Moore McCormick be Surveyor of Lumber try elaborate efforts have been made to as certain the influence which soil and climate Ordered, That the Warden be authorized have upon fruit trees. These investigations to obtain legal advice in relation to legality have been carried so far that we are enabled better than ever before in the history of fruit culture to decide what manures and fertilito confer with County Treasurer, the same | zers to apply to our trees when growing on certain soils. We know also in what climate the various sorts of apple, pear, peach To the Warden and Councillors of the and plum trees do the best, and where their cultivation is not consistent with good farming. All of this is of inestimable value to

That they have interviewed said J. R. Hart, Co. Treas., and that he will continue to perform the duties of Treasurer to this Municipality provided this Council will vote him the sum of (\$50.00) Fifty Dollars in addition to present salary for year 1894.

W. G. CLARKE,

JOSHUA J. BUCKLER. question. The graft generally predominates vitality when grown to seedling stock, but it does not follow that the stock does not influence at all the fruits of the graft. entire building and furnishings, out of interest obtained from Western Counties Railway that it furnished a large tree on which to make grafts of superior fruit grow, and the larger the stock the better it was for the purpose. Now from experience we are taught the older and larger the seedling stock is the more influence it has upon the the fruit of the graft, and the stock that is so young that it has never produced fruits will leave hardly any trace of its influence upon the

In our markets we have this illustrated in sum not to exceed \$6,000 for cost of entire building and furnishings, out of the interest Russets and other varieties of apples. They obtained from Western Counties Railway do not run evenly, and some of them have been changed so from the original and typi-Upon hearing read the report of committee on Assessment, the same was on motion resimply a question of size, but one of color, shape and flavor, and general appearance. To the Municipal Council of the County of Baldwins grafted on a strong, sturdy Greening will partake more of the greenish color Your committee on assessments report as of the latter than is common with the typical Baldwin. There is no doubt but the 1. We recommend that the sum of \$8.21 be paid to George Murdoch for taxes illegally collected in Ward 4.

2. That the sum of \$6.02 be refunded Edgar Bent for taxes illegally collected in Ward 3.

3. That collector of Ward 1 be relieved of \$4.88 illegally assessed.

The Time for Planting Corn.

Some farmers are of the opinion that corn wed of \$3.01 illegally assessed.

6. That the collector of Ward 12 be reshould be planted early. Others argue that of \$4 43 illegally assessed.

8. That the collector of Ward 6 he relieved of \$0.66 illegally assessed.

The larger amount of taxes relieved in Ward 1, 2, 3, 12 and 16 are for poll taxes against parties who are absent from the tremes should be avoided in planting corn. One is planting it so early that there is danger of it being nipped with the frost, so that Ordered, That a committee of five be appointed to build the Asylum. Committee: other extreme to be avoided is planting it so Warden Roop, Councillors Vidito, Fowler, late that it will be caught by autumn frosts before it is ripe. But in northerly latitudes Ordered. That the report of the committee | it may not be possible to avoid both of these

Potash for Fruit Trees. Potash is useful to fruit trees at any state of growth. It is one of the principal elements entering into the growth of the tree, and its effect upon the foliage and upon the general vigor of the orchard may be readily scerned. We have found it useful in applying it to pear trees in increasing the productiveness, as well as in increasing the size and excellence of the fruit. It is of nore benefit on light soils than on heavy

-Many of our farmers have been helped o pull through by the good wife and her flock of poultry. At the grocery stores where farmers deal I notice many of the living necessaries as well as the comforts of life are paid for largely in eggs and poultry. Wood ashes wherever made should be preserved. They are rich as a fertilizer, and valuable in the garden, and for corn and wheat as well, and the value of a liberal application of them will be seen for years. Keep covered until ready to apply them to

the land, so they will not leach. Measuring a Room. In a catalogue recently issued by Kayser

& Allman the following rules are given for the measurement of rooms to determine the exact amount of paper required to cover its As most paper when trimmed is cighteen inches wide and twenty four feet to a single piece, a piece will contain thirty-six squar

Measure the length and height of each wall in feet and multiply. Ald together the number of equare feet of each wall, getting the total number of square feet. Divide this

the total number of square rece.

