WEDNESDAY, DECEMBER 10.  
THE CYCLISTS' MOVEMENT.  
In inaugurating an agitation which it is hoped, will result in certain concessions to cyclists the Maple City wheelmen are certainly well within their rights.  
While much may be said, perhaps, on both sides of the proposition to allow them the use of the sidewalks, the justice of granting them certain privileges within prescribed limitations will not be questioned.  
In a city where the roads are practically impassable for wheels about eight or nine months in the year, the Council can well afford to be generous in their cycling by-laws.  
There should be a large attendance at the wheelmen's meeting on Thursday evening when the proposal will be discussed fully.

"WHO'S WHO?"  
Isn't it about time those citizens who intend to offer their services to the civic wheel next January began to "get busy?"  
In a little over three weeks the municipal elections will be upon us—and so far comparatively little has been heard of prospective aldermanic candidates.  
Next year should be an important one in Chatham's civic annals. The city needs a strong, straightforward and vigorously energetic Mayor and Council.  
Come, gentlemen with municipal aspirations, declare yourself and give the ratepayers a frank statement of your position on the various civic issues.  
Who's who?  
We think we have discovered the true inwardness of it; Willson is going to publish the Long-Felt-Want—Hamilton Spectator.

WHERE WE DON'T FIGURE.  
Windsor Record.  
In the classified list published of the whiskey drinkers, soaks and hypocrites in Chatham, who signed the anti-prohibition manifesto, we do not see the names of our two contemporaries. Probably this is an oversight.

WHAT FOOTBALL IS LIKE.  
Hartford Courant.  
A Bowdoinham farmer saw the Bates-Bowdoin game at Brunswick the other day. A neighbor asked him about it. "Nothing to tell," he said. "Just let twenty big hogs out on a soft field any day and then throw down a peck or so of corn in a sack, and see 'em go for it, and you'll know 'bout what a game of football looks like to a farmer."

CHATHAM'S ESCAPE.  
Blenheim Tribune.  
In our last week's issue we reported Elder Evans as having predicted for Chatham a like fate to Sodom and Gomorrah, during the course of his temperance address at the Opera House, on Sunday evening. This was an error, which we desire to correct. What Mr. Evans said was that if Chatham had existed in the time of Sodom and Gomorrah it might have shared a fate similar to that of the doomed cities.

Love that breaks hearts knows best how to flatter them.

## Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.  
The vital functions are impaired, food does not nourish, and the whole system is run down.  
A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for John Y. Paterson, Whitby, Ont., it will do for you. He took it as a tonic and general builder of the system, and writes: "I have found no remedy to compare with it as a restorer of vitality. It drives away that tired feeling, quiets the nerves, and brings sweet refreshing sleep."

**Hood's Sarsaparilla**  
Promises to cure and keeps the promise. The earlier treatment is begun the better—begin it today.

Fully Informed.  
Naggsby—Do you know the Golds-bys?  
Waggsby—Do I know them! Didn't our hired girl work for them a year just before coming to our house?

Well Off.  
Tody—Jennie tells me young Wood proposed to her last night.  
Viola—I don't think I know him. Is he well off?  
Tody—He certainly is. She refused him.

In a Brown Study.  
Architect—Have you any suggestions for the study, Mr. Quickrich?  
Quickrich—Only that it must be brown. Great thinkers, I understand, are generally found in a brown study.

Just a T.  
A "T" will work wonders if properly applied. It makes tough bought, turns here to there, makes tone out of one and transforms the phrase "allow his own" into "tallow this town."

## JUST ONE MORE STRIKING CURE

Heart Disease and Kidney Complaint Banished by Dodd's Kidney Pills.

Dame Aime Moreau, Postmistress of Weeden, Tells of Her Complication of Troubles and How Easily She Got Rid of Them All.  
Weeden, Que., Dec. 8.—(Special)—Dame Aime Moreau, Postmistress here, tells a story of her cure of a complication of ailments arising from diseased kidneys that would be considered wonderful if similar reports were not coming from different parts of the country almost daily. However, the Postmistress story is so well authenticated that it will prove interesting to all those who are suffering from Kidney Complaint in any form.

"I fell a victim to several Kidney maladies," says Dame Moreau, "the most severe was Heart Disease, but I also suffered from Backache, Bladder Trouble and Rheumatism. I took medicine, but nothing did me any good till I tried Dodd's Kidney Pills. I have taken three boxes and now no pain and am so well that in my advanced age I do all my own work. I say that Dodd's Kidney Pills are good for all Kidney Diseases. I recommend Dodd's Kidney Pills as the best remedy for me that I have ever used."

"All the persons who would like to get information can apply to me. I shall always be disposed to give them all the information they desire."

Dodd's Kidney Pills cure all Kidney Complaints. They make the old feel young again.

**\$100 REWARD, \$100.**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient health and strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## LETTER BOX

VIEWS OF CAMPAIGN.

