

IMPORTERS/DISTRIBUTORS/USERS

Direct exporting to the Arab Gulf States in the Middle East can be complex, and demands Canadian fish and seafood companies visit the region at least once a year, learn about the culture, and meet with potential importers, end-users, distributors, agents, and Arab Gulf State government trade officials. Canadian fish and seafood exporters must develop a network of contacts and establish close working relationships with key individuals.

In light of constantly evolving international circumstances, the following list of importers, distributors and end-users cannot be timeless or exhaustive. Canadian fish and seafood exporters are advised to check all relevant details with their commercial contacts and to adhere strictly to the specifications set by importers and authorities in all of the Arab Gulf States.
