GOOD PACKING BUT POOR COLOR

Ottawa, February 15.— Canadian Trade Commissioner W. J. Egan, of Capetown, reports to the Trade and Commerce Department that opinion among the various dealers varies in reference to Canadian apples received in South Africa during the past year, Durban dealers report grading and packing of Nova Scotia fruit to be all right in every particular. They complain, however, that Nova Sco-tian "Kings and Wageners" on the whole are a great disappointment, as they were poor in color and in keep-ing qualities. The Ontario fruit left nothing to be desired. Mr. Egan says the South African market during October, November and December is splendid for good Canadian apples
