PRICE:—1 CENT.

## DR. MOTT HOLDS FIRST MEETING IN THE CITY

Charmed Big Audience With Eloquence And Power  
BISHOP PRESIDED  
Theme Was Missions, Their Desirability And Needs

For some time now the many people in this city who are interested in moral and missionary progress have been looking forward to the visit of Dr. John R. Mott, who may rightly be described as the greatest of modern religious statesmen. Hence, last night, a large number of the clergy of the city and outports assembled at the Seaman's Institute to hear his address which was intended only for ministers of the churches.

The meeting was presided over by His Lordship the Bishop of Newfoundland.

**Great Orator**  
A great deal has been said and written of Dr. Mott, but when one listens to his marvellous oratory, clear argument and convincing logic, one is led to exclaim "The half has never been told."

The speaker emphasized the importance of the missionary movement and convinced his auditors that for her own protection as well as for the dissemination of the gospel, the Christian church must put on increased activity in this respect.

The forces of Christianity are at present facing an unprecedented situation, said Dr. Mott, a moment critical and alarming both at the home base and abroad. This situation is unprecedented.

**The Situation**  
(1) In danger; and (2) in urgency. The situation is unprecedented in danger because of the possible loss which will come if we fail to seize this moment, and unprecedented in urgency because so many nations are in a plastic condition, but will soon become fixed.

Great changes—political, ethical, economic, social and religious—are taking place in the non-Christian world. This is an interesting day in which to live. If Christianity identifies herself with the great national hopes her mission will go on or, if not, it must utterly fail. The disintegrating forces of a so-called Christian civilization are working in these lands, and we who have carried there the poison must now convey the antidote.

**Urgent Needs**  
The present situation is urgent, moreover, because of the cancerous growths of the non-Christian civilization, and we cannot play with cancers. Again, it is urgent because of a dangerous process of syncretism that is going on—the combining of the good in Christianity with the good in heathenism.

We are now confronting a harvest dead ripe, and we must follow our knocking by entering in. It is urgent, moreover, in order that we may enter into the heritage of the true working of God's laws. Some of these laws are:

**God's Laws**  
(1) The law of Christ-like living.  
(2) The law of Sacrifice—and our religion does not mean much if it does not mean this.

The rising tide of spiritual success is upon us in these lands—even in the most benighted sections, and the most helpless among the tribes of Africa, the "untouchables" of India, the aborigines of China.

Dr. Mott then described the situation in Turkey and China as he saw it 19 years ago, and now, and the contrast was startling. The stories told us of scenes in Constantinople and Stamboul, of students crowding to hear the message, and of similar scenes in Shanghai and Mukden were indescribable in their dramatic force and power, and in the thrilling effect they produced upon the audience. His interview with Sun Yat Sen of China was a wonderful narrative wonderfully told. He closed by reminding his audience that the situation demands:

**What Is To Be Done**  
(1) That we enlarge our plans and make them world plans.  
(2) A large and true unity, and

### EMPRESS FUNDS GROWS

London, July 2.—The Empress of Ireland London fund has now reached forty-two thousand pounds, and the Liverpool fund twenty-one thousand pounds.

### TO DISCOURAGE IMMIGRATION FROM THE EAST

That Class of Settler Regarded As Undesirable

### DON'T MIX WELL

With the Whites Or Take Well To the Conditions

London, July 2.—Developments in connection with the Hindu affair at Vancouver are being followed with the closest attention here, in conjunction with Washington messages, reporting grave apprehension over the Californian-Japanese difficulty.

The Washington correspondent of The Times reports that the whole tendency of American thought towards questions of race admixture is changing. Originally the objection to Asiatic immigration may have been local and class selfishness now has behind it the support of a rapidly growing public opinion. The correspondent says:

"There is an increasing nervousness about the inrush of aliens from Southern and South-eastern Europe. It is to be noted that immigration from Northern and Western Europe is comparatively stagnant, and that the industrial towns are becoming filled by an alien proletariat of low civilization and with nothing in common with Anglo-Saxon and American tradition.

"The melting-pot" conception of the National destiny is no longer the glorious certainty that it was. No more experiments in race admixture are wanted.

### TO PUT DOWN OPIUM TRADE

And England Decides To Co-operate With China

Peking, July 4.—Manchuria and eleven of the eighteen Provinces forming China power are declared to be free of opium. The British Government is satisfied this declaration is correct and has agreed, according to previous arrangement, that no Indian opium hereafter shall be permitted to enter these Provinces.

The Chinese Government sent instructions to the Governors of the remaining Provinces of the Republic to cut down the use of opium and has prohibited the cultivation of poppy before the end of the year.

### MORE HINDUS COME TO CANADA

Steamer Will Bring 250 Of Them From Calcutta

Vancouver, July 4.—From a semi-official source it is learned that a second steamer which has three hundred and fifty Hindus aboard left Hong Kong yesterday.

The second steamer is bringing all its passengers from Calcutta so that they may fulfil the requirements that immigrants must come from the land of their origin.

a more earnest expression of it on the field.

