Statistics, 1993 1994 Depital, \$ 500,000 \$1,255,200 \$1,255,200 (Joness 6, 24,26) \$1,257,200 (Joness 6, 24,26) \$1,257,200 (Joness 6, 256,26) \$1,255,200 (Joness 7, 100, 100) \$1,255,000 (Joness 7, 100, 100) \$1,255,000 (Joness 7, 250,000 \$1,255,200 (Joness 7, 250,000 \$1,255,00	She was not pretty, but she was radi- antly clean and wholesome, and she had a smile that suited her face as the bloom suits a red apple. It seemed the outward evidence of a perennially spontaneous joy in mere existence. So, th ough a whimsical putting together of the president's word and her own joyous disposition, the name was form- ed-Happy Medium-Bradford's Happy Medium. But if the name suited her in one respect, it did her, gross injustice in another, for there was nothing what- ever "medium" about her. It was just after Christmas that she came to the office. By February even Mr, MacDonald admitted that she had made herself useful. She worked ra- pidly, she learned rapidly, she was in- telligent, she was trustworthy. That she listened in an inoffensive way to what went on in the office, and remem- bered, was demonstrated more than once by her intelligent subsequent ac- tion in the little details given to her care. This made her the more valu- able. At first the humcrous chaffing, al- though not unkindly meant, made her timid and threatened almost to dim	ing in the outer room. When the watchman returned and let himself in Action of the himself in Action of the himself of the him	would into one man posted as sentry, the officer struck a light, but, the place was deserted – the fellow had found some early cause for alarm and had fiel. Whether or not he had warned the others remained to be seen. Bradford pulled out his keys, and with elaborate care unlocked the office door. As the door opened silently the sound of low voices from within came to him, and he smiled grimly. He wasted no time, but, followed by the officer, with the little girl tremblingly bringing up in the rear, he tiptoed across the main office and entered the inner room. Neither of the two busy men within had left his place since Marjorie had crawled from her basket. No sound had reached them to give them an ink- tion for their discomfiture. Both were so excitedly intent upon their work that even when Bradford entered heither looked up. "Well Hendricks," said the young man, quietly, "do you think Smith, Shores & Company can bid lower?" The culprits jumped as if under a lash. Hendricks threw himself for- ward half across the table, staring with	Museum, but long since lost sight of, has been found hidden away in the antional storerooms. The coat is white, with brown spots here and there, and on the thigh is branded the letter "N," surmounted with the im- prela crown. This most interesting of the Second Empire by the Natural History Society of Manchester. Cholera Infantum. This has long been regarded as one of the most dangerous and fatal di- seases to which infants are subject. It can be cured however, when proper- ly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remdy and castor oil, as directed with each bottle, and a cure is certain. For sale by S. N. Weare.	poems by Henry van Dyke, John Fin- ley and E. S. Martin. Certainly no more distinguished list of writers has appeared together in a single number of a Magazine. A Family Necessity Is a rem.dy capable of affording im- mediate relief to the hundred and one alments that constantly arise. It may te a cold, perhaps toothache, nou- regia, rain in the tack,-use Nervi- line, it's more paterating, pain subdu- ing and powerful than any other lini- ment. Nerviline is at least five times stronger than ordinary remedies and its worth in any household can't be over-estimated. For man or beast Nerviline is a panacea for all pain and costs only 25c, per bottle. Buy Ner- vilino to-day. -Japan in territory is very little larger than Nova Scotia. Yet the in- genuity of the farming in Japan may be inferred from the fact that the 45,- 000,000 inhabitants live almost entire- ly on the production of that country. -Politeness, or civility, or urbanity, or whatever we may choose to call it, is the oil which preserves the machin- ery of society from destruction.	is selling the Magdalen Islands to a New York syndicate. These islands are valuable for their mineral and her- ring fishing. There is some fretting over the alienation of public property in this fashion, but it remains, of ourse, under Canadian law as before. The real cause of irritation should be, that while New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New Yorkers may buy up any quantity of Canadian territory, the laws of New York forbid aliens to own land in that state.
