dity.

At St. Andrews, on the 17th ult., of diphtheria, Walter, aged 4 years, fourth son of Patrick and Sarah Donoghue.

At St. Andrews, on the 24th ult., Mary Thereaged 5 menths, only daughter of Patrick and Lizzid Gertrade Driscoll. Jas. Straton, secretary; J. P. McIntyre, marshal; George Stewart, Ma Lindsay, T. N. Rob-

"S. N. Collymore," at Yarmouth, fell from the foremast head to the deck, a distance of and shoulders, but no bones were broken. The fall was partially broken by his striking a truss on one of the yards. A young man named Austin Legg had his

Taylor & Mayo, of Boston, on her way Board of Agriculture the society will be John Parsons was caught in the belting day of last week. He was severely bruised eastern point of the Island, and was a total wreck. The schr. "Replevin," belonging to Wm. Fruing & Co., went ashore, but sustained little or no damage. Of the fish-

produce, to the value of about \$600, destined for Miramichi, which was all lost; the vessel opened up while at anchor and sunk. The bait shed attached to the lobs—

and demolished. In and about Caraquet and other places along the coast, the farmers sustained some damage, many of the fences being blown down.

At Pokemouche we learn that Supervisor, Wm. Walsh, Esq., lost a quantity of alewires. Mr. W. was shipping some ninety wires. Mr. W. was shipping some ninety and demolished. In and about Caraquet a stock list for the Moncton Cotton Factory wascirculated about town and some \$30,000 subscribed in moderate sized amounts in a short time. The company will have a capital of \$400,000, of which at least \$200,000 must be subscribed before operations can be commenced. There is no doubt of the success of the project. A part of the Gold-bearing quartz has recently

THE WEATHER, ETC .- The following -Woodstock wants more lamps in its is taken from advance sheets of Vennor'

The damage occasioned by the storm at Caraquet is estimated at from three to four thousand dollars.

At Cliffton, Gloucester Co., the schooner "Mattle D.," 110 tons, owned by J. M. Maffts, of Halifax, N. S., was loading grindstones for Messrs. C. P. Lombard & Co., near the breakwater. When struck by the gale the schooner broke from her moorings and was driven on the beach, 1881.

In Newfoundland the winter of 1882 is likely to occur over a large part of North America during the month of November, 1881 and again during January and February, 1882.

A frigid wave may be expected towards the close of November and entry of December, 1881.

Victoria Wharf, Smyth Street.

That magnificent "What Is It?" called the Carybdis has been swinging around in St. John harbor to the serious obstruction and peril of navigation. The city authorities intend to offer a prize for the best solution of the problem, what can be done with her, or how to get rid of her at the least cost? We would suggest, in advance, that she be towed to sea and used for dynamite experiments.

This plan will have the double advantage of relieving the port of a nusiance and of benefitting science.

the close of November and entry of December, 1881.

The winds and storms of March will probably arrive ahead of time, and render that time some 170 tons of grindstones on board. As soon as the storm abated, it was found that the vessel was fall of water, but was floating at the bow. The Captain the closing days of February exceedingly discreasible. The latter part of April and entry of flay, 1882, will remind one of winter again, and the spring is likely to be cold and backward generally.

The winter of 1882 is not likely to be cold and backward generally.

The winter of 1882 is not likely to be cold the spring. The cargo was insured in the spring. The cargo was insured in a American Company, but payment is related to bring the schooner to Bathurst, where she will be hauled up and repaired in the spring. The cargo was insured in a American Company, but payment is related on ground of insufficient totice of sis. The purchaser agreed to abandon the sale on payment of all his expenses, which was under water, the men working in gangs, each gang of some eight or ten men working in gangs, each gang of some eight or ten men working from ten to fifteen murical in turn. Union Advocate.
