Doyle's Liniment.

The Greatest known Remedy for the Relief and Cure of RHEUMATISM, NEURALGIA, SPRAINS, BRUISES, MUSCULAR SWELLINGS, SORE THROAT, SORENESS of the CHEST or BACK, or wherever a LINIMENT is required. It also cures the worst case of PILES.

Tally-Ho Livery, London, May 13, 1899.

Mr. Doyle—Dear Sir •I take pleasure in informing you that the Liniment you recommended to me for my leg, which was broken and very much bruised, some time ago, and which at times has caused me much pain, so much so that I had to quit work, has done for me all you said it would do, and my leg is much stronger and better than it has been for a long time. My wife also has used it and found it an excellent remedy, and we recommend it, believing it to be as you represent it.

Gream Bread
by Prof. Roney and the Blatchford Kavanagh Concert Company, was attended by a large and highly delighted audience. The programme lasted for two hours. A silver collection was taken in aid of the Sunday school

-Warren Hastings was arrested yesterday on a charge of stealing 75 chickens from James Lyons, an Adelaide township farmer. He was re-manded to jail and will be tried by vince of nickel ores and matte.

-An employe of D. S. Perrin & Co., named Ford, was badly scalded yesterday, and will be laid up for several weeks. A large boiler of candy was on one of the fireplaces, when the steam compartment of it exploded, throwing the contents in every direction. Ford was near by, and was scalded on the neck and both arms.

THE ARTILLERY RESERVE. The idea of an artillery reserve in London is proving itself to be a most popular one. The movement was started by ex-Sergt.-Majors Colerick and Lucas. A meeting will be held in the store of H. & C. Colerick next Thursday evening, and it is expected that at least a hundred ex-members of the London Field Battery will be present. *******

DEATH OF HENRY BRIERS. Mr. Henry Briers, who for about 20 years had been watchman at the G. T. R. crossing on Wellington street. died very suddenly at the Britannia House yesterday morning. For some months he had not been feeling well. Yesterday morning a servant brought his breakfast to his room, and was shocked to find him dead in bed. Up-on examination by Dr. Moore it was found that death was due to paralysis. Deceased was a widower and was in his 51st year.

A SUN ROOM ENTERTAINMENT. An entertainment was given last evening by the young ladies of Harding Hall, for the purpose of raising the necessary funds to furnish a sun room at Victoria Hospital. The Transvaal question was debated by Misses Allie Hyman, Lillian Elliott, Edna Leonard and Ethel McKillop. Mrs. Boomer gave a fascinating address about her trip through the Transvaal, including a graphic description of the country. The final scene from the "Merchant of Venice" was acted by Misses Ellis, Carling, Kent, Brown, Cameron, Moule, Weld, and J. Brown. A musical programme included a piano solo by Miss Florence Lamont.

"THE HOLY CITY" CANTATA. No lover of music should fail to hear the rendition of A. R. Gaul's beautiful cantata in Dundas Center Methodist Church on Tuesday evening. The treatment of the subject of this work is almost entirely reflective, the more dramatic parts of the book from which many of the numbers are taken, viz., the vision of St. John, having already been treated in so masterly a manner by the great German composer, Louis Spohr, in his oratorio "The Last Judgment." The first part of City" was suggested by the passages of scripture, "Here have we no continu-"Thy kingdom come," and ing city," sets forth the desire for a higher life, as expressed in the words, "My soul is athirst for God," which desire is followed by other passages expressive of the perfection of the higher life, such

were passed away," thus realizing the desire and promises contained in the first part. With the exception of two hymns, a verse from Milton, and three verses from the Te Deum, the words are entirely scriptural.

BIG STROKE

The Government Takes Radical Action

To Keep Our Copper-Nickel Ore for Home Labor.

Instead of Letting Them Go to the United States To Be Worked Up-The Refining Should Be Done Here.

Toronto, Nov. 25 .- The Heutenantgovernor yesterday signed an order incouncil, which will have a most farreaching effect upon the industries of the province, and which may result in the establishment in Ontario of extensive works for the production of nickel to be used in the building of warships for the British navy. It is the intention of the government to reopen negotiations with the imperial authorities, under which the lords commissioners of the admiralty may obtain an interest in the still unpatented nickel lands of the province, and by means of their development secure an unlimited supply of nickel for the manufacture of armor plate and other materials for the protection and equip-ment of war vessels. It will be news to the people of Ontario that a similar offer was made by the government of the merits of nickel in connection with the manufacture of armor plate had not then been made apparent the lords of the admiralty did not deem it wise to avail themselves of the privilege then tndered. The order-in-council also provides for the refining in Ontario of nickel ores produced from lands that may hereafter be patented, and, if necessary to the development of the indus-

nesday. A number of other farmers in the same township have also lost director of mines, points out that vince of nickel ores and matte. director of mines, points out that in the seven years, 1892-98, the quantity of ore smelted and reduced to matte in the Sudbury district was 591,852 tons, valued at \$4,596,865 at the furnaces. But this was shipped to refineries in the United States, where the value of the metals was increased to \$14,372,357 by the processes of manufacture.