Total with thrirty six, which will give you the number of pieces required for side wall. Allow one half piece of paper for each door and window.

To allow for waste in matching it is safer to divide by thirty-three instead of thirty-size. six.
To find number of single pleces required for ceiling, multiply length by width, in feet and divide by thir:y-three.

Dr. Edward Bedloe came over L n P trates in part what is meant by it. Some over from Pottsville on some government years ago I heard with deep interest about business. He was all ears and eagerness.

would have fallen twenty feet, on to the stones below. She was looking at Sarah and is a very poetical doctrine of metempsychosis laughing gayly, even throwing kisses from which our friends of the The osophical society what did Sarah do? Almost without an "Here, here, doctor, tell me vot dot

instant's hesitation she said, in her cheering | means, so I can understand vot you vas talk-"If little Dee will go to Sarah's room she will find something pretty and sweet for her guage. Take yourself for instance. You live to the allotted age of threescore years If there was one thing that little Dee had and ten and then you pass away. Your

"Oh dot is peautiful, peautiful! I like

A Gentle Animal.

deer editur-pa has not been 2 work this because the nice wether wos comin we orter haive a hoss. an pa sed, at nite, he wood

al rite, I will get 1, sed pa. so on saturda nite pa brote home the hoss, an on sundy morning we al went out 2 look at him.

wel, sed pa, i gess i no a hoss wen i see 1, i will hitch him up an drive him a round nother of the small hostess found that her so he got out the lite wagon and brote the

from 5 to 10, the evening proved a prorite away he commenced to kik, and pa

but the hoss woodent move. ma commencid 2 cri. u wood spile ani hoss, sed pa. Yuve been

u lie, josier, sed ma, u lie, u no I havent sed 3 words, an i don't beleve that hoss wood heer ani way. i beleve hes deff, dum, blind and halt. ura ole fool, an he nose it, an dont beleve he wil ever go 4 u. pa al the time was hitin the hoss with his wip an trien 2 maike it go, but it woodent,

talkin so much he is skart.

i no wat will maike him go, sed pa. i wil pa stud up in the wagin an leaned over on the hoss so he cood blow in his ear, an as soon as pa stud up the hoss give 1 jump an pa set down in the bottom ov the wagon, an the way that hoss bhaved was just shaimful. he stud up on his hind laigs an tried 2 stand on his head, an he run over mas flowers wat wos standin' in the sun, an he run out the

tained, and the broken dishes are perhaps pa was brot home in about 2 hours on a more difficult to get rid of, but they can be buried. The ashes, which so frequently mar hutter. the hoss was cort in a drug store. the wagin hasn't been found. pa will haiv the appearance of the back yard or alley, 2 pay the druggist 100 dolars. can be spread upon the roads or driveways. It all requires persistent and constant care, but all can easily be effected by those who will take the trouble to do it and they will be abundantly rewarded for their efforts by

> rowfully about the deathbed to watch the last breath of a loved one. Stretching out a wasted hand to her husband, she feebly "William, will you promise me not to "Yes, dear wife, I promise you," replied

A Virginia wife was set free because "the smile she sank calmly to her rest. She had defendant does not come home until 10 p. got in the last word. -Wife-" Did you bring me that present Husband-"I have changed my mind

awful liar." And with a sweetly placid

change their minds so often never get a good REMEDIES FOR A COLD .- Wife-Hadn't ou better stay home to-day, dear? You have such a cold. Husband (thinking well of the idea)-I don't know. I guess-Wife-You could clear the snow off the

ing, an I wanted ter sleep where I and heal

-New Boy-There is a man outside wants to see you about a bill. Editor-Tell him I've gone out of to

long in choosing you!"
