**IN COLLISION WITH  
BRITISH VESSEL**  
Accident to United States  
Destroyer in European  
Waters

Washington, Oct. 3.—An American destroyer in European waters recently was in collision with a British naval vessel which after taking off the American crew, towed the disabled destroyer safely to port.  
The following official statement was issued today:  
"An American destroyer, operating in European waters, was severely damaged in a night collision with a British naval vessel. After the accident, the British ship stood by, took off a part of the destroyer's crew and towed her into port. No one aboard either ship was injured and the destroyer has since been repaired and returned to active service."  
"An investigating board of naval officers found that the accident was due to the fact that the destroyer suddenly emerged from a heavy rain storm which made her invisible almost up to the moment of the collision. It was therefore decided that no blame attached to either vessel."

**RUSSIAN JEWS ON  
WAY TO AMERICA  
STRANDED IN JAPAN**

They Are Stranded There  
and Are in a Very De-  
plorable Condition  
New York, Oct. 3.—Thousands of Jews on route from war-torn regions of Russia, to the United States, are stranded in Harbin, Manchuria, and Kobe and Yokohama, Japan, and are in a deplorable condition. Secretary of State Lansing has informed the Hebrew Sheltering and Immigration Society of America. Because of depression in the value of the Russian ruble, the immigrants' funds became exhausted when they were compelled to spend weeks in waiting for passage to this country through inadequate Pacific shipping facilities. It was stated.

**EMBARGO ON C.N.R. CARS**  
Winnipeg, Oct. 3.—It was reported on the grain exchange today that the C.N.R. has placed an embargo on all cars of the C.P.R. and the government railways at Fort William.

**TO WHOM IT  
MAY CONCERN!**

Sufferers from Deafness and Head Noises should know of the following advertisement, which is now appearing in numerous newspapers in all parts of the world.

**HOW TO CURE  
DEAFNESS**

A simple preparation has recently been discovered by a eminent physician of your new remedy, "Auralon," are truly wonderful. After being deaf for nearly 20 years I am now able to hear distinctly and the head-noises, which were so distressing, have completely disappeared. No sufferer should hesitate to try this splendid cure."  
This is just one report out of many. "Auralon" is sold in packages at \$1.00 each, and can be sent to any address post paid upon receipt of remittance. Send your order direct to "AURALON," care of Kirk's Agency, 12 Railway Crescent, West Croydon, Surrey, England.  
(Mention this paper.)

**OLD EARLY CLOSING  
BYLAW IS IN FORCE,  
SOLICITOR SAYS**

City Solicitor Ford has handed down his decision in the early closing bylaw, having founded said decision on British legal precedents. It is to the effect that the old bylaw asserted itself as soon as the new bylaw ceased to be operative. The effect of this decision is to give the old bylaw, which is in full force and effect as though the new bylaw never existed. At no time was the new bylaw other than an experiment with a time limit set for said experiment. If the majority of electors prefer it to the only early closing bylaw we have at present their vote that effect will bring the new bylaw into being and destroy the old bylaw.

**BRITAIN HAS NOW  
CHECKED GERMAN  
SUBMARINE PERIL**

It Is Too Early, However,  
to Say That Submarine  
Campaign Has Been De-  
feated; It Is Repulsed

**CHURCHILL'S CONCLUSIONS**  
This Is No Time to Talk of  
Peace, Says British Min-  
ister; Restates British  
Aims

**PERMANENT SECURITY**  
Warns British Not to Throw  
Away Improvidently the  
Fruits Which Have Been  
Won and Gathered

It is too early to say that the submarine campaign has been defeated, but it is not too soon to say that this vital attack on the country has been checked, even repulsed.  
The capacity of the country to wage war is unimpaired, the armies had been supplied, on an average, increasing high level of equipment, and the reserves of food are greater than before the attack began. During the 23 weeks of the present offensive, the tonnage of shells hurled against the German positions has doubled that of the whole Somme battle, while during the last and culminating week, it had been four times that of the same period in the Somme operations. Next year, unless some extraordinary development took place, the power of the British artillery would undergo another great lift.—Winston Churchill.

**ATTACKED BY AEROPLANE**  
Stuttgart Was Bombed and  
Some Damage Done to City.

Amsterdam, Oct. 3.—A dispatch from Stuttgart to the Frankfurter Zeitung, a copy of which has been received here, says that on Sunday night between 11.35 o'clock and 12.45 o'clock, Monday morning, Stuttgart twice was attacked by enemy aeroplanes. A majority of the bombs fell in the streets and open squares, causing no considerable damage, aside from broken windows and smashed pavements. The dispatch adds that two men were killed and four women and a boy were injured and that the bombing aeroplanes were driven off by anti-aircraft guns.

**ENEMIES OF HUMAN RACE**  
Our war aims have been soberly re-  
stated, but are as yet unachieved. Prussian militarism is not yet over-  
thrown. It is no extravagance of  
speech to say that the leaders of that  
militarism are the enemies of the  
human race. If the war ended tomor-  
row in an inconclusive peace, Prussian  
militarism would claim that it had  
saved Germany from invasion and de-  
feat.