XXXXXXXXXXXXXXXX The German Emperor

Grape-Nuts. **EXXXXXXXXXXXXXX**

Kaiser Wilhelm Furnished With American Food.

instructions of a German physician, a case of Grape-Nuts Food was lately sent by express to the German Emperor, Kaiser Wilhelm, at Ber-lin. This food has come into recognition by physicians as perhaps the most perfect form of nourishment in

The field grains, barley and wheat, are blended in proper proportions, ground and passed through some ten or twelve different operations, during which the starch of the grains is turned into grape sugar.

The food is in shape of small granules, perhaps twice the size of a pin head. These are brittle and covered with glistening crystals of grape sugar which has been produced by the processes and form out on the surface of each small granule very much as the sugar settles and crystallizes on the end of a hickory or maple log, under certain conditions.

This product has a delicate, sweet taste, not the strong sweet of cane or beet sugar, but the delicate sweet of grape sugar, and it is the most easily digested food known, particularly ap-

Most so-called health foods are inclined to be flat and disagreeable to the taste, to be used under a sense of duty. Grape-Nuts, on the contrary, is not only the highest known form of health food, but is palatable and delicious. It is thoroughly cooked before leaving the factory and can be served instanter, either cold with a little rich cream or made into a hot dish by pouring some hot milk or cream over it. Grape-Nuts are also used for dainty

While the total amount paid in wages expenses. As this work has cost the in Ontario in seven years was only \$1,929,894, it is certain that not less than \$10,000,000 has been paid for wages,

services and profits outside of Ontario. Mr. Blue concludes as follows: "Ore bodies of considerable promise have been discovered this year be-tween Lake Temagami and Lake Temiscaming, 75 miles northeast of the working mines at Sudbury. They are within the same mineral-bearing belt of rocks of the Huronian formation which extends across the country from Lake Huron to Lake Abitibi on the boundary between Ontario and Quebec. In this extensive tract it seems probable that large bodies of copper-nickel ores may be found, and before upon it the public interests appear to require that measures should be taken to assure for the province a larger share in the profit of the mining industry than is at present attainable: Accordingly the undersigned recovi-mends for early adoption a policy under which hereafter all grants for mining lands shall be made subject to the provision that the nickel and copper ores of such lands shall be treated and refined within the province, so as to produce the fine metals for the market with home labor and obtain for our own people a larger share in the distribu-tion of the profits of the industry."

Amusements.

One of the great charms of "A Man of Mystery," which will be seen at ta-Grand tonight, in its simplicity. There is no involved plot or mixed-up mudals of happenings. A young man is leading a double life, being known to his pals as the "Shadow," a desperate burglar, while his relatives regard him as a model young man. He tries to rob his uncle, is caught, and dies. That is the plot in a nutshell.

"The World" will be at the Grand Opera House Monday night. All the original scenery will be utilized, the mammoth ship covering the entire stage of the theater. The great scene of the piece is the sinking of the ocean liner, a stirring and exciting scene which is followed by a view of the rescue by a passing mail steamship. Prices, 10, 20 and 30 cents. As a special inducement ladies will be entitled to the best reserved seat in the house for 15 cents if secured by 7 p.m., Mon-

The Broakwater.

To the Editor of The Advertiser: I would like to ask the engineer, or plicable to digestion in the intestinal whoever is responsible, how they intend tract where so much trouble is nowa- to keep the sand from washing away days shown from the excessive use of which has been placed south of Bartram's, on the breakwater. The village council made the same mistake about nine years ago. Not one year, but two, I advocated building of spurs to throw the current off, which was not done The consequence was that it all went away when the water rose, which will occur again, 'as the river has not changed any, and the fact of the water-works dam not being built will make it run more 'swiftly. The chairman's report says that \$1,500 has been spent on the West. London breakwater, some of night, was allowed to go.

—For the past ten days the Wellington Street Methodist Church has been holding special revival services, under the supervision of the Misses Ball. The lowed by other passages expressive of the perfection of the higher life, such as "Eye hath not seen." The second part was suggested by the words: "I saw a new heaven and a new earth, factories in Battle Creek, Mich.

In Grape-Nuts desired with gelatine or fruit dustry the west find the was lowed by other passages expressive of the perfection of the higher life, such as "Eye hath not seen." The second part was suggested by the words: "I saw a new heaven and a new earth, factories in Battle Creek, Mich.

In Grape-Nuts desired with gelatine or fruit dustry the wash of the west two prices—I should say there. We got this same work done for 12½ cents per yard, measuring the expressive of the perfection of the higher life, such as "Eye hath not seen." The second part was suggested by the words: "I saw a new heaven and a new earth, so the west for dustry the west with gelatine or fruit dustry the west with gelatine or fruit dustry the west with gelatine or fruit the perfection of the higher life, such as "Eye hath not seen." The second part was suggested by the words: "I saw a new heaven and a new earth, so the second part was suggested by the words: "I saw a new heaven and a new earth, so the with gelatine or fruit the west with gelatine or frui
