS OF WORLD TOLD IN BRIEF

Austro-Germans Crossed Galician Border and Occupied Tarnograd Says Vienna

ITALIAN COAST BOMBARDED

Austrian Destroyers Shelled Undefended Towns but Damage Was Not Serious—Italians Gain More Ground and Occupy Important Positions.

Austro-German troops in pursuit of the retreating Russians have crossed the Galician border to the north of Kresow, Russia, and occupied the heights north of Tarnograd, according to an official communication issued by the Vienna War Office last night.

An official statement from the Italian naval headquarters staff signed by Vice-Admiral Thaon Di Revel was given out last night as follows: "This morning Austrian destroyers on a scouting expedition shelled a section of the coast railway near Pesaro. No one was hurt. Trifling damage was done to a small part of the line. The cities of Pesaro and Rimini, although quite undefended, were bombarded. The damage, however, was unimportant. A few private houses were struck and three civilians were slightly injured at Rimini."

The Italians have gained more ground in the Buchenstein Valley, says a despatch from Laibach, Austria. Their batteries are bombarding St. Cassain. They have also occupied important strategic points around Monte Cristo. Italian batteries shelled the Austrians out of positions in the vicinity of Monte Cristo. Southeast of Trent, the Italians are concentrating strong forces to block any eventual Austrian offensive. In the Val Sugana the Italians destroyed many defensive works and bombarded Borgo for several hours. At Folgaria they were obliged to retreat before repeated attacks by the Austrians, but during the day of June 17 they re-captured their former positions and are now bombarding Rovereto.

The following report from Sir John French, commander-in-chief of the British forces on the Continent, was given out last night: "The fighting in the northern and southern portions of our front continued throughout June 16 in co-operation with the attack of our ally about Arras. East of Ypres all the German first line trenches which we captured remained in our hands in spite of two counter-attacks, which were repulsed with heavy loss to the enemy. We were, however, unable to retain those of the enemy's second line trenches which we had occupied in the morning. East of Festubert, as a result of a further attack on the afternoon of the 17th, we made a slight advance, and, judging by the number of dead Germans in the trenches entered by us, our artillery fire was very effective."

During the last three months about 40,000 soldiers in the Turkish army operating in the Old district of Transcaucasia have been disabled by disease. Thus weakened, the army has been forced to give up all serious activity on this front. With the beginning of summer, it is feared that the epidemic, which already has a foothold in the province of Van and has claimed a number of victims, will spread among the refugees. The American hospital in the city of Van is overcrowded and lacks proper medical assistance.

A despatch from Copenhagen says the Norwegian steamer Svein Jarl, a vessel of 1,125 tons, has been torpedoed. The Norwegian newspapers allege that German spies were aboard the Svein Jarl and other steamers which have been torpedoed before they left port. The newspapers urge the Government to take energetic action.

NEW YORK PRESS COMMENT

TIMES: Somewhat enlarged trading accompanied yesterday the continuance of the confused movement in prices which left a majority of the issues traded in somewhat lower for the day. The confusion in price movements reflected the uncertainty of traders at a time when business on the Stock Exchange is being left almost entirely to them. They were inclined to make more of the reports of the storm damage than the news seemed to warrant and they were disposed, too, to look for unpleasant surprises in the war news. In both of these things they reflected an uneasiness which has been apparent among traders within recent days, despite the fact that there has been no change in the prevailing view that nothing has happened to change materially the ultimate effect of the favorable factors which are at work in the American business and financial situation.

SUN: There was no fresh news yesterday to provide Wall Street with impulses to move the stock market out of the rut into which it has fallen lately. Dealings were in moderate volume and the general drift of prices was irregularly downward, although no particular significance as to the tendencies attached to the course of quoted values. Trading was largely professional and there was a mixture of bullish and bearish effort, which on the whole, evoked relatively little response.

CANADIAN BANKS OPENED NINETEEN BRANCHES IN MAY.

