PICKERING COLLEGE,

SITUATION In Pickering, Ont., on the G. T. R., twenty miles east of Toronto, and five west of Whitby, in full view of Lake Ontario.

COMMERCIAL FORM.

Many boys and young men are anxious to obtain a thorough business education without being forced to study those subjects required only for entrance into the learned professions. To meet this want, there has been established in Pickering College a *Commercial Form*, in which no student is required to take other subjects than Commercial Arithmetic, Book keeping, Penmanship, Business Composition and Commercial Geography. These subjects are taught so thoroughly that an industrious and attentive pupil, who has passed through the form, will be as competent to work in a counting house or take charge of a set of books as it is possible to be without a year's business experience. Commercial Certificates are awarded to students who pass the required examinations.

In the past the Commercial Form has been one of the most satisfactory departments of the College. Students in it have made very creditable progress, and have attained results which quite justify the above statement.

Any student of the Commercial Form, who wishes to do so, may take up any other subject taught in the College.

Phonography.—Two large classes were maintained in this eminently useful subject, up to the end of the school year. Tuition free.

The Entrance, Intermediate, and Toronto University Examinations are held in the College. Students prepared for matriculation into Victoria and Queen's