Editor of Planet:  
Dear Sir,—Now that the fight is over permit me to say that during the contention I, like Mrs. Solomon Smith, have been looking on and drawing my own conclusions and was astonished at the terribly unkind spirit manifested by many who called themselves Christians. How unkind and unchristian they profess to serve and command to love our enemies, etc., instead of which they go about saying vote as I want you to or I won't deal with you. There are many good Christians in Chatham who said they couldn't conscientiously vote for that Act as they thought it would lead to deception and more sin, but they would not sign the manifesto because they knew it would hurt them in their business, and yet people will go and deal with such rather than those who are not ashamed to let it be known what opinions they hold. This about voting is living in a free country and could at least express our opinions without being boycotted by so-called temperance people. I for my part think them very intemperate in speech and action in Christian charity. Why had those men who signed the manifesto to be looked down upon and decided all the time and at the meeting by the opposer party. They were at least honest men. Wounds have been inflicted in this contest which may never be healed in this life, and the best of friends made enemies. This about not be, for my part, I think no less of anyone who differs in opinion from me, provided they do so in the spirit of charity. I should like to see the treating system stopped; it would do away with very much of the evil.

HONESTY VS. DECEPTION.

## WORLD OF SPORT

FOOTBALL  
WINDSOR SHOWN UP.

It is our disagreeable duty to inform the sporting element of Windsor of the sad downfall of the local football team Saturday afternoon in Walkerville. In a word, they were defeated by a score of 2 to 1. The footballers from the little town of Darrell, a bunch which cannot be found on the map, cured the Windsorers of a case of enlargement of the head by beating them by the decisive score of 2 to 1. The local players were undoubtedly severely handicapped by the absence of several of their best players. McAlpine was off the forward line and Thornburn was the half-backs took advantage of the wind during the first half and to a considerable extent had their own way but could make but one goal. The ball was shot from outside and left the goalkeeper knocking it off. Against Lyons, who charged it in. This ended Windsor's scoring. The Darrell boys, although much lighter, seemed to be taking things easy. They would occasionally make a dangerous rush at the local's goal, but the defence quickly disposed of any possibility of scoring. The work of Windsor's team was rather disappointing to its supporters and the lack of practice was evident from beginning to end. Little or no combination was attempted, and when the ball was brought forward in front of the goal it was either shot wild or lost and returned to the other end of the field.

The second half reversed conditions. Darrell was not long in taking advantage of the wind. By fast team work they rushed the sphere to Windsor's goal and scored. The home team took a rather disheartening turn. The game was interesting for every body and both goal-keepers had ample opportunity to prove their metal. About 15 minutes before time was called Darrell scored another goal and the boys were playing like Trojans. Excitement among the spectators reached the fever point and it was impossible to keep the yelling shouting mob of rooters off the field. The locals were having the better of the contest at this stage of the game and many poorly directed shots were driven at the visitors' goal, but the hard, slippery ground was much to blame for the bad shooting, and the contest ended with Darrell ahead and in the best position to win the championship of the Peninsula League. Darrell certainly deserves great credit for the true sportsmanship that they have exhibited this fall. The team has had innumerable difficulties to surmount but they have overcome every obstacle without failure. Three nights a week the boys have practiced, many of the players going miles to play. The new game is to be played next Saturday in Chatham and, although neutral grounds, the Maple City people have never borne any great love for the athletic representatives of Windsor. The locals, however, will have a team vastly superior to the one which played in Walkerville Saturday and if they are beaten again Darrell will have to play much harder than they did here.

—Windsor Record.  
Surely this can't be the same Windsor-Record that recently talked so glibly about its great football team and laughed so scornfully at the "easy practice team" from Darrell!

What's that?

## Consumption is Like a Plant.

No matter how much corn falls on a bare rock, it won't grow there. Neither will consumption germs grow in perfectly healthy lungs. But if the lungs become weak and inflamed they are good soil for consumption germs, and if these enter they may take root and grow.

There is no medicine that will directly weed them out. The thing to do is to make the lungs so healthy that the germs will have to stop growing because there is nothing for them to thrive on.

The lungs must be nourished with plenty of good blood, kept pure by breathing pure air. There must be more sleep; less work and worry. Perhaps some medicine. The doctor will know.

The most important thing is nourishment. When the body is weakened by consumption, the digestive powers cannot obtain from ordinary food enough of the elements needed to make good blood. The lack is best supplied by the use of Scott's Emulsion. It is extremely rich in the substances which make good blood, and it also helps the digestion to obtain nourishment from ordinary food.

Scott's Emulsion is a food-medicine; not a stimulant; not a mere "extract" or so-called "wine" of cod liver oil. It contains the whole oil perfectly emulsified, which is the only way of preserving its valuable properties. These are united with hypophosphites of lime and soda into a combination which rapidly builds healthy tissue throughout the whole body, and particularly in the lungs.

We'll send you a sample free upon request.