In the month of May Canadian Chartered banks opened nineteen branches and closed thirteen, a net gain of six, making the total now in operation 3,245. Here are the statistics as provided in Houston's Bank Directory of Canada:

- Branches Opened Totalled 19. Bethier (en bas) Que.—Banque Provinciale du Canada. Hentsport, N.S.—Canadian Bank of Commerce. La Durantaye, Que.—La Banque Nationale. WOOL MARKET HOLDING ITS ACTIVITY AND STRENGTH. Boston, June 19.—The wool market is holding its activity and strength well. The volume of sales for the past week has been slightly under last week's total, but an aggregate of over 2,000,000 pounds has been rolled up. Prices have not moved up very substantially except in the case of medium wools where there has been an actual rise. The upward tendency of fine wools, however, is very apparent. The bulk of the activity has been in fine Australian and Cape wools. Worsted mills are the chief buyers.

The feature of the week has been the sharp rise in the English markets. In Bradford at the close of the week 64's tops had sold at 80 cents, which was an advance of 5 cents over the end of the previous week, for spot stock. The combers and spinners is sold ahead into the first quarter of 1916, and 78 cents has even been paid for 64's to be delivered in April next year. While crossbreds have not advanced in the past week to the same extent that fine wools have, there has been about the same increase in value during the past fortnight, especially on the finer counts.

Buying is proceeding steadily in the west and estimates of the wool so far this year, place the quantity at 40 per cent. to 50 per cent. of the total clip. Last year at this time close to 90 per cent. of the country's new clip had been purchased.

C. P. R. CROP REPORT. Winnipeg, June 19.—Canadian Pacific estimates crop acreage changes as compared with last year as follows:

Heard Around the Ticker

A commission to investigate the city's finances is now proposed at the City Hall. Why not one to investigate the commission? Sins of omission were always balanced by sins of commission at the City Hall.

What with the 200 killed in the Karlsruhe raid and the comparatively few babies destroyed by Zepps on their last murder cruises, the Kaisers' burdens are becoming heavier and his wailings about his "be-loved Karlsruhe" evidently come from where his heart ought to be.

Sir Henry Drayton, K.C., chairman of the Dominion Railway Commission, who has just returned to Ottawa from the West, covered 7,000 miles while away and is naturally in a position to speak about the crops. "The outlook for a bumper harvest was never better than it now is," he said. "There is eleven per cent. more acreage under cultivation in the Prairie Provinces this year than there was last, and all the land that has been sown has been better cultivated than it has ever been before. There is no dry belt in the West this year. Rain has been fairly plentiful all over the country and the crops could not look better than they do at present. There is only one more critical period to come and that is in the early fall, when, sometimes, early frosts do some damage. In the large cities business conditions are dull, due to the collapse of real estate speculation, but real estate values are as good as ever. In the smaller places business is fair."

A "dog-tailed chicken" hatched in the poultry yard of John Tautenhach at Elizabeth, N.J., is attracting much attention.

H. H. Raymond, vice-president and general manager of the Mallory and Clyde Steamship companies, has been elected president of both lines, succeeding Henry R. Mallory. Mr. Mallory also retired as president of the Atlantic Gulf and West Indies Steamship Lines, the holding company for the Mallory affiliated properties and Gales L. Stone succeeded him.

Sir Thomas Shaughnessy has at length divulged the object of his visit to Great Britain. In an interview with a representative of the London Times he said: "I was invited to come over to discuss with the War Department a plan for the purchase of the largest possible portion of the army's needs in Canada. It is also contemplated to employ the purchasing organization of the Canadian Pacific for this purpose. It is the manifest desire of the authorities in London to give Canada the largest possible share of this business, and doubtless Canada, where large orders for munitions already have been placed, will receive as many more orders as the country is able to fill."

The Eastern Car Company has received other large contracts for cars besides the one from Russia, France having sent a very considerable order. It is generally known that in addition to the Russian and French contracts, the company has in sight still further foreign orders of large dimensions.

