Parties contemplating taking a trip to the Northwest or British Columbia would consult their own interests by calling at the G. T. R. station and getting rates. D. O'NEIL, Agent, WATFORD.

Good Outlook for Fruit Prices.

Thus far during the present season growers have been receiving good prices for the bush fruits, and the outlook for the larger classes, including apples, appears to be equally favorable. The demand consequent upon prevailing "good times" is keen in the cities and towns, the consumption of fruit being everywhere upon the increase. While the crop conditions in Britain have improved, the European and American crops are reported much smaller, while in Canada, according to the latest report of the Fruit Division, Department of Agriculture, Ottawa, the prospect for apples has declined seriously for the early and fall sorts, the indications being for an average crop of winter fruit. A fair crop of peaches is promised, but in case of pears there has been an almost unusual reduction in prospects and plums are less encouraging than they were a month ago. Outside of Southern Ontario and British Columbia the grape crop has been reported as likely to ripen imperfectly, and even in the more favored districts weather conditions may yet greatly affect the output. Farmers, as well as those who make fruit-growing a specialty, are therefore well advised in husbanding the crop with very great care and looking for high prices in contracting deliveries ahead.—Farmers' Advocate.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient by building up the constitution and assisting nature in doing its work. The proprietor has so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

THE WESTERN FAIR.

The Western Fair, London, Ont., held this year Sept. 6th to 14th, will without doubt be a great success. Entries are coming in fast in all the departments. At the present time indications are that the Horse Exhibit will be very large.

The London Hunt Club have kindly offered to exhibit the six couple of hounds and horses composing the Hunt team that won this class in the International Horse Show at London, England, this year in competition with the world. The Exhibition will be composed of four Horses, ridden by the Master Hon. Adam Beck, the Huntsman and two whips in the Hunt colors, and will consist of Horses in their exhibition of jumping exactly as shown when winning the above prize. Mrs. Adam Beck has kindly consented to exhibit her harness horses, carriages and appointments, as exhibited at the above show. This will certainly be a sight worth travelling miles to see. It will be given on Tuesday and Wednesday afternoon before the Grand Stand.

Programs have been issued and all the attractions as advertised will take place daily. All information given on application to the Secretary, General Offices, London, Ontario.

KERWOOD.

Miss Eva Waddell, of Strathroy, was the guest of Miss Annie Richardson last week.

Mr. and Mrs. Jas. Bole, of Winnipeg, spent a few days at the home of Mr. Robert Morgan before leaving for the West.

Messrs. H. J. Langford and J. J. Foster leave Aug. 27th on a holiday trip to Alberta.

Rev. Thos. Rogers spent Sunday of last week with his brother our genial postmaster.

Miss Richardson leaves this week to take up her duties as Deaconess at Broadway Tabernacle, Toronto.

Born—On Thursday, Aug. 22nd, to Mr. and Mrs. F. H. Wright, a son.

Last Sunday Aug. 25th Harvest Home Services were held in Kerwood Methodist Church, Rev. G. J. Kerr a former pastor preached at both services.

Mr. Waddell's beautiful home is nearing completion, and is quite an addition to our thriving little village.

Hay Fever Germs are now Floating About. They are in the air everywhere, too minute to see, but just waiting for a chance to get into your lungs. Then they will play havoc with your breathing apparatus, and you'll wonder what to do. The doctor will say you had better inhale Catarrhazone for it kills hay fever germs, and more over is dead certain to reach them. Catarrhazone cures every time, and absolutely prevents the disease from returning. You inhale Catarrhazone with the air breathed; it goes directly to the source of the trouble and cures by removing the cause. At druggists, or sent with guarantee of cure, to any address for \$1.00 forwarded to Polson & Co., Kingston, Ont.

DETECTIVES of Chicago are searching for a mysterious robber who snatched the handbag of Mrs. Mary Braugh, of Oil Springs, Ont., containing \$200 in cash and jewels valued at \$500, while she was raising a window in a sleeping car.

Have you tried Holloway's Corn Cure? It has no equal for removing these troublesome excrescences as many have testified who have tried it.

Kettle Point Indians Will Get Some Money.

