The Most Beautiful Car in the World

A New Development in Light Sixes

Before we began experimental work on our new six-cylinder motor three years ago, we made a very thorough investigation of the light six field.

We found out just what qualities car owners desired in the power plants of their motor cars and then we designed an engine to meet these requirements.

The wisdom of our method is attested by the unanimous approval given our five-passenger "Glenbrook" model. With its first appearance, it immediately won the enthusiastic support of motorists.

And, by its dependable and economical performance, it has so clearly demonstrated its high character as an investment value that our production schedule is already proving unequal to the demand.

The "Glenbrook" is a truly remarkable development in five-passenger cars. Won't you arrange for a demonstration while our dealer is in position to meet your requirements as to delivery?

Essex, Six-3; Larchmont, Six-3; Glenbrook, Six-4. Complete Line of Enclosed Cars.

MARKET NEWS.

The following broker's message is published for the information of our clients:—

"Believe recent set-back has restored market to healthy condition. No specific reason to account for further decline. Perfection except forced selling of weak accounts that were unable to carry stock any longer. Many margin holders affected by sharp break and compelled release all holdings, which heavy volume selling apparently carried Perfection to new low of two one-eighths. Company absolutely good and splendid buy at present levels."

J. J. LACEY & COMPANY LIMITED,
 CITY CHAMBERS.