"Well! Well! Well!"—Kaiser Indignant—Chief of Baby Killers Clan Shed Tears Over Karlsruhe, is the way the Toronto Star heads up the German Emperor's astounding and tearful expression.

Mayor Thompson, of Chicago, has asked the officials of the transit companies and the labor heads to select their members of the arbitration board and begin the arbitration next Monday. Among the names being considered by the transit officials is that of Harvey B. Fleming, who represented the Chicago City Railway in the arbitration three years ago. It is understood that Judge Scanlon cannot spare the time to act as the representative of the employees. Among plans which have been considered to give a good wage increase to the men is a reduction in the proportion of net earnings of the company now received by the city. This is now 55 per cent. and under the proposition would be reduced in proportion as wages were advanced. This, however, is opposed strongly.

A \$4,000,000 moving picture company is being formed, which will produce pictures to be routed throughout Canada and the United States, in a chain of controlled theatres. The movement is headed by H. E. Aitken, now president of the Mutual Film Company.

The Allis-Chalmers Co. will grant a 5 per cent. increase in salary to 1,200 employees on July 1. On March 1, owing to business depression, a cut of 10 per cent. in salaries of the office force was made and now one-half of this decrease will be restored.

The Government at Ottawa has announced that on July one and two-cent postage stamps upon which the words war tax have been impressed may be accepted for the prepayment of postage. They may also be used for the payment of war duties in all cases. But this does not apply to such war stamps of higher denominations. No postage stamps of higher denomination than one and two cents upon which the words "war tax" have been impressed may thus be accepted as postage, nor any inland revenue stamp of any denomination whatsoever.

The liabilities of the Wabash Railway are \$30,579,382 and cash on hand \$12,000, according to a report filed in the St. Louis Federal Court by the receivers. The total owed the company is \$2,880,426. There is \$1,600,000 due employees and \$6,426,742 due other individuals and companies. The foreclosure sale of the property is set for June 23.

A Washington dispatch says that some members of the American Congress are considering introducing a bill giving the Interstate Commerce Commission the sole power to appoint railroad receivers, just as the Comptroller of Currency alone has power to appoint receivers for United States national banks.

HAPPENINGS IN THE WORLD OF SPORT

Fullerton Should Have Scored a Shut-out in the Game With Rochester Yesterday

TRAVERS AGAIN CHAMPION

Twelve Players Rolled a Total of Twenty or Better in the Westmont Bowling Club's Competition Last Evening—Track Events at Lacrosse Matches.

Montreal came over with a win yesterday, defeating the Rochesterers by a score of 4 to 1. Fullerton really deserved a shutout, a bad throw by Devin on Clemens' hard hit ball enabling Stevenson to cross the plate with the only run made, by the Hustlers.

Twelve players rolled a score of twenty or better in the points competition at the Westmont Bowling Club last evening, as follows: W. M. Irving, 33; F. H. Gardner, 30; George E. Cheese, 29; Norman Stewart, 25; A. Maitland, 24; Oswald Mowatt, 24; W. P. Kearney, 21; E. H. Hodgson, 21; Willie Brown, 21; Burnside Robinson, 21; W. C. Chisholm, 20; C. Riddell, 20.

The victory of Rosedale in Toronto last Saturday set at rest any doubt as to the series between the two teams in that city being on the level. There were many who were of the opinion that the north enders would let the Islanders get away with this game, in order to keep the teams on even terms and thus retain the interest. The way the players worked in the last quarter was enough to convince even the most pessimistic person that there was no "thing."

A pitchers' duel between Ragan and Deak ended in a victory for St. Louis when the Boston pitcher broke down in the twelfth inning, St. Louis winning 3 to 2.

Jerome D. Travers won the American national open golf championship, this being the second time in the history of the United States Golf Association that the honor has been won by an amateur. Travers' score was 297. Tom McNamara was second with 298, and Robert McDonald, Buffalo, third, with a card of 300.

