SASKATCHEWAN BUFFALO ROBES

Received Highest Award at World's Fair. HAVE HAD SIX YEARS' EXPERIENCE IN CANADA.

We guarantee every robe to be absolute wind, water and moth proof, and will not wear bare in spots like a skin robe. They will dry quicker and never get hard, are as strong as leather and far more durable and warmer than any cheap fur robe. The robe is made in three parts—the Fur Cloth, the Astrachan Lining, and Rubber Interlining. All these parts are without seams. The increased sale of these Robes is the best evidence of their popularity. Others having noted the great sale and popularity of these Robes have undertaken to imitate them. We would caution the public that none are genuine unless bearing this Trade Mark. Manufactured by

Hops.

In hop culture the margin of profit is now very narrow. Those growers who treat their hop fields to liberal doses of fertilizers containing not under 8% actual

Potash

find themselves on the profitable side. Improved quantity and quality always result.

Our pamphlets are not advertising circulars booming special fertilizers, but are practical works, containing latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free for the asking.

It Suits the Farmers!

WHEN the Page Fence man went to England last summer to attend the International Railway Congress, he carried a score of splendid testimonials from the leading lines of railway in Canada and the United States. We are not allowed to publish these, but nearly all of them mentioned, among other reasons why they use the Page, that "it suits the adjoining farmers." These testimonials were so convincing that several English railways have since ordered car lots of the Page. It will pay you to investigate the Page fully this winter. Ask us to send you our free circulars and illustrated paper.
