Nuptial Notes

************** MURPHY-MALCOLM

The following will be interesting to many Brantfordites: A very pretty wedding was solem-nized in St. Francis' Roman Catholic Church yesterday by the Rev. Wm McCann, when Miss Mary Malcolm was married to Mr. Frank Murphy. The bride, who was given away by ther father, wore a Saxe blue broad-cloth suit with large blue velvet hat and peach trimmings. The brides-maid, sister of the bride, wore a Belgian blue suit, with hat to match. The best man was Mr. B. Crooke of Brantford. A reception was held at the home of the bride's sister, Mrs.

Daily News Despatch Tells of Germany's Efforts Since War Started.

By Special Wire to the Courier.

London, Sept. 23 (In Montreal Gazette)—The Daily News says: "Bulgaria has been the centre of ceaseless German intrigue in the Balkans ever since the war broke out, and latterly, especially, the Kaiser has lavished flattery on Ferdinand. In August Prince Hohenlohe bore an autograph from his Imperial master to the czar of the Bulgarians, in which the Kaiser remarked he regarded the Bulgarian nation as the most rigorous of all the Balkan races and wished to strengthen his friendship with it. As recently as the past week-end the Duke of Mecklenburg, the German Emperor's envoy in the Ealk. ns, had an audience with Ferdinand to whom he presented the Iron Cross of he first-class.

"According to an unconfirmed mes. sage of German origin from Copennagen and Paris, the Duke, on his way to Vienna, also had a long interview with the King of Roumania on board the royal yacht Braila, on the Danube. The reason of Germany's cultivation of Bulgaria's friendship is sufficiently explained in an artcle of Theodore Wolff, in "The Berlin Tageblatt" last month. Bulgaria is the road by which, once the opposition of Roumania and Serbia is removed, Gernany can send the needed munitions

to the Turks at the Dardanelles. "German sentiment toward Bulgaria took the practical turn this year of substantial installments of a loan of \$20,000,000, concluded between the Balkan state and a group of German bankers before the outbreak of the war, in return for important economic concessions. It was repeatedly prottested, however, that no political or military engagements were contracted

with the loan. "The German intrigue has been supported by Turkey, which, is now well known, concluded an agreement whereby Bulgaria obtains the important concession of 965 square miles of territory, including the railway staion Adrianople and the readjustment

of the Karagatch frontier line "Radoslavoff, the Bulgarian premier, lately declared to an interviewer country was prepared to enter into the war so as to receive guarantees that by her action she would obtain the restoration of portions of Macedonia lost after the second Balkan war. Following this declaration it has become officially known that the entente powers had made representations to Serbia, who, in the interests of the allied cause, took a conciliatory attitude. Proposals were also made in notes to the Bulgarian government itself. These, it is understood, included pledges that the entente powers would obtain consent of the Serbs, Greeks and Roumanians, to concessions already suggested. The ast re-

ply to the Bulgarian government to this series of representations was delivered on September 14, having according to an Athens' message, been delayed as long as possible."

London Globe Gives Details of Rather Queer Contract

By Special Wire to the Courier.

London, Sept. 23 .- Great promin ence is given by "The Globe" to-day to what it describes as the scandal of sulphuric acid. "In the spring of this perty held in Ontario, \$250,000 is comparatively small. The applicants for and sufficient, doubtless, but which The first business meeting of the Junior Hospital Aid for the Fall season was held in the Y. W. C. A. on Wednesday, Sept. 22, the president, Miss Preston, presiding, and twenty miss Preston, presiding, and twenty miss Preston, present. The minutes cause of the delay.

The first business meeting of the Junior Hospital Aid for the Fall season was held in the Y. W. C. A. on Wednesday, Sept. 22, the president, burgh; and Wm. Carson. The death of the last executor has been the member of the cabinet, was commissioned to have large quantities of sulioned to buy large quantities of sul-

country we will not stop to inquire." "The Globe" asserts that the methe acid were defective, and hundreds acid was held up in New York for two months. Two steamships are said to have been damaged so badly that there was nothing to do, but to buy

them at a cost of \$300,000. in proper vessels, and who has made good to the owners, Tennant and Company or the government.

Completes First Lap.

By Special Wire to the Courier. Oswego, N.C., Sept. 23.—The Curis flying boat, which is attempting a record flight of 800 miles in continuous over-water trip by flying twice from Toronto, Oswe o and return, completed the first leg of the trip to-day when it reached the entrance of Oswego harbor at 8.48 a.m. The craft was flying about 1800 feet above the water when it appeared here.

HITTING HUNS

British M. P. Puts Number Down as Fifty, and Asks Question.

London, Sept. 23.—Among other matters discussed in the House of Commons last night was the adminisation of the Press Bureau. M Hogge complained that the country was kept in ignorance and had to get the news of the British fleet by way of New York. He added, as one of the facts which he could not understand why the Government concealed that "since the outbreak of the war we have sunk 50 German submarines." "Every body knows this. I have mentioned it in speeches, yet the press is not al lowed to publish it."

LOSS IS 80 PER CENT.? Providence, R. I., Sept. 23 .- The Providence Journal says this morning The reason why the German Gov. ernment has consented to change its submarine methods is because more than 80 per cent, of its submarines have been destroyed and its underseas warfare brought to complete failure within the past two months.

It is positively known that since April 1 the following boats have been destroyed: U-9, U-15, U-16, U-18. U-22, U-23, U-24, U-5. U-2. D7 U-4, besides four unnumbered boats of what is known as the Augsberg twocycle motor type, and three of the Nuremburg motor type, which apparently have carried no numerical designation whatever.

These boats mostly were destroyed by the great iron nets placed in the paths of the submarines by the Brit-FOUR MONTHS HARVEST.

The operations under the present nethod have lasted over a period of

four months, and they would have been brought to a successful comple tion many weeks ago if the British naval authorities had realized that ome of the mechanical contrivances made use of were not fit for the work. Sixty-seven German submarines, 28 of which are declared to have been of the newest and latest construction, have been sunk and their crews destroyed by the British navy since the 5th day of May. It is stated on positive authority that the full capacity of the German shipyards for underseas boats is not more than three a month, but that even if Germany were able to replace her submarines as fast as they had been destroyed, the most grave situation she faces in regard to this method of warfare is the actual destruction of the morale of the officers and crews of such vessels.

No Final Decision Yet.

By Special Wire to the Courier. Montreal, Sept. 23.-While indica tions are that the Intercollegiate Rugby Football Union will suspend operations this Fall, the final decision will not be made until Saturday at a meeting to be held in Kingston when the question will be settled, Mc-Gill are very anxious to continue the usual schedule, but Toronto Varsity are equally determined to discontinue
