supplies. To our mind there is only one remedy, and the remedy is short and sharp, namely, to have three commissioners appointed for the management of our public-schools; to have the powers of these commissioners accurately defined, and to confine them strictly to their statutory duties. We believe three commissioners at a salary of \$2500 a year, to look after our schools under a year.

There is danger in neglecting a cold Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician.
