home across the border yesterday noon. Lack of support was the cause. A CANADIAN LEAGUE.

St. Thomas Times: A meeting of the

MARKIT GARAGE ARE AND AND A

Don't be under the impression that Abbey's Effervescent Salt is unpalatable. It is a most delicious preparation to the tastes of pleasant, in fact, that it is oftentimes taken as a beverage. It is an unequalled thirst-quencher. But aside from these excellent qualities, it is the most wonderful regulator of health known.

The Company of the company o

taken daily, will purify your blood and cleanse your system. Its effect is mild—salmost imperceptible—but certain. Take it every day and you will enjoy constant good health. Abbey's Effect rescent Salt, which is prescribed and endorsed by physicians, is a standard English preparation which all druggists sell at 60 cents a large bottle. Trial size, 25 cents. size, 25 cents.

next to arrange the affairs of the league. It is almost certain that the league will comprise St. Thomas, Chatham, London and Guelph.

TWENTY DAYS' SALARY DUE. Port Huron Times, referring to the bust-up of its "famous' 'team, says:One thing which has hurt the attendance at ball games in this city and other Interexcitement. The members of the Port Huron team claim that Manager Murphy owes them for 20 days' time, and the latter gentleman says he would be glad to pay them if he could see a way

to raise the necessary money. CHIANGE IN LONDON'S MEIAM. There are radical changes booked for London's team. It is anderstood that "Pop" Smith, manager and second baseman of the London, has been re-leased, and that Sam Laroque, the infielder, who played with the old Tecumsels, will replace him as playing manager. Laroque is expected here tonight .- It is probable that Pitcher Johnson will be given his walking ticket at once. Other players who kave a better liking for Walker's club than a baseball club will also likely be released.

THE INTERNATIONAL'S FATE. The International League is now a thing of the past, and in this city on Monday next baseball magnates will endeavor to reorganize all that is left of it, and form a Canadian league.Just what will be the outcome is hard to foretell. One thing is certain, and that is, that no matter how well disposed the people of Chatham might be towards transfer of Saginaw's team, the Chathamites have no use for Manager Black. Chatham now claims a good team, well managed, and in the opinion enough, with one or two positions R. H. E. survivors of the International League.

3 10 9 The Londons returned John Saginaw

The Londons returned John Saginaw strengthened, to rub up against the the flue, and left London without the \$30 guarantee money for Thursday's game. Mr. Sleeman, of Guelph, will attend the meeting, and if satisfactory without some very material changes in the personnel of the team.

The American city teams have fed ceived anything like encouragement from either their press or people. All the Canadian cities supported their teams well, but as a drowning man will clutch at a straw, Port Huron and Sagcuse is better than none, and have consequently blamed the Yanko-Spanko war for bursting the league.

FLYS. The Mill Street Stars, of the City lin and Wooley; Peel and Brown. ance. A telegram was received at 3 p.m. from President McArron, stating that there were no players in Port Huron. The games announced there-

Pitcher Friske, of Port Huron, has signed with Hamilton. The Scotland senior baseball team Louisville 3 9 1 at Thamesville Thursday afternoon, re-Batteries-Killen and Bowerman; sulting in the following score: Scotland, 14; Thamesville, 30.

WHEEL. HOW TO LOOK GENTEEL. "Clio," of the Wheeling Gazette, says confidentially:

If on your wheel You'd be genteel, Five things observe with care: What wheel you ride, With whom you ride, And how and when and where.

ATHLETICS. MAHER VS. GODDARD. New York, July 9.-Peter Maher redeemed himself for the two decisions which Joe Goddard, the barrier champion of Australia, has been credited with over the Irishman, by fighting the antipodean to a standstill in eight rounds last night at the Lennox A. C. Goddard administered a lot of hard punishment, but received in return a terrible pounding. Goddard was out

a couple of times, but the bell saved

end of the eighth round he was scarce-

ly able to stand on his feet. The re-

and when he quit towards the

feree then awarded the bout to Maher. A Michigan man has in his possession a piece of hardtack issued to him as a part of ration during the late war. Though 83 years old the biscuit is in an excellent state of preservation. In proportion to its population the United Kingdom has a greater num-

FAIRLY ACTIVE

Notwithstanding the Advent of Midsummer Conditions.

Review of the Business Situation in Canada and Across the Border.

