If her system is in a deranged condition, or she is predisposed to apopleay of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. I am the mother of three children, and when I reached the age of fifty naturally my health was none too good, and I feel sure that if I had not taken your Vegetable Compound I should not have passed the climax safely. I took it off and on for two years and now find that I am in splendid health and strength and feel younger and better than I did ten, years ago. Healey Falls Water Power Lease Toronto, Sept. 5.—Hon. Frank Cochrane, Minister of Lands and Mines, handed out an official statement of the Healey Falls water power lease to the Northumberland-Durham Power Co., in which he denied emphatically that the Government had ever over-ridden or ever proposed to over-ride the powers vested in the Hydro-Electric Commission. The statement also contained the details of the lease, which, Mr. Cochrane said, he was at any time prepared to justify and defend.

The following letter was received recently from Harding, one of the

To the Editor of The Express:
Sir,—I arrived safely on Sunday last, after a rather rough voyage. We were two days everdue when we arrived at Quebec. The item that caused the greatest excitement on board was the arrival of the four-penny men. Enquiring at the station, I found I had four miles to walk. On arriving at the farm everybody was in bed. We were sorry, but had to knock them up. Toronto, Sept. 4.—Receipts of live stock at the city cattle market sinde last Friday, as reported by the railways, were 60 car loads, composed of 758 cattle, 370 hogs, 1963 sheep and lambs, with 163 calves.

Trade dull, few offering, 2 loads being sold at \$4.75 per cwt.; export bulls sold at \$3.50 to \$4.25 per cwt.

The demand for veal calves was good, with prices firm for all of choice quality. Sheep and Lambs.

Sheep and lambs were easier in price. Cables for export sheep came lower. One local dealer received a private cable that gave the best export sheep at 12c as being the top price on the English markets. Export ewes, \$4.40 to \$4.60; bucks, \$3.25 te\$3.75. Lambs sold lower, but it must be remembered that the Toronto market is being flooded with an inferior lot of small Lmbs and bucks that are not wanted at Buffalo. Mr. Dunn reports 90 per cent, of the lambs coming to Toronto as bucks. Prices ranged from \$5.50 to \$6.15, but there were a few picked lots of ewes and wethers brought a little more.

The run of hogs was light, but prices remained seady, at last Friday's quotautions. Mr. Harris was paying \$6.40 for selects and \$6.15 for lights and fats.
