He referred generally to the improvement in the Bank's position indicated by

Since the previous Annual Meeting the Bank has moved into its handsome ten-storey building in Montreal, in which every office was rented. This building, after charging a moderate rental to the Bank, is now netting a clear 5 per cent. on the total investment. The balance of the items under this heading represented only \$1,800 per Branch for furniture, safes, vault doors, etc., all of which were of good value, as \$30,000 have been written off these assets to date.

The General Manager stated that during the past year the Bank had received applications for 2,893 discount accounts, of which 1,714 were declined. He also referred to the fact that when the Bank opened its doors on 1st May, 1902, the Sovereign Bank was 32nd on the list of chartered banks, while on the 30th April, 1906, it had moved up into 15th place in point of paid-up capital. He did not intend, however, that the merits of the Bark should be conveyed to the shareholders by such comparisons, but rather by inviting

Subsequently at a meeting of the Directors, Mr. Randolph Macdonald was elected President, Mr. A. A. Allan First Vice-President, and Mr. D. M. Stewart Second Vice-President and General Manager.

Ghost or Illusion?

A minister of the gospel, according to this tale, was walking to and fro in a long passage that ran through the house and medication. house and meditating upon his next sermon. There brushed by him a housemaid. He watched her pass and enter his study. Fearing that she would disarrange his papers, he hurried would usarrange his papers, he hurried after her, went into his study—and no one was there. No means of egress was possible but by the one door through which he had seen the girl enter. He rang the beil and—the house the same down from the top of the mald came down from the top of the house, where she had been performing her duties. And the unusual part of the story is that nothing happened-no one sickened and died. The young woman married happily. And yet that minister of the gospel is sure that he saw that housemaid pass him. Nor to this day does his stout and happy matron know that she was ever in two

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time points plainly to the error. Practically there are but two ways to accomplish anything; a right way and a wring way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stiches and twitches, others with cricks and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plasters, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the treuble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're is made for the kidneys only. When the kidneys fall in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning of oi brings you nearer to urinary disorders, Diabetes, Bright's Disease, etc.

Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from bachache. Mr. Fred Gray, Good Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

Motion For the Names of North Atlantic Trading Co.

Senator Lougheed Said "the Company Had Been Shown to Be a Fictitious One, Formed of Creatures of Mr. Preston-Senator Ferguson Puts Pertinent Question: "What Is the Use?"-Government Behind Witness

Qttawa, June 14 .- In the Senate yesterday afternoon Senator Macdonald moved for a statement containing the names of the persons composing the North Atlantic Trading Co. He could see no reason for secrecy in the matter. The expenditure of the people's money was involved. Witnesses had refused to answer questions before the committee of the House, and had been sustained. of the House, and had been sustained in their refusal by the Government sup-

He believed the Government had nothing to do with the formation of the North Atlantic Trading Co., but that it had been arranged by Messrs. Presson and Smart with the knowledge of the Hon, Mr. S. fton.

He thought the Government and the Liberal members of Parliament regretted the contract having been entered into.

He doubted if the company was an honest one, and favored the names of the people composing it being given, no matter what the consequences were

Mr. Scott: "He swears to it. Jury declared he did not believe in a God, so his evidence is not very binding."

Serious Responsibility.

Mr. Lougheed said the Government had taken a serious responsibility in entering into the contract. It had pald out money under it. It could not be shown that services had been rendered for the money paid. The statement that the members of the Government did not know of the contract and did not know of the names of the members of the company did not relieve them from responsibility.