(3) A large reality in our faith and vision in the West, for we are to pass over Christ or we shall lose him.

(4) A larger dynamic in the ministry of intercession, and a stronger, more general leadership among those now in training for Christian service.

It was altogether worth while that the Christian leaders of this country came to this mount of opportunity, and we believe they will go back to their fields with the larger vision and the larger yearning that filled the heart of their missionary Lord.

## Man Found Under Pier Unconscious and Bleeding From Many Wounds

He Died Last Night Still Unconscious

Victim Is Thomas Fitzgerald, a Native of Bell Island Where The Affair Occurred.

Wounds Look As If They Were Made With Some Instrument.

Report reached the city this morning of the death of a young man at Bell Island yesterday, under very strange circumstances, and sensational developments are expected in connection with it shortly.

The victim is Thomas Fitzgerald, 26 years old, resident of the island, who was found under the Whitney Pier yesterday morning in a bruised condition and he died at 11 o'clock last night without regaining consciousness or giving any details of what happened him.

**Found the Body**  
At 4 o'clock yesterday morning as Thomas Kavanagh was on his way to work he saw the form of a man lying under the pier under the pier, and on investigating found it to be Thomas Fitzgerald, who was a "driver" with the N.S. Co.

His head was fearfully bruised and there were pools of blood which had flown from wounds inflicted on the head and face.

Mr. Kavanagh at once raised an alarm and the unconscious form was conveyed to his mother's residence and the doctor quickly summoned.

Our informant says that the wounds were of such a nature that the doctor was unable to sew them. The flow of blood was stopped as much as possible but the patient was so weak from loss of blood that he could not be revived.

The doctor did everything possible for him but without success. Watch was kept over him during the day and he spoke a few words but they were uttered incoherently, and conveyed no information as to what happened him.

**Passed Away**  
At 11 o'clock last night the young man died having baffled the efforts of the physician to keep him alive.

The tragedy has caused great excitement, and it is believed by friends that it is a case of murder.

The wounds could not have been inflicted by a fall, nor could they have been the work of his own hands.

A complete examination of the surroundings where the form was found was made but there were no signs of the instrument which had been used.

Deceased, who was born on the island, lived there all his life time and was well-known to all the residents. It was not thought that he had a single enemy which makes the affair all the more mysterious. Up to 1 p.m. I. G. Sullivan had no report of the foregoing.

### ALL PARTIES ARE AS ONE IN UNSTINTED PRAISES OF JOSEPH CHAMBERLAIN

DEATH CAME AS BIG SURPRISE

Death Casts a Gloom Over Entire London Season

London, July 3.—The Rt. Hon. Joseph Chamberlain died last night. His death, which came as an entire surprise, removes one of the most striking figures from British politics of a past generation. His health was not publicly known to be any worse than at any time for the past two or three years.

Mrs. Chamberlain, who never left her husband's side since he was stricken with paralysis seven years ago, and her son, Rt. Hon. Austin Chamberlain, were with him when death occurred at his London residence.

**Cast a Gloom**  
The event cast a gloom to-day over the London season, which was at its height.

Mr. Chamberlain's last public appearance was at a garden party in the grounds of his Birmingham home on May 6th last, when with his wife and son, he received several hundred of his constituents. The aged statesman was wheeled around on the lawn, and appeared very emaciated and feeble when he lifted his hat to his friends and neighbors in acknowledgement of their salutes.

**ARSONETTES BURN MANSION**

Belfast, July 4.—The arson squad of militant suffragettes burned to the ground Ballymenoch, near Holyrood, a great residential mansion containing many priceless art treasures, all of which were destroyed.

The mansion was the residence of the late Sir Daniel Dixon, of the City of Belfast.

**MANY TRIBUTES TO CHAMBERLAIN**

Redmond Says He Was A Truly Great Man

London, July 4.—All prominent public men pay eloquent tribute to John Redmond as being particularly generous when he said "Ireland has long forgotten all bitter memories in a feeling of sympathy at the pathetic spectacle of Chamberlain's long illness."

"He was a great man," The Pall Mall Gazette states that although burial in Westminster Abbey will be offered it is certain that the funeral will be at Birmingham with a Memorial service in the Abbey.

**Was Far-seeing**  
Sir Gilbert Parker said: "Chamberlain was the first Colonial Secretary who ever understood the Colonies and realized the greatness of their position."

Chamberlain's funeral, which according to his own wish will be a most simple one, will be held in the Messiah Unitarian Church, Birmingham, Monday; interment will be in Hockley Cemetery.

Mrs. Chamberlain throughout the day received numerous messages of condolence including telegrams from King, Queen Mary, Queen Mother Alexandra and other members of the Royal Family.

All the London dailies contain whole pages of appreciation with biographical sketches.

### WEATHER REPORT.

Toronto (noon)—Moderate variable winds, fair to-day and on Sunday, with higher temperature.

### GERMANY TO BUILD MORE CRUISERS

Berlin, July 2.—Announcement has been made that a new Naval Bill, providing for the construction of cruisers, will be submitted to the Reichstag this autumn.