New York, July 9.-Bradstreet's weekly review of trade says: Midsummer quiet is a feature of Canadian trade,

and less activity is naturally noted than during the month of June. Toronto reports large imports of continental manufactures in the effort to anticipate the coming into effect of the new preference duty, which favors British goods. Talk of a retaliatory duty by Germany is already heard, and it is feared that the grain trade may suffer somewhat. Now that the usual outlet to the United States has been closed, wool is duller than for many years. Considerable is hoped for from the coming trade conferences between the United States and Canada.

The crop outlook is excellent, except in some portions of Manitoba, where rain is needed, but the yield of the province as a whole will be much in excess of last year. Montreal reports that business is confined largely to sorting-up orders, while the collections remain satisfactory.

Lumber is active on British account

the United States is limited. Victoria reports business-improved in the interior, but the outfitting trade is dull. Business failures in the Dominion of Canada number 16 as against 22 last week, 34 in this week of 1897, 32 in 1896, 30 in 1895, and 34 in 1894. Bank clearings at six Canadian cities aggregate \$27,563,000-a gain of 17 per cent over last week, but a decrease of 4.7 per cent from last year.

Dun & Co. say: Business seems to go on fairly well in the main, with hindrance on account of the lumber and shipping business. At St. John it is noted that all the mills are running and freights have declined, with reports from British markets more favorable. The grocery trade is very moderate, being affected by the decline in staples. There is very fair demand for building materials, but orders for drygoods are light. Trade is quiet, as usual at this season, at Halifax, in the lumbering and fishing districts, and

collections are hardly up to the aver-Wholesale trade at Montreal is of a quiet midsummer character, though fall orders for drygoods come in well. and with increased demand for sugars and teas, while heavy metals, oils. Ewart, Bert Fitchett, James Garside, paints and cement are somewhat duller. Hides have declined 11/2 cents, but leather is still firm. Hamilton reports business active, with promising outlook. Toronto shows little change in wholesale trade, with very good remittances. Winnipeg reports country orders of fair volume, though somewhat less than last week, but improvement in local trade, owing to the seasonable change in weather. Building operations have increased the demand for hardware, lumber and materials. Wholesale trade is fairly active at Victoria for the s' son in groceries and drygoods, .d there is a more hopeful feeling in business circles, with collections good. OVER THE LINE.

New York, July 8. - Bradstreet's statement: While the tone of general business partakes of the usual midsummer stock-taking quietness, the number of favorable features coming to hand has not materially lessened, and confidence in a good fall business is still widespread. The demand for our cereals abroad is quite satisfactory. The crop situation is in the main very favorable, although the tendency now is to discard early extreme estimates of yield of wheat, and 675,000,000 bushels to 700,000,000 bushels estimates are more popular. Business failures for the week number 241, as against 173 last week, 213 in this week a year ago, 219 in 1896. 266 in 1895 and 229 in 1894. Govern-ment orders for canned tomatoes have cleaned the market. Drygoods are slow, but with stocks of cotton, particularly bleached goods, well in hand, as a result of recent price reductions. feeling in the woolen goods trade is hopeful, while new business is narrow. Rather less than the usual midsummer chading of prices is indicated by the July report. The apparent net result. indeed, is toward a higher range of values

The tendency seems to be to pare down early exuberant estimates of wheat yield, but a crop is still indicated heavier than any in the country's history. Relieved from abnormal effects of corner prices, consumption of old wheat is going on at a rapid rate. The monthly report of world's wheat stocks shows a shrinkage therein of 22. 000,000 in June, and the total supply in America, Europe, Australia and Argentine on July 1 was 84,804,000 bushels. less than 5,000,000 bushels in excess of last year, and 45,000,000 to 72,000,000 bushels smaller than in the years 1896 to 1898. The American stock is the small-

been so heavily reduced as to necessiand last season's dangerously reduced

totals. R. G. Dun & Co.'s review says: Critteism of crop estimates is the less needful because the best authorities all agree that supplies for the coming year promise to greatly exceed home requirements and a full export demand. Though for a month or two yet Europe may require much more than us-ual. This will help to sustain the market while the earlier receipts are coming forward, and prices will be determined largely by the outlook for crops abroad, which is not as yet entirely encouraging. The manufacturing works at the north are quite well employed-much more than usual during the vacation season, and the demand for goods is somewhat improving.

The manufacture of wool hesitates, although distinctly better demand has appeared during the past ten days, because prices at which western wool is held are too high for eastern markets, and apparently too high for profitable manufacture. Sales for the week at the three chief markets have been only 3 .-200.000 pounds, against 14,120,500 year. The wool markets are all dull. Failures for the week have been 229 in the United States, against 206 last year, and 17 in Canada against 30 last year.