Last week Sarnia had the honor of a visit from three gentlemen from the other side of the lines, of much note in their respective communities and whose presence in Sarnia was in course of the prosecution of a very curious and interesting inquiry, an inquiry moreover, which it is hoped may ultimately result in much pecuniary benefit to the parties concerned. The members of the party were Dr. Wooster, a big official of the Bureau of Indian Affairs at Washington, Rev. B. Morested, a clergyman of Bark River, Wisconsin, and Mr. Charles Pak-echo chief of the Pottawatome Indians, of Green Bay, Wisconsin. The business which brought the three gentlemen to Sarnia was to make inquiry as to whether any, and if any, how many of the Chippewas of the Sarnia band were entitled to a share of the proceeds of what is known in political circles in Washington as the great Pottawatome land claim.

In all, the commission obtained an enrollment at Sarnia of 117 persons with undoubted claims to share in the distribution of the avails of the Wisconsin land claim—that is, of course if the distribution ever comes to be made. Of these, thirty-three are resident on the Sarnia Reserve, and eighty-four on the reserves at Kettle Point and Stony Point.

A Cordial Invitation to Diseases.

This is an apt description of consumption. It's a natural condition to begin with; and it's more, because it brings about blood deterioration, interferes with digestion, renders you susceptible to infectious diseases and causes anaemia. Not so much a purgative as a natural stimulant, it restores the bowels to their normal state, and the bowels are what you need. You get it in Dr. Hamilton's Pills which increase liver activity, restore the bowels to perfect action and positively cure constipation and its attending evils. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

Blended Flour.

Modern farming has become a business proposition, and men engage in agriculture because it returns annual profits on the money and labor invested. Unfortunately the farmer, and the variety, quantity, and quality of goods produced, determines the success of the man engaged in the agricultural business.

But the market must be considered, and demand must be created and catered to, if business is to advance. Unfortunately for Ontario farmers, the demand for what ought to be the most valuable product of their fields has declined. Western millers have introduced a flour which, though lacking in flavor, contains more "strength," or gluten, than that which is milled from the more finely flavored Ontario wheat. Ontario consumers, by the extensive advertising of the alleged superiority of Western flour, were soon convinced that flavor must be sacrificed to strength, so the home market was largely lost, and farmers began to notice the increased cost of feed, and the low prices to be obtained for their wheat.

By a series of chemical analyses and experiments which have extended over a decade, it has been demonstrated that by the addition of a small proportion of Western wheat, Ontario blended flour contains the necessary gluten to successfully compete with its Western rival, and still retain the flavor which is peculiar to Ontario grain. Bread made from blended flour soon found a ready sale in Toronto, and within a year or two after the introduction of blended flour on the market, the Maritime Provinces have shown such preference for these Ontario-milled flours that certain milling firms have doubled their plants in the last six months.

It has been already pointed out that the farmer as a business man, must consider the market and the inexorable law of supply and demand. Now Ontario ought to deserve the first attention, and the home-market of the Province should feel the effect of the demand for Ontario blended flour.

Looking for the farmer is both a producer and a consumer, and as such, has a double interest in helping to create a demand for Ontario-grown wheat. When the individual farmer realizes that the purchase of the new flour means better bread on his table, better prices for his wheat, and an ultimate substantial decrease in the cost of bran and shorts, the battle to regain the Ontario market for an Ontario product will be as good as won.

Pat Declined to Take Any Chance.

A freed returning with his wife from a visit in England relates the following:—"We toured the south of England in a motor car, one of the most beautiful and at the same time, out-of-the-way places we visited, was Broomtown. We saw some truly wonderful epitaphs there."

Looking about we noticed a man down on his knees before a tombstone writing on the marble. As he got up and walked away, we approached the slab, and this is what we beheld, engraved in the marble:—"Hear unto all you standers by, As you are now so you must be; Prepare for death and follow me." To this Pat had added with his pencil:—"To follow you I'm not content, 'Till I know which way you went."

It Does Cure Womanly Ills.

"I feel it my duty" writes Mrs. S. Mead, of Fraserville, Ont., "to let you know that sometime previous to the change of life I suffered more than I could tell. Neighbors told me Ferrozone was the only remedy and their advice was good. Ferrozone put a stop to my pain and sickness, had a direct action on my troubles that relieved from the start. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone." Instant relief is found in Ferrozone for female weakness of every kind, 50c per box at all dealers.

CASTORIA The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance.
