

CIRCULAR

Montreal, May, 1867.

THE Subscriber, in withdrawing from the late firm of Messrs. A. & D. Shannon, Grocers of this city, for the purpose of commencing the Provision and Produce business, would respectfully inform his late patrons and the public, that he has opened the Store, No. 443 Commissioners Street, opposite St. Ann's Market, where he will keep on hand and for sale a general stock of provisions suitable to this market, comprising in part of FLOUR, OATMEAL, CORNMEAL, BUTTER, CHEESE, LARD, BEANS, DRIED PEAS, DRIED APPLES, and every article connected with the provision trade, &c. &c.

D. SHANNON, Commission Merchant.

COUGHS AND COLDS

Sudden changes of climate are sources of Pulmonary, Bronchial, and Asthmatic affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should be at once had to 'Brown's Bronchial Troches', or Lozenges. Few are aware of the importance of checking a cough, or 'common cold,' in its first stage. That which in the beginning would yield to a mild remedy, if neglected, soon attacks the Lungs. 'Brown's Bronchial Troches', or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to obtain the genuine. Sold by all dealers in Medicine, at 25 cents a box. August, 1867. 2m

A CARD FROM THE AMERICAN WATCH COMPANY OF WALTHAM, MASS.

THIS Company beg leave to inform the citizens of the new Dominion of Canada that they have made arrangements to introduce their celebrated Watches to their notice. They are prepared to prove that their watches are made upon a better system than others in the world.

They commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States. Up to the present time, it has been impossible for them to do more than supply the constantly increasing home demand; but recent additions to their works have enabled them to turn their attention to other markets.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand. In them, all those mysterious and infinitesimal organs which when put together create the watch, are the result of slow and toilsome manual processes, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepins and so-called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant. He stamps and engraves them with any name or brand that may be ordered—whether London, Paris, Geneva or what not; and many a man who thinks he has a genuine "M. I. Tobias, of Liverpool" (whose only fault is, that he can never regulate it to keep very good time), is really carrying a cheap and poor Swiss imitation.

HOW AMERICAN WATCHES ARE MADE. The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All their operations, from the reception of the raw materials—the brass, the steel, the silver, the gold and the precious stones, to the completion of the Watch, are carried on under one roof, and under one skillful and competent Director. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust it a hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it. If any part of any American Waltham Watch should be lost or injured, the owner has only to address the Company, stating the number of his watch and the part wanted, whether it be spring, pinion, jewel, or what not, and by return mail he would receive the desired article, which any watchmaker would adjust to its position.

The Company respectfully submit their watches on their merits only. They have fully succeeded in overcoming popular prejudice in the States in favor of European watches, and solicit a thorough examination and fair trial for their manufactures elsewhere. They claim to make

A BETTER ARTICLE FOR THE MONEY by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low priced, and substantial article, in solid silver hunting cases, especially adapted to the wants of the farmer and lumberman, to the finest chronometer for the navigator; and also ladies' watches in plain gold or the finest enamelled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED by a special certificate given to the purchaser of every watch by the seller, and this warranty is good at all times against the Company or its agents.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by every body as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative pill. The obvious reason is, that it is a more reliable and far more effective remedy than any other. Those who have not known that it cures them, those who have not known that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable in their nature, and can be used in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and neighboring organs, and by restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:— For Dyspepsia or Indigestion, Listlessness, Langor and Loss of Appetite, they should be taken moderately at intervals of one or two hours, and restore to the stomach and bowels their healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice, or Green Stools, Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Dysentery or Diarrhoea, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as regards the discharge of urine from the system. With such change those complaints disappear. For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purgative. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often mischievous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases which a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this Pill are known, the public no longer doubt what to employ.

What Did Irl—A young lady, returning to her country home after a sojourn of a few months in New York, was hardly recognized by her friends. In place of a rustic, flushed face, she had a soft, ruddy complexion, of almost marble smoothness; and instead of 22, she really appeared but 17. She told them plainly she used Hagan's Magnolia Balm, and would not be without it. Any lady can improve her personal appearance very much by using this article. It can be ordered of any druggist for only 50 cents. SARATOGA SPRING WATER, sold by all Druggists.

HELMSTREET'S INIMITABLE HAIR COLORING has been steadily growing in favor for over twenty years. It acts upon the sebaceous glands at the roots of the hair, and changes it to its original color by degrees. All instantaneous dyes deaden and injure the hair. Helmstreet's is not a dye, but is certain in its results, promotes its growth, and is a beautiful Hair Dressing. Price 50 cents and \$1. Sold by all dealers. SARATOGA SPRING WATER, sold by all Druggists.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera-Morbus, &c., where a warming is required. Its careful preparation and entire purity makes it a cheap and reliable article for culinary purposes. Sold every where, at 50 cents per bottle. SARATOGA SPRING WATER, sold by all Druggists.

AGUA DE MAGNOLIA.—The prettiest thing, the "sweetest thing," and the most of it for the least money. It overcomes the odor of perspiration; softens and adds delicacy to the skin; it is a delightful perfume; allays headache and inflammation, and is a necessary companion in the sick room, in the nursery and upon the toilet sideboard. It can be obtained everywhere at one dollar per bottle. SARATOGA SPRING WATER, sold by all Druggists.

S. T.—1860.—X.—The amount of Plantation Bitters sold in one year is something astounding.—They would fill Broadway six feet high, from the Park to 4th street. Drake's manufactory is one of the institutions of New York. It is said that Drake painted all the rocks in the Eastern States with his cabalistic "S. T.—1860.—X." and then got the old grumpy legislators to pass a law "preventing disgracing the face of nature," which gives him a monopoly. We do not know how this is, but we do know the Plantation Bitters sell as no other article ever did. They are used by all classes of the community, and are dearth of Dyspepsia—certain they are very invigorating when languid and weak, and a great appetizer. SARATOGA SPRING WATER, sold by all Druggists.

"In lifting the kettle from the fire I scalded myself severely—one hand almost to a crisp. The torture was unbearable. The Mexican Mustang Liniment relieved the pain almost immediately. It healed rapidly, and left very little scar. CHAS. FOSTER, 420 Broad St., Philada." This is merely a sample of what the Mustang Liniment will do. It is invaluable in all cases of wounds, swellings, sprains, cuts, bruises, sprains, etc. either upon man or beast. Beware of counterfeits. None is genuine unless wrapped in fine steel plate engravings, bearing the signatures of G. W. Westbrook, Chemist, and the private stamp of DEMAS BARNES & Co., New York. SARATOGA SPRING WATER, sold by all Druggists.

All who value a beautiful head of hair, and its preservation from premature baldness and turning gray, will not fail to use Lyons celebrated Katharion. It makes the hair rich, soft and glossy, eradicates dandruff, and causes the hair to grow with luxurious beauty. It is sold every where. SARATOGA SPRING WATER, sold by all Druggists.

A CERTAIN CURE FOR THIS DISEASE

MAY BE FOUND IN THE USE OF

DAVIS' PAIN KILLER.

VEGETABLE PAIN KILLER.

MANHATTAN, Kansas, April 17, 1866.

Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly,

A. HUNTING, M.D.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine. REV. JAS. O. BOOMER.

Messrs. Perry Davis & Son.—Dear Sirs—Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy. REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:— At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear. Should the distress and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours. N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one.

The Pain Killer is sold every where by all Druggists and Chemists. Keepers. Price, 25 cts. and 50 cts. per bottle. Orders should be addressed to PERRY DAVIS & SON, Manufacturers and Proprietors, MONTREAL, C.E.