"The German junker leaders would  
tell the German people that they had  
saved them; and they would invite us  
to the morrow and bid us to become  
friends and to cultivate commer-  
cial relations."  
"I say," continued Mr. Churchill, "it  
is our opinion at the end of the third  
year of the war that under no cir-  
cumstances will we accept a solution of  
that kind. It would be an uncon-  
scionable blunder, worse than any  
crime, to make peace before the vital  
object is accomplished. Every man  
will say that this matter must be  
finished, and everyone, equally with  
the United States, will never rest until a definite  
decision, one way or the other, is  
obtained."

**GRIMLY STICKING ON**  
Mr. Churchill declared that to emphasize  
the necessity of grimly sticking on. He  
pointed out that we might cast away the  
prize at the moment when we only had  
to grasp it. He asserted that if we took  
the necessary vigorous offensive mea-  
sures, there was no reason why all dangers  
and privations could not be overcome.  
He was convinced that we still retain  
the power to solve every difficulty and  
emerge triumphantly from the perils with  
which we are surrounded.

**THE SUBMARINE CAMPAIGN**  
Mr. Churchill declared that the great  
feature of the last six months had been  
the check on the German submarine cam-  
paign against Great Britain. It had failed  
to hamper our economic life or mili-  
tary action or to cut us off from great  
resources from America. In February  
and March last most elaborate sur-  
veys were made over the whole field of  
our economic and military life, with a  
view to ascertaining what would be our  
capacity of continuing the war on the  
basis of heavy and continuous submarine  
sinkings.  
It was found that we should be able to  
continue the war if necessary and carry  
across the sea the supplies of food for  
the army and the navy on ourselves for  
a period so long that other decisions  
would certainly intervene before it ex-  
pired. He had the honor to share the  
experience of increasing his figures  
after writing up the scale of munition  
activity.

**SUBMARINE POWERLESS**  
"Our capacity to wage war is unim-  
paired. The submarine has been power-  
less to affect it. The reserves of food of  
this country are far greater than at the  
beginning of submarine warfare. The  
great resources of our islands are not yet  
realized. If the war is prolonged our  
armies next year will be stronger and  
better supplied than ever. On the Somme  
front our artillery fired in a fortnight  
many thousands of tons of shells. During  
the present offensive of less than three  
weeks, the tonnage of shells fired has  
been double that of the whole Somme  
battle. Next year the power of our artillery  
will, despite the submarine, undergo an-  
other great increase."  
"The allies are united in the confidence  
that they shall not fail. It should be  
remembered that this confidence is shared  
by the Germans; hence their desperate  
efforts to drive back our soldiers. They  
know that the British are the vital factors  
in the war, that this empire stands alone  
between them and victory. This empire  
is a force which cannot be broken, a  
force which will be made stronger by  
trial and will grow in intensity as the  
months pass."

**DEMANDS AUTONOMY**  
Petrograd, Oct. 3.—M. Velichko,  
deputy for the Ukraine, who is at-  
tending the democratic congress here,  
delivered a speech demanding auto-  
nomy for the Ukraine and also the  
cessation of hostilities. He said his  
demands were made in the name of  
"2,000,000 brave soldiers, who will not  
stand firm at the front unless auto-  
nomy is granted." He also said that  
the world war should be stopped im-  
mediately.

**CATARHAL DEAFNESS  
MAY BE OVERCOME**  
If you have Catarrhal Deafness or  
head noises go to your druggist and  
get 1 ounce of Parmit (double  
strength), and add to it 1/4 pint of  
hot water and 4 ounces of granulated  
sugar. Take 1 tablespoonful four  
times a day.  
This will often bring quick relief  
from the distressing head noises.  
Clogged nostrils should open, breath-  
ing become easy and the mucus stop  
dropping into the throat. It is easy to  
prepare, costs little and is pleasant to  
take. Anyone who has Catarrhal  
Deafness or head noises should give  
this prescription a trial. —Advt.

**LARGE NUMBER  
TAKE MEDICAL  
EXAMINATION**

Out of 115 Examined for the  
Draft Yesterday, 30 Are  
Rejected as Medically  
Unfit

Sergt. Hall, advance agent for the  
traveling medical examination board,  
left last night for Medicine Hat to  
make arrangements for the examina-  
tion of the district board there this  
week. The travelling board is com-  
posed of Capt. G. E. Bayfield, Capt. R.  
C. Robinson and Dr. Learmouth.  
There will be no board examinations  
in Calgary until Wednesday, although  
applicants may file their applications  
at any time and appear for examina-  
tion later. It is the policy of the trav-  
elling board to make a number of  
jaunts to the outlying portions of the  
military district.  
On this occasion it is planned to ex-  
amine the employes of city establish-  
ments and post office employes rather  
than the men from the smaller towns  
and on the farms. The work of exam-  
ining the men here continued yesterday  
unabated with more than 100 applic-  
ants appearing before the board  
yesterday, much to his delight.  
Sergt. Holm, in charge of the  
clerical end of the office work on the  
road and will take a squad of experi-  
enced men with him to handle the de-  
tails of keeping the record of the draft-  
ed men.
