TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mrs. Hector McDonald, of Oyster Ponds, N.S., wrote to the Zam-Buk Company and told them what Zam-Buk had done for her. She said that for over a year her hands were covered with eczema. Doctor's treatment did her no good and the numerous salves and blood purifiers she tried also proved useless. Then Zam-Buk was recommended. Treatment with this wonderful balm soon brought a decided improvement and perseverance resulted in a complete cure.

To-day, after several months, there has been no return of the disease.

All druggists sell Zam-Buk at 50c. box, or send this advertisement and 1c stamp (for return postage) to Zam-Buk Co., Toronto, for free trial.
