

# HOT WEATHER

the season when a

## DE LAVAL SEPARATOR

saves most over any other separator or skimming system

IT'S A GREAT MISTAKE for any dairy farmer without a separator or using an inferior machine to put off the purchase of a New De Laval Cream Separator in the summer months, especially with butter-fat at the present unusually high price.

Great as are the advantages of the New De Laval over all other separators, as well as over any gravity setting system, at every season of the year, they are even greater during the mid-summer season than at any other time.

This is because hot weather conditions occasion greatest butter-fat losses with gravity setting, and render it most difficult to maintain quality of product with any gravity system or unsanitary separator, while, moreover, the quantity of milk is usually greatest, and any loss in either quantity or quality of product means more.

Then there is the great saving in time and labor with the simple, easy running, easily cleaned, large capacity New De Laval machines over all other methods or separators, which naturally counts for more at this time of the year.

Hence the great mistake of putting off the purchase of a New De Laval Cream Separator in summer, whether you already have a poor machine or none at all, and every dairy farmer should keep in mind not only that a De Laval will pay for itself in a few months but may, if desired, be bought on such liberal terms as to actually save its own cost while being paid for.

Every claim thus made is subject to easy demonstration, and every De Laval local agent is glad of the opportunity to prove these claims to you, in your own dairy, without cost or obligation on your part.

Why not see the nearest De Laval agent at once? If you do not know him, write to the nearest office for new catalog or any desired information.

Every New De Laval is equipped with a Bell Speed-Indicator

#### Bethlehem One Point Spark Plugs

serviceable and reasonable in price. Bethlehem One Point Spark Plugs are sold to you at a figure that is based on cost of production regardless of what other Spark Plugs cost.

### Fairbanks-Morse Auto Accessories

Only the best materials—only the best workmanship—only the best in service.

Price 60 cents.

The CANADIAN FAIRBANKS-MORSE CO., Limited  
Montreal and principal cities.

### Eureka Potato Digger

Gets the Potatoes and separates where other diggers cannot

A strong statement, but an actual experience many times, saving growers more than the cost of the Digger. Ask us for the proof.

The Eureka elevator and duplex shaker provide more separation than other diggers. Large wheels and main gears supply ample power. Mostly malleable and steel, avoiding frequent breakage and lost time. Growers report digging 80 or more acres without repairs. High clearance over shovel prevents weeds and vines bunching. Has vine-turner attachment.

6-ft. and 7-ft. sizes; several styles.

R. A. LISTER & CO., Toronto, Ont.

EUREKA MOWER CO., Box 1030, Utica, N.Y.

## Canada needs what You can Save!

"What we have got to do is not only to produce, but to save!"

Sir George Foster,  
Minister of Trade and Commerce.

THE part which Canada is proud to play in the Empire's war is costing more than we ever dreamed we could raise. If we are to make good financially, all must help!

If every man, woman, and child in Canada would save 15c. a day, and invest it in War Savings Certificates, we could carry the cost of the War.

War Savings Certificates make it easy for everyone to become Canada's partner—bearing a share of the burden—earning, and receiving, a share of the reward.

For every \$21.50 you lend the nation now, you will receive \$25 at the end of three years—an interest return of over 5%. Certificates are issued in denominations of \$25, \$50 and \$100, selling at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.

THE NATIONAL SERVICE BOARD OF CANADA,  
OTTAWA.

## BUILD A STURDY STAVE SILO

Cost Less and 100% More Durable
