The twenty-fourth annual repert of the Quebec fish and game protection club, which has jost been issued, refers to the unprecedented success which it has achieved during the year. An act has been passed by the legislature for the better preservation of the game of the province which the club thinks is a very great improvement on anything yet obtained. Twenty-one actions in all were takes by the club during the year, out of which there were sixteen cenvictions. Thirteen unlicensed nets were seized, and a great number of unlicensed apparatus destroyed. The total number of members belonging to the club is 387, 12 new names having been added since the ast annual meeting.

Nothing annoys Sir Difenderfer quite so much as an able-bodied bore. One day after a half-hour's vaporing from one of this peculiar genius, he said: "Well, call in to-morrow afternoon, or any other afternoon this week." 'But,' said the parasite, 'you are never here in the afternoon." That's all right; that's the reason I want you to call at that time."

* Among the ladies who may read this Among the ladies who may read this there may be several sickly ones who have made up their minds to act on the old saw which specifies that "What can't be cured, must be endured." While the truth of the old proverb is self-evident it is just possible they may have erred in judgment as to the possibilities of the healing art, outside the possibilities of the healing art outside of the medical profession, and before giving up in despair they had better test the effi-eacy of Mrs Lydia E Pinkham's Vegetable Compound, which is now attracting universal attraction.

GRATEFUL-COMFORTING

"By a thorough knowledge of the natura' aws which govern the operations of digestion and autition, and by a careful application of the fine properties of well-selecte i Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctore' bills. It is by-the judicious use of such articles of diet that a constitution may be gradually built up up until strong eneugh to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourshed frame."—Civil Service Gazette.
