Each other. Grocers and general storekeepers will find a profitable adjunct to their business in a line of our celebrated cigars. Once get a customer into the way of dropping in for a good cigar and you'll be surprised at the result. He comes in to buy only groceries and one of our fragrant LA CADENAS may catch his eye. He comes in for one of those satisfactory LA FLORAS to smoke on his way to the office and some new arrival in groceries tempts him into a purchase. See how it works? Profit both ways.

He may make a selection from other and less expensive brands such as

The varieties were red and white Fyfe.Says the *Calgary Herald*: The H. W. McNeill Co. are pushing operations at their coal mines at Anthracite, Alberta, and have between 400 and 500 men engaged. The average output a month is between 8,000 and 9,000 tons. A great deal of this goes east to Winnipeg.

To his Montreal creditors, whom he lately visited, P. W. Lavoie, a jobber and retailer of cigars and tobacco at Ottawa, has offered 25c. on the dollar. He owes some \$8,000, included in which is a considerable claim in favor of his wife. It is not so long ago that he arranged at 75 per cent.

In New York city smelts are worth 18 cents a pound, they say, and at Port Elgin, N.B., a man caught a ton in one day [with a seine, doubtless]. The *Sackville Post*, which tells this story, tells also that the resources of the N. B. & P. E. I. railway were last week taxed to accommodate shippers of smelts. One day 375 boxes of 35 lbs. each, or nearly seven tons, were forwarded by express to New York and Philadelphia by way of St. John, and two tons were sent by freight. Tuesday night 160 thirty-five lb. cases were forwarded by way of Halifax by express, and about four tons by freight.
