

5) Live Lobster:

- First quality with hard shell, all sizes for hotels and restaurants.
- Soft shell (lower quality) for retail trade.
- Claws have to be fixed with rubber bands (import of pegged lobster is prohibited).
- Possibilities also exist for frozen lobster in brine.

6) Canned salmon, lobster, crabmeat:

- Product should be free of heavy metals and accompanied by certification. Labels should include the name of the product, weight and drained weight in metric and list the ingredients and additives in either German, French or Italian (preferably all three).
