CROSSED OCEAN IN 16 HOURS, 12 MIN.

Successful Voyage of Captain Alcock and Lieutenant Brown.

London, June 16.—When the Vickers-Vimy biplane, driven by Captain Alcock, was first sighted crossing the Irish coast, says a dispatch to the Daily Mail from Clifden, an airplane flew out from the Oranmore airbase to render assistance. This machine, grounded near the Vimy, but unfortunately was wrecked, owing to the softness of the ground.

When the Vickers-Vimy machine landed, Lieut. Arthur W. Brown, the navigator, said to Captain Alcock: "What do you think of that for fancy navigating?" and the pilot of the machine responded: "Very good." The two men who had just completed an epoch-making voyage then shook hands.

When assistance reached the machine, the two aviators were helped to the ground and it was found that Lieut. Brown was slightly injured on the nose and mouth by the jolt given the machine, when it struck the ground. Both men were deaf and dumb and were unable to walk steadily for some minutes. They quickly recovered, however, and were escorted to the wireless station in triumph, being given the best hospitality available. They distributed cigarettes as souvenirs, and gave away the small document which was issued during the trip. The engine equipment was run-acked by the crew during the journey.

\$50,000 FIRE AT NEWCASTLE, N. B.

Newcastle, North, June 16.—Fire broke out in the lumber yard of the Edward Sinclair Lumber Company this afternoon and was so serious that assistance was sent to Chatham for fire apparatus, which quickly responded to the call. The flames did not reach the mill but were confined to the lumber piles. The loss is about \$50,000.

DESERTER LEAPED FROM FAST MOVING OCEAN LIMITED.

Henry Girozard Risked Life to Escape Custody of Dominion Police Officers Nine Miles Above Newcastle Saturday Evening—Baldly Injured but Will Recover.

In an effort to escape from the custody of Dominion Police Officers who were taking him from Newcastle to Bathurst for trial for desertion, Henry Girozard, a young man whose home is at Bathurst or vicinity, leaped from the car steps of the Northbound Ocean Limited Saturday evening, nine miles out of Newcastle and when he recovered consciousness walked and crawled back to the latter town, where he was recaptured some time later by the officers, who went back after their man escaped. Girozard was badly cut about the face and received severe shock, which necessitated his removal to the hospital for treatment.

The young man, who is about 24 years of age, was arrested by Dominion Police Officer J. Richards at Newcastle, where he was working in a mill. Officer Richards, accompanied by Officer A. A. Facon and Landry, was taking him to Bathurst when he asked permission to get a drink. His request was granted and he took advantage of the opportunity to escape, risking his life in a leap from the express, which was running considerably over thirty miles per hour. His action was witnessed by passengers and some of the train crew, who called out to the deserters. The latter jumped at the first and were seen at the station. Girozard, though badly injured, will recover.

Eddy's Indurated Fibreware Washtubs and Washboards

form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too. Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.