### HOLD FUNERAL OF ARCHDUKE IN VIENNA

Ceremonial Service At Obsequies Of Victim

EMPEROR PRESENT

And many Governments Are Officially Represented

Vienna, July 4.—The funeral services of Archduke Francis Ferdinand and his wife were held at the Chapel of the Hofburg.

The aged Emperor and the new heir-apparent occupied seats in the oratorium at the right of the high altar, while the Ambassadors had places on the left. Twenty members of the Corps and Gentle-at-Arms in gorgeous uniforms stood at attention at the sides of the catafalque.

The Archbishop of Vienna, assisted by two Bishops, officiated at the service, which was very brief.

Later in the evening the children of the Archduke and Duchess, accompanied by Countess Chotek, proceeded to the Chapel and prayed by the side of the coffins of their parents. Their grief was heartbreaking.

### "ARSON SQUAD" IS BUSY AGAIN

Burn Down Historic Mansion At Holyrood

Belfast, July 3.—The "Carson squad" of militant suffragettes to-day set fire to and burned to the ground Ballymenoch, near Holyrood, a great residential mansion containing many priceless art treasures, all of which were destroyed.

The mansion was the residence of the late Sir Daniel Dixon, ex-M.P., who was Lord Mayor of Belfast.

Canton, July 3.—Reports received to-day say that 10,000 persons were drowned in west river floods, which this year are worse than usual, and that deaths from starvation in the affected district are numerous.

### DEATH MARS THE REGATTA

Sir Denis Anson Accidentally Drowned Near Henley

London, July 3.—While on their way to Henley Regatta early to-day, Sir Denis Anson was accidentally pushed off a crowded pleasure launch into the Thames, and drowned, together with J. C. Mitchell, who plunged into the water in an effort to save his friend's life.

Constantine Beckendorff, the Russian Ambassador, tried to rescue the other two men and narrowly escaped death himself. He was picked up in a state of collapse.

### MAY DEPORT UNEMPLOYED

Foreigners Out of Work To Be Sent Out Of Canada?

Montreal, July 3.—That thousands of unemployed in Montreal are in imminent danger of being deported to Europe, as the solution of the out-of-work problem, is frankly admitted by the immigration authorities here to-day.

All foreigners of less than three years' residence in Canada, who are out of work, who are charges, or have been charges upon the community in Montreal and other large cities, will be thus removed.

## LOSES MILLION BY JUDGMENT OF THE COUNCIL

Hon. James Dunsuir Loses His Case Against Mackenzie and Mann.

CONCERNED THE SALE OF VANCOUVER MINES. And Purchaser Get More for Their Money Than Sellers Thought.

Vancouver, July 4.—Hon. James Dunsuir, former Governor of British Columbia and the richest citizen of this Province, loses a million and a half dollars in an adverse judgment delivered to-day by the Privy Council at London.

Four years ago Dunsuir sold his coal mines on Vancouver Island to Sir William Mackenzie and Sir Donald Mann for \$11,000,000. The new owners claim they bought the current account in the banks as well as a couple of steamers used in the coal carrying trade between Union and San Francisco.

Dunsuir thought so little of this theory that a few days before the transfer occurred he declared a dividend to himself which wiped out the balance in the bank of several thousand dollars. He also claimed that the coal mines alone were sold and not the steamers.

The Privy Council has decided in favor of the new owners with costs.

### VERY FEW TAKE CARDEN'S ADVICE

Only Thirty-six British Subjects Leave Mexico

Vera Cruz, July 4.—Twenty children, fourteen women and two men composed the entire party of British subjects which arrived here to-day from Mexico in obedience to the advice given Englishmen by Sir Lionel Carden, British Minister, Mexico, that they take their families out of the country temporarily.

It is expected that the majority of the British Colony at the Capital which number 8,000 as registered at the British Legation will remain at Mexico City.

### ENGLISH ROWERS ARE RULED OUT

Two American Crews To Row Henley Finals

Henley-in-Thames, July 3.—All doubts as to the destination of the Grand Challenge Cup this year were dispelled to-day when the Union Boat Club of Boston defeated the Mayence Rowing Club and Harvard secured the second eight heat against Winnipeg in the semi-finals.

**Two American Crews**  
The prediction of Robert F. Herick, the American coach, has thus come true, and two American crews will row up the course here to-morrow in the final, for the edification of English oarsmen. Both American combinations did the distance of 1 mile 550 yards in fast time, 7 minutes flat, which had been beaten only on three previous occasions. Their performance, therefore, gave promise of a great race to-morrow.

**Style Preferred**  
Although Englishmen prefer the Harvard style and conditions to that of Boston, after to-day's race, Obetes, coxswain of the Boston crew, said, "We got all the lead we ever attained in the first fifty strokes. We could not get away from them."

Harvard and Boston row off to-morrow afternoon. Lady Hambleton will present the prizes.

### ROOSEVELT NO LONGER EDITOR

New York, July 4.—Roosevelt has resigned from the editorial staff of The Outlook. Lawrence Abbott, one of the proprietors, said there had been no break in the pleasant relations between the Colonel and the magazine management.
