had another good work-out last night at the Cricket Grounds by are light, and both teams are now in condition to play game through and have lots left at finish. In following up they are showing much better form than previous ears, and it is a safe bet that the Ot tawa back division will have to hump none to keep out of the way next Satur-lay. With the exception of Pfeiffer and hat Turner, all the seniors were out ast night and they put in an hour and half of real hard work. Particular athast night and they put in an hour and a half of real hard work. Particular attention was paid to giving signals, passing, following up and tackling, and in these departments the Jungle Terrors are about as near perfection as it is possible for a team to be. George Awrey is making good as a quarter, and, judging from the exhibitions he has been putting up in practice he will fill Balard's shoes to a nicety. The last practice will be held this afternoon and tomorrow the team will leave via the Grand Trunk for the capital.

Potticary is playing a great game this year and he will likely be taken along with the team as spare. Tony Loftus fa playing better ball than ever. He is a sure tackler and follows up like a whirlwind. With Turner on the other end, these two will make a pair of fly-

whirtwind. With Turner on the other end, these two will make a pair of flying wings that will be hard to beat.

The team is confident of victory next Saturday and although the Tigers have never beaten the Rough Riders on their own grounds, it is a long lane that has no turning.

The Tigers' officers and supporters will leave in the evening on the Grand Trunk.

Jack Gray is playing the game of his
life this year, and it is a safe bet that
when he hits the line-up Ottawa way
there is going to be something doing.
He is one of the strongest men on the
team, and for a big fellow has a wonderful amount of speed. In fact, the
whole team is playing good ball, and
nothing but the injury of several of
the players can keep them from winning
the Grey cup and Dominion championship this year.

Yesterday afternoon the collegians put in a hard hour's work on the gridiron and then got after the new tackling dummy. Each man had a try at it and with its aid it is hoped that McGill will have the hardest tackling team in the league this year. This new development of strength in this department, along with their weight and fleet-footedness, will make the locals contenders right through the season. In past seasons whenever a player was inpast seasons whenever a player was injured the team was usually crippled as a whole because there was not suitable

Highfield Won Three Victories.

Yesterday Highfield gained three victories over Ridley College.

The senior team played Ridley II. here and won by a score of 37-1. Shortly after half-time Highfield's captain, Higgins, had to retire with a sprained ankle, During the first half he did great unings and at half-time the score was 22-1. Fraser's fast running was a feature of the game, and three times he was responsible for touch-downs. Matheson was very conspicuous. too, for his runs. Grant gained a touch-down after a clever piece of work, deftly picking up the ball on the hop. Storms made a splendid catch when at top speed and ran around.

The allegation of Boy Taylor that Mr. Pollock is not spry enough for the terrific play that will take place Saturday is rather uncalled for. He is not looking for honors in this instance, and would not accept the position of judge of play if a whole army of lacrosse officials from Montreal waited upon him.

first match. Some of the boys showed remarkable form. It is a pity that Higgins received a sprained ankle, which will put him out for a week or so, as the team has to meet the strong St. Andrew's College fourteen here on Saturday morning. Both the intermediates and juniors won at St. Catharines. A Londoner who has seen Darkey Hal step down in Columbus, states that the black Wingham mare can beat anything black Wingham mare can beat anything in harness in a race. This included The Eel, who is some stepper himself. The mare has shown surprising form this season, and will be made ready for next year's campaign, when she is expected to set a few Camadian records. The Eel, it is stated, had gone stale when he was defeated by Alleen Wilson and Copa de Ora, but is now coming back to himself. He will likely go a few fast miles before he gets through.

Hamilton footballists seem to be at a premium the country over. Down at Queen's Norman Leckie, a local boy, has been elected captain, while a former Tiger player, Tommy Stinson, holds down the same position on the Winged Wheel team. The Tiger juniors are sending up a mighty holler about the way the intermediates are swiping their meniates are swiping their meniates are swiping their men. In fact, the remaining ones are so sore that practices have been suspended. What the result will be remains to be seen.

The Capitals of Toronto say they cannot get their men out to practice, and there is a possibility that the team will drop out of the intermediate series of, the Interprovincial. In that event no game will be played here on Saturday.

The Burlington Hockey Club is getting busy and at a meeting held the other night the following officials were elected: Hon. President, W. E. Dalton; First Hon. Vice-President, A. T. Lowe; Fresident, Geo. Muirson; Vice-President, Geo. Muirson; Vice-President, Lee Filman; Second Hon. Vice-President, Gordon Cotton; Treasurer, J. Matthews; Secretary, S. Coates. A committee was appointed to put the rink into good shape, preparatory for the coming season. The indications are that Burlington will again have a winning hockey team.

Highfield School boys won all three of their matches yesterday, and won them with ease, which is certainly a very creditable performance. The seniors met the Ridley College seniors at the Cricket Grounds and repeated the victory won at St. Catharines in the
