## Procedural Guidance

### I. National Contact Points

The role of National Contact Points (NCP) is to further the effectiveness of the Guidelines. NCPs will operate in accordance with core criteria of visibility, accessibility, transparency and accountability to further the objective of functional equivalence.

#### A. Institutional Arrangements

Consistent with the objective of functional equivalence, adhering countries have flexibility in organising their NCPs, seeking the active support of social partners, including the business community, employee organisations, and other interested parties, which includes non-governmental organisations.

Accordingly, the National Contact Point:

1. May be a senior government official or a government office headed by a senior official. Alternatively, the National Contact Point may be organised as a co-operative body, including representatives of other government agencies. Representatives of the business community, employee organisations and other interested parties may also be included.
2. Will develop and maintain relations with representatives of the business community, employee organisations and other interested parties that are able to contribute to the effective functioning of the Guidelines.

#### B. Information and Promotion

National Contact Points will:

1. Make the Guidelines known and available by appropriate means, including through on-line information, and in national languages. Prospective investors (inward and outward) should be informed about the Guidelines, as appropriate.
2. Raise awareness of the Guidelines, including through co-operation, as appropriate, with the business community, employee organisations, other non-governmental organisations, and the interested public.
3. Respond to enquiries about the Guidelines from:
  - (a) Other National Contact Points;
  - (b) The business community, employee organisations, other non-governmental organisations and the public; and
  - (c) Governments of non-adhering countries.
