RE PATTERN SERVICE

It is very gratifying to find so many ladies who show their appreciation of our efforts to help them by using The Guide as the channel of their pattern supply.

This department is a costly one to The Guide, but if the management can see that the subscriber is benefitted it is felt that the expense is warranted by its usefulness.

Fireside is giving a good pattern service and the home seamstress can't do better than make her selection from this page.

The orders are sent in promptly every day and in the shortest possible time the patterns are hurried back to the various addresses.

It will be noticed that only patterns suitable for general country wear are published. Nothing ultra-fashionable or irrational in style is admitted to the page.

No new worker need be nervous or afraid to use the Fireside patterns. They are accurate and perfectly and plainly marked. Full directions for making are given with every pattern you buy; also the picture of the finished garment to use as a guide.

FASHION HINTS

Silk poplins are again fashionable for the one-piece gowns and separate waists. This season, however, they show a jacquard pattern in the same tone as the fabric.

For skirt trimming nothing is better than wide folds of the same material or satin of the same color used in folds. These are untrimmed.

8797. Semi-Fitted Coat for Misses or Small Women.

A Stylish Model, portraying some of the best features of the Season's Coat Styles. The semi-fitted coat is very popular, and especially well adapted for home sewing, as the arrangement of the seams makes the slight fitting that is necessary an easy matter. The two-piece sleeves may be finished with or without cuffs. The collar with its shaped revers over the open fronts depicts the latest idea in collar effects. Satin, crepe, serge, cheviot, broadcloth, or other coatings are all suitable for this model. The pattern is cut in 3 sizes, 14, 16 and 18 years. It requires 2 1/2 yards of 44 inch material for the 18 year size.

Velvet flowers are coming out for the winter, splendid convolvuli in plain or mixed colorings to be worn on velvet hats.

8619. A Practical Kitchen Apron.

Every woman whether she has to do the work about the house or not will find use for a simple, practical work apron, such as the one here pictured. It slips on and off easily and is the simplest of garments to make. Besides it is infinitely attractive and becoming, with its long lines and square cut neck. The usual apron materials are suitable for reproduction, such as linen, gingham, Holland and percale. The medium size requires 3 3/8 yards of 36 inch material. Cut in sizes Small, Medium, Large.

8820. A Modish Skirt Model.

Ladies Seven Gore Skirt with or without Tunic. This well cut stylish model may be developed in broadcloth for dressy wear, or for more serviceable use in serge, cheviot or diagonal settings and prunella. The foundation or skirt proper has seven gores, the one-piece tunic has the fronts crossed and is cut to form points at the lower edge. The pattern is cut in 3 sizes: 22, 24, 26, 28 and 30 inches waist measure. It requires five yards of 44 inch material for the 26 inch size.

HOW TO SECURE PATTERNS

To secure any of the patterns published in The Guide all that is necessary is to send 10 cents to The Pattern Dept., Grain Growers' Guide, Winnipeg, and state the number of the pattern, giving bust measure for waist patterns, waist measure for skirt patterns, and the age when ordering patterns for misses or children. It will require from ten days to two weeks to secure these patterns as they are supplied direct from the makers.
