HIGH-CLASS WALL PAPERS

The increasing satisfaction attending the use of good wall-papers is becoming more apparent each week.

The same trouble and expense in sizing and hanging the goods is unavoidable, whether you use the cheapest quality or a better one.

We have added to our service lay-out-books, showing different treatments, for the same papers, and the present volume of this valuable book is most comprehensive.

We are showing a perfectly splendid range of bedroom papers at.....25c per roll

ALSO BETTER PAPERS FOR ANY ROOM AT 35c, 50c, 75c, \$1.00 UP TO \$3.00 PER ROLL

NEW ZEALAND VOTE CLOSE.

Wellington, April 24.—The majority against prohibition in New Zealand plebiscite is 1,800 by official returns.

"What we want is constructive criticism," said the man with an eye to the main chance.

"What's your idea of constructive criticism?"

"Expert advice gratis."—Washington

WILL GIVE AUTO TO MOST POPULAR LADY

The Management of the Griffin Opera House have announced that during the next four weeks they will conduct a voting contest to determine the most popular young lady in St. Catharines and toward this end they are offering a Chevrolet touring car as a first prize and two diamond rings to the ladies who come second and third. The contest which is now on will close on May 24th when the prizes will be awarded. Great interest has already been aroused in the contest, further information of which will be found on another page.

THE ROSARY

With a complete and a costly production; with a notable cast and with startling effects "The Rosary," the modern drama will be seen in a splendid revival at The Grand Opera House on Thursday night, May 1st. Messrs. Rowland and Clifford have engaged a big company of players and have provided a gorgeous production. The play is graphic and vivid and is like a slice of real life put behind the footlights. The character of Father Kelly played by Oscar O'Shea is one of the most lovable in modern stage literature and millions of people have laughed and cried with him in this play.

Sagging Door.

Here is a suggestion for straightening a garage door that has begun to sag, which is better than the ordinary method of planing the bottom. Drive two heavy nails in opposite corners of the door and run some lengths of heavy wire between them. Slip a couple of blocks of wood under the wire and then take buckles in the centre of the wire. This will draw the bottom of the door up, so that it will fit its frame properly. Finally drive the tur-buckle spike in the centre of the door and the cure for sagging will be permanent.

Miss M. McCrimmon, of Toronto who has been visiting here over Easter has returned home.

KING GEORGE

On Monday and Tuesday of next week, in addition to the regular feature, the King George Theatre are showing for the first time in this city the famous made-in-Canada production entitled "Freight No. 249."

This is a remarkable story of adventure and intrigue, with an all-Canadian cast of characters, which include the local Fatty Arbuckle, Johnny Bentley, of Port Dalhousie, who has become very prominent through his work in this remarkable production. There is hardly a man, woman or child in the Niagara district who is not more or less acquainted with this young man, and all will be glad to have an opportunity of seeing his first work on the screen. The production comes very highly recommended, and was written and produced by Wm. J. Croft, a noted director, which speaks well for the work, and undoubtedly every one will be on hand to see Johnny Bentley.

The resolution will be sent to the City and Light Committee of the City Council.

On motion by Messrs. Riffer and Burgoyne, the secretary was instructed to write for more information on the subject of space in the Travogue film. This was decided upon after a letter had been read from the Canadian Films Ltd. of Montreal.

Passport Question

The question of the foreigner who could not secure work in the city and who was anxious to return home, but who is prevented from doing so by Order-in-Council was introduced by Mr. E. C. Graves. Mr. W. A. McKinnon thought that these people should be assisted and requested to remain in Canada as their services would be required later on.

Board take similar action to that of the Trades and Labor Council and ask Government to remove the restrictions now in force.

After a short discussion a committee consisting of the President, Vice-President and Secretary were authorized with the Trades and Labor Council to ascertain the facts of the matter and present them to the Council of the Board of Trade for action.

Short Circuit at Gap.

Short circuiting at the spark gap is sometimes caused by small metallic beads, formed by the intense heat of the spark. These beads form a bridge between the electrodes across the gap, and, fortunately, is easily discovered which the current passes. This trouble is cured simply by removing the beads.

OPEN AIR SERVICE CANCELLED

His Worship Mayor Elson announced this morning that the proposed open air services in Montebello Park on Sunday to commemorate the anniversary of the battles of Ypres and St. Julien, has been cancelled owing to the cold weather.

THE BOARD OF TRADE
(Continued from page 1)

cure the blank walls at the approach to the Burgoyne bridge for the purpose of advertising St. Catharines. The following motto was suggested for one of the walls: "St. Catharines Preferred for Labor, Home, Industry and Power."

Endorsed Petition

The petition of the Halifax Board of Trade to the Government asking that no changes be made in the tariff which would endanger manufacturers to operate to full capacity was heartily endorsed by the members of the local Board, and after a short debate the secretary was instructed to send a petition to the acting Prime Minister and to the local member.

Credentials were received from the Trades and Labor Council who appointed Messrs. Cheevers, Burgess and Grant as their representatives on the Board of Trade. Mr. Waterhouse, the president welcomed Messrs. Cheevers, and Burgess who were present.

On motion by Messrs. Malcolmson and McKinnon the secretary was instructed to reply favorably after a careful perusal of all the information, to the application of the Navy League for the Board's endorsement of a general policy of Canada paying her share in the British Navy.

Committee Appointed

A committee of seven will be appointed by the President to inquire into and consider the assessment of lands and property in the city. This action was decided upon after the question had been debated at some length.

Secretary Yates announced that the Publicity Committee had decided to have a sign erected advertising St. Catharines. It will be placed in the rear of Mr. Baxter's barn near the Grand Trunk Station.

The Board recommended the adoption of some of the twenty planks of the Brantford Chamber of Commerce as set forth in the Brantford Communicator, the official organ of the Chamber.

The Board also endorsed the proposal of the Dominion Fire Chief's Association to hold a fire prevention and clean-up week May 5th. A copy

in **"Breed of Men"**

YOU never knew that "Bill" could be a bashful beau, did you?

You can hardly reconcile your idea of this hell-bent-for-election Westerner with that of a romantic cow-puncher, could you?

Well, it's a fact! "Bill" proposes. After going through some of the greatest thrills and fights ever shown on the screen.

See "Breed of Men" today.