A joint committee, comprising representatives of the Shamrock A. A., National A. A. and M. A. A. A., has been formed for the purpose of holding handicap track events between the quarters of the local N. L. U. fixtures from July 1 until the end of the season.

On Tuesday, June 22, at 6:30 p.m. the trials for the Canadian championships, to be held in Winnipeg on July 2 and 3, will take place here. These trials will be conducted under the auspices of the Quebec Branch of the A. A. U. of C. for the purpose of selecting representatives from this province for the events in the West.

Since Sunday afternoon the Russian shelling all along the whole battle front on the Lemberg from both the north and east has been pursued by our armies. Thousands of prisoners have been captured together with quantities of war materials. On the Lemberg front the enemy was compelled to evacuate the town. The Russians, lacking the troops of General Geyser Bluffin, but were repulsed at with heavy losses.

TRENCHES FILLED WITH DEAD. Paris, June 21.—Hard fighting has again taken place in the Woerthe district. Despite possible attacks by the Germans, the French were able to hold the trenches which they had captured. All trenches taken by the French in Lothringen had dead bodies, evidence of fierce fighting in that district.

BOMBARDMENT OF LEMBERG BEGINS. Berlin, June 21.—The climax of the German campaign against the Russians in the Woerthe district has been reached with the opening of the bombardment of Lemberg. The Teutonic allies are driving against Lemberg from the north, west and south.

RUSSIANS REFUSE TURKS. Petrograd, June 21.—An official statement from the Trans-Caucasian front on Friday attempted to take the offensive against the Teutonic allies are driving against Lemberg from the north, west and south.

BRITAIN'S DEFICIT UNCOVERED BY REVENUES NOW \$2,000,000. London, June 21.—The deficit of the British Government which cannot be covered by revenues is now \$2,000,000. An announcement to this effect was made in the House of Commons by Reginald Sprott, Chancellor of the Exchequer. Mr. McKenna announced that the prospectus for the supplementary issue of £250,000,000 would be issued to-night. It will be taken for the raising of indefinitely more for the government and carry on the war to the balance of the present year.

Premier Asquith announced that the bill for the general elections for a year would be introduced to-night.

Robert Cecil, of the Foreign Office, has guaranteed safe conduct had been given to German envoys and others working in America their safe return to Germany, except in the case of England were benefited.

SHOWERS AND LOCAL THUNDERSTORMS. From to-day, Tuesday unsettled, with showers and local thunderstorms.

RAIN WAS GENERAL YESTERDAY in the western provinces, while in Ontario and Quebec the weather was fine.

A somewhat important disturbance is passing over Nova Scotia and others are approaching the Lakes from the west and southwest.

RUSSIANS FALLING BACK UPON LEMBERG

Tenn. June 21.—The official statement says: Following the repulse of weak Italian forces, Enouchi and Monfalcone, quiet on the front since Friday. On the Christian front, the enemy shelled without result.

Last of the Passa Valley, attacks were made by a brigade, the enemy being heavily losses. At one point the corpses of soldiers were counted on the field after heavy fighting had been driven off.

Reporting operations against the I. statement says: "Continuation of strong offensive of the Austrian-German armies resulted on the battle at Magierow and Grodek, victory was won. During Saturday the Allied armies of General Boehm formed strong Russian positions on both Lemberg road. At the same time other troops everywhere penetrated the main positions."

Since Sunday afternoon the Russian shelling all along the whole battle front on the Lemberg from both the north and east has been pursued by our armies. Thousands of prisoners have been captured together with quantities of war materials. On the Lemberg front the enemy was compelled to evacuate the town. The Russians, lacking the troops of General Geyser Bluffin, but were repulsed at with heavy losses.

TRENCHES FILLED WITH DEAD. Paris, June 21.—Hard fighting has again taken place in the Woerthe district.
