THE RIVER AT PRINCE ALBERT

C.N.R. ACCEPTS SASKATCHEWAN GOVERNMENT'S PROPOSAL FOR UNDERTAKING

Work to Be Started Immediately on Joint Railway and Traffic Bridge of Steel and Cement Construction to be Completed by Nov. 1st, 1908 -Railway to Be Extended at Once to Battleford

the West.

From Monday's Morning Leader MacKenzie, president Canadian Nor- lowing morning that the remains of took up with the government several matters affecting the province and particularly the construction of a joint traffic and railway bridge over the Saskatchewan river at Prince Albert. The government submitted to which they were prepared to Mr. MacKenzie was entertain. unable to decide whether or not the railway Company would accept the government's proposal until he returned to Toronto. On Saturday evening, however, the government received from Mr. MacKenzie a telegram accepting their proposition and stating the Company's intention of proceeding with the bridge.

The contract it is understood provides for the construction of a joint railway and traffic steel bridge on cement piers with a roadway on each side of the railway track to accommodate the traffic. The Company are to commence the construction of through to Prince Albert five thous- earth. mediate extension of the railway from beck was 27 years of age, unmarried, Prince Albert westward through and came to Prince Albert from Bo Shelbrook to Battleford.

ESTEVAN SPORTS

Good Racing-Estevan Beat Milestone in Baseball Tournament

ESTEVAN, July 31.-A glorious day with glorious sport was the unanimous verdict of everybody that was at the Estevan race meeting yesterday, about 3,500 people being present. Visitors poured in from N. Dakota on the early morning train. From the east they came in on the special and from the west on the 11 o'clock

in to enjoy the sport. The Halbrite Brass Band was engaged to discourse sweet music throughout the day. The grand stand and grounds were alive with colour, ladies in pretty dresses, gentlemen with favors and badges on, and horses and rigs decked prize by a score of two goals to nil. out with all the colours of the rain-

train and from north, south, east and

west, farmers and their families came

A splendid day's sport was witnessed, the results being as follows:

3.00 Trot or Pace

The Chiltern Hundreds

Government is full of "make be ieves," especially in England. One of the "amiable traditions" of the British system in that a member of Parliament cannot resign his seat But although he is not allowed to resign he may nevertheless retire from Parliament at his pleasure. The thing is easy; he merely asks to be lundreds. It is the theory of the British Constitution that when member of Parliament accepts office under the Crown, he must obtain the consent of his constituents. Thus his seat is vacated; and he must be elected again after his appointment f he wishes to accept the new office A member who wishes to retire from Parliament applies for nominal office of steward of the Chiltern Hundreds, is appointed, thereby vacates his seat, and then immed

iately resigns his stewardship, that the position is open for the nex A crown steward is custodian
