LAW LECTURES FOR WOMEN

This is the suggestive title of a little pamphlet recently received, and a perusal of its pages has suggested the thought that a brief review for the readers of this column might be found interesting.

Some years since a few earnest women "awakened to the density of ignorance of their sex in legal matters, formed themselves into the Woman's Legal Education Society.

The first lecturer before the new Society, which was now under the fostering care and protection of the University, was Dr Emily Kempin of Zurich University.

Later by Prof. Russel, "who occupies a prominent place on the University staff, and who by his thorough and broad presentation of the subject, has rendered the class a source of pleasure as well as great intellectual profit."

The question of the advisability of the admission of the feminine element to these lectures at all, as they are directed entirely to the enlightenment of each woman, in just the place and station which she now occupies, not to the hope of revolutionizing the entire sex into nineteenth century Partis, as some seem to imagine.

It simply means that an opportunity is at last open to intelligent women, who have no time to spend on long tiresome years of legal study, to obtain a general, accurate and livable knowledge of the history of our Nation, State, politics, laws and rights, at the outlay of a few dollars, and three hours of time per week.

The first course as now presented begins with the general history of the origin and evolution of law, public and private, in war and peace; studies on our Constitution, its development and what it means to each of us and an enlightenment on many of the vexed questions of our judicial system.

This gives an intelligent groundwork upon which to build the superstructure of the following courses, which treat of law as more directly applied to the individual, to us and our interests. The legal relation between husband and wife, parent and child, master and servant; wills and succession, and a multitude of subjects which at best are very hazy and vague, in the mind of even the most enlightened woman of the day, who have had no opportunity to study the matter.

In the third course the questions of contracts, both of marriage and of the more material business world, are carefully studied; of agents, partners, copyrights, patents, etc., etc., all presented, not in a dry formal manner, but imbued with a lively interest which cannot fail to entertain as well as instruct.

Investments, real estate, leases, mortgages, damages and torts, and even pleading and evidence, form the subject matter of the last course. Each of the lectures is prefaced by a "quiz" in which those who desire may partake, and at the close of the year there is an examination held under the patronage of the University, for those who have taken the entire course, and who wish to avail themselves

of this opportunity for review. For the successful passing of this examination, the University presents a certificate, and a prize scholarship is awarded to the student whose paper ranks first.

The classes have been composed of women of varied views and ideas, all united in an earnest desire to avail themselves of this grand opportunity. Students come to eat of this tree of knowledge to better fit themselves to train the young minds committed to their care into intelligent citizens; business women to enlarge their powers, by a fuller understanding of the laws which govern the business world; and others purely for the personal satisfaction which accrues from a higher intellectual development.

In the words of Judge Noah Davis, who recently addressed the Alumni of the Woman's Law Class, "The women of New York, in organizing this first woman's law class in America, have taken an initial step in the advancement of the higher education and enlightenment of the sex, and as its power for good becomes known, similar societies will spring up throughout the whole United States, spreading in benefit and influence, like the public tree, whose shade grows broader and broader, until it spreads from shore to shore."

RHEUMATISM AND DYSPEPSIA

Combination of Troubles which made life miserable.

Mr Eli Joyce, relates His Experience With These Troubles—Could Not Retain Food and Thought to be Beyond Hope of Cure—But Relief Came and He is now a Well Man.

From the Centinook Que Observer. The readers of the Observer have become familiar with the remarkable cures effected by the use of Dr Williams' Pink Pills for Pale People through their recital in these columns, as taken from other reputable newspapers. It is our purpose to tell them of a cure, hardly short of miraculous, which was effected on a person with whom many of our readers are acquainted. We refer to Mr Eli Joyce, formerly of Dixville, but now living at Averil, Vt. A few days ago we saw Mr Joyce and asked him about his recovery. He stated that for four or five years he had been afflicted with rheumatism and dyspepsia. He was laid up and unable to do anything on an average four months in a year and was constantly growing worse, although treated by good physicians and trying numerous remedies recommended. A year ago last August he was taken seriously ill while at his sister's, Mrs Dolloff of Dixville. He could not retain anything on his stomach and the physicians who attended him were powerless in improving his condition. One of them stated that he had cancer of the stomach and could not live long. It was while in this precarious condition that he determined to try Dr Williams' Pink Pills, and before long was able to retain food on his stomach. His pain gradually became less and in six weeks time he was back to his home in Averil, feeling that he had obtained a new lease of life. He continued taking the Pink Pills for some time longer and gained so much in health and strength that he is now able to do the hardest kind of day's work, and he frankly gives Dr Williams' Pink Pills all the credit for his rejuvenated condition, and says he believes their timely use saved his life. The Observer has verified his story through several of his neighbors, who say that it was thought that he was at the point of death when he began the use of Pink Pills; in fact when we mentioned his case to one of the doctors who had attended him he said he supposed he was dead long ago. When such strong tributes as these can be led to the wonderful merit of Pink Pills it is little wonder that their sales reach such enormous proportions, and that they are the favorite remedy with all classes. Dr Williams' Pink Pills contain the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of influenza, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppression, irregularities and all forms of weakness. In men they effect a radical cure in all troubles arising from mental worry, overwork, or excesses of any nature. Dr Williams' Pink Pills are manufactured by Dr Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., sold in boxes (never in less form) by the dozen or hundred and the public are cautioned against numerous cheap imitations sold in this shape at 50c a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr Williams' Medicine Company, at either address.

The Kent Case. A Visit to the Works of the British North American Note Company.

Ottawa, April 8.—A visit paid yesterday to the works of the British North American Note Printing Company is whose employment is Mr G. H. Kent the report of whose recovery from Bright's disease with all its accompanying horrors of swollen limbs, convulsions, coma, and fearful pains, has been the cause of so much discussion in the city, showing that he is still in the enjoyment of the health which he has gained by a judicious use of Dr. Williams' Kidney Pills.

For a man who may be said to have had one foot in the grave, and whose health is despaired of, he presented a remarkable picture of health and vigor, and put out any indication of weakness. He is found in the privacy of the room which cured him.

Dock Blood Purifier CURES

I was sick one whole year with Liver and Kidney disease, confined to my bed. Two doctors attended me and at last I was able to get up, but in an extremely critical condition. My mother begged me to try Dock Blood Purifier, as it was like a drowning man grasping for a straw. I tried everything before, I sent for a bottle, seven of which cured me and I am now well and Dock Blood Purifier saved my life.
