CHELSEA

The New Bridge is now finished and you can now get over to Chelsea Green with comfort and safety.

The excavation for the Waterworks system was started last week and will be pushed to completion. A number of lots were sold during the week and a number of houses have been contracted for.

If you want a home now is the time to get it. If you want a house built so that you can move into it before winter sets in now is the time to make up your mind.

REMEMBER

That Chelsea Green is only a few minutes walk from the proposed South St. Street Railway Belt Line.

That there are good sewers.

That you will be supplied with first-class spring

That you will not be charged with taxes for this year.

That your taxes will be county taxes in future. That a school will be built on the property before next spring.

That the land is high, dry and healthy.

That part of the property will be reserved as a Park and Recreation Grounds. That no intoxicating liquors will be allowed to

be sold at any time on the property.

That the Company will build a house to suit you, from your own plans, and only require a small payment to be paid down and easy monthly payments after the house is built.

That the southeast part of the city is where the majority of the workingmen will be employed in the future.

That Chelsea Green cannot be surpassed as a building site for a home. You will be sorry if you do not buy a home and

go and live on Chelsea Green. I will be on the grounds Saturday from 3:30

p. m., until 6 p. m.

Call over and see the property for yourself and then call and see me, or drop me a card and I will
