Bathurst News.

The Gloucester Lumbering Co. has commenced sawing. This new concern have their mill on the Middle River about four miles back from the Village, and their operations give employment to quite a number of extra hands.

"Driving time" generally speaking is around again and large numbers of men are ready and anxious to proceed up river when the flood comes. We understand that the foremen representing our large milling firms have their full quota of men—Wages are much better than last spring and men are being paid from \$1.40 to 2.00 per day.

Every day some men are being sent up to the heads of the streams so that everything will be in readiness when the rush of water comes which like "time and tide wait for no man"

Festal Easter has once more come and gone—Large masses attended the churches in town and Village where special programmes were sung by the choirs in a very efficient manner.

We notice Mr. Joseph Doucet has removed his emporium from corner of King and George Streets to Water St. Mr. Doucet has rented the Meahan Store and dwelling which has been renovated to suit his purposes as a residence and barber shop.

In this connection we have also noticed a decided improvement with Mr. Ellis's tonsorial parlours. The room has been made much

larger, a new chair has been added and also an assistant is required.

Fenwick Bros. imported a very select lot of beef cattle for the Easter trade and from the good rush of business they had Saturday their patrons expressed their high appreciation. We don't think as fine a lot of beef was ever exhibited here. The prices were very reasonable.

A few turkeys were sold at 22 cents per pound for Easter dinners. Lettuce, celery and nice green vegetables were supplied by Mr. A. N. Desbrisay, Grocer.

Among those spending Easter holidays in town we noticed Mr. Ed. L. O'Brien principal of Tracadie school, Mr. A. J. Witzell teacher in charge of Caraquee high school, Mr. T. M. Burns M. P. P. and Mr. Landry home from Fredericton, and Miss Lena McLansou.

Mr. J. E. Read has returned from a visit to his home in Anchester. John W. Hachay spent Easter in Chatham. Messrs Allan and Rufus Hicks took in Moncton and Dorchester during the holidays.

Mr. B. D. Branscombe was over to his home in Fredericton. Constable Branch went to Caraquee on Saturday on official business.

Mr. Hugh Cowan License Inspector is in town this week to attend the meeting of License Commissioners which convenes here on Thursday 16th inst. We hear it rumored there are several applications asking for licenses to be granted for the Village. Largely signed petitions against licenses being granted will be handed to the commissioner.

Mr. Amos Gallant was in Campbellton Tuesday.

Conductor Caffey of Moncton was in Bathurst looking up some suitable horse flesh. While Mr. Caffey did not make any purchase here he expressed himself well satisfied with some of the horses he looked over during his stay.

Dentist McNicol of Campbellton bought a good looking black mare here last week. The price paid, we are told was very.

Mr. G. Bishop manager of the Royal Bank spent holidays in Moncton and expects to purchase

it to their home down here last week their friends were pleased to see them. Mr. M. Godin of Pokenouche was at the Blanchard Hotel this week.

We hear rumors of Mr. X. Paulin taking a trip to New York—"hope you will have a good time Xavier."

Harry Blackhall has been visiting at home this last week, he has left Sheila where he has been for the last two years in the employ of the Tracadie Lumber Co. He is leaving in a few days for Campbellton where he expects to secure a situation. His friends here will miss him but all join in wishing him success.

Mr. B. A. Mullins was registered at the Foley House on Friday last. This being Holy Week devotional exercises are being held in the church every day.

Unpaid Labor.
Atlantic & Lake Superior Ry.

It is to be hoped that if the petition mentioned in "EVENTS" April 2nd, should receive signatures and be presented to His Excellency the Governor General in Council, that it will be hastily consigned to the waste basket and that His Excellency will take active steps to at once redress the grievances of those poor fishermen who worked for the Atlantic & Lake Superior Ry. Co. and have never been paid, although they have waited long and anxiously and not without suffering for the Company they worked for to do so, but are now told their claims are out of date although the Company and the general public is deriving great benefit from that unpaid for labor.

Surely the different excuses set forth in that petition why the Company, or the pretended bondholders, should not pay is too absurd to receive, the consideration of any responsible body of men, and certainly it is shameful that the Government does not take more active steps to protect the humble and poor.

Whatever work the promoters of the Atlantic Quebec & Western Ry. did in exploring oil wells in Gaspé they paid for, and if their prospecting was not attended with the success they anticipated it is only what has happened to many other prospectors, but they never lowered themselves to such a state of affairs that they should ask their employees to work under the pretence of paying and then after to tell them those claims were out of date.

Let it be hoped that the Government will be determined by the publication of such a petition to see that those claims do not go out of date, but that they be paid.

The Methodist ministry has lost one of its most energetic and talented ministers in the death of the Rev. G. C. Palmer which occurred at the Methodist Parsonage here last Thursday night, after a brief illness. Mr. Palmer had been confined to his home for some time but it was not known that he was seriously ill and the news of his death was a shock to the members of his congregation and the citi-

Mr. Palmer was born in Scotchtown, Queens county, but lived his early life in Gagetown. He entered the Methodist ministry in 1884 and has been stationed at Summerside, Upper Kent, Campbellton, Charlestown, Bedouque Sussex, and Newcastle. He was 44 years of age.
In 1895 he married Miss Johnston of Charlottetown, daughter of Dr. Johnston of that city. She died a little over a year ago. Three children, two boys and a girl survive.
The funeral service was held at the Parsonage at 10.30 Friday the body being forwarded by rail to Charlottetown, P. E. I., to rest beside his wife. Rev. Geo. Harrison, assisted by Rev. T. G. Johnston conducted the services. The remains were accompanied by Mr. James Palmer, principal of Mount Allison Academy and brother of the deceased.
At the services in the different churches Sunday, touching remarks were made in reference to the sad occurrence. The Methodist church was lastly draped and Rev. Geo. Harrison who occupied the pulpit on that occasion made appropriate remarks. The choir also rendered special music.
Mr. Palmer was on his Campbellton charge ten years ago, and his friends here have learned of his decease with deep regret.

Don't Forget The Date May 4th.
This will be the evening when the greatest voice ever heard in the provinces will be listened to by as many of our citizens as can obtain admission to the Hall. Madame Mary Louise Clary opens her Canadian tour in St. John and from there takes in the principal cities in the Provinces and Newfoundland. The management realizes now more than ever the great interest that is being awakened over the prospect of hearing the world's greatest contralto voice, and the public will be pleased to learn that Clary is going to sing selections which the patrons of the concert can enjoy whether they are musically educated or not.
In her concert in Campbellton the famous singer will not give any selections other than English, and many will be familiar and for that reason better enjoyed. Included in her programme will be the Lost Chord which is known and loved by everybody, but those who have not heard it rendered by Madame Clary have not enjoyed that selection to the fullest possible extent.
Clary will be assisted by Mrs. F. G. Spencer soprano Mr. J. A. Kelly, tenor, and Miss Mary McCarty, accompanist. Let none forget the date of this the most important musical event that we have ever had the opportunity of enjoying in Campbellton.
Price of admission has been fixed at
