ELECTRICITY.

In connection with his electrical treatment for all kinds of diseases, Prof. W. E. Bergman finds it necessary to secure more commodious quarters. He is fitting up apartments in the Moody block, 76 Yates street. A special feature of the Professor's treatment will be the electric-medicated and sweat baths, which will be fitted up as soon as the necessary apparatus arrives from San Francisco. Soapstone baths will be used with the electrical appliances.

IT WAS REFLECTING ON HIM.

A dude stood looking at the donkey in Russell McDonald & Co's window, when he happened to see himself in the mirror placed behind the ass. He exclaimed, "I believe those people intend to cast reflections on me."
