didate and that labor men were needed in the legislature. He said that Dr. Cody had evidently been ill-advised, for he had done excellent work in the church and was needed there.

Labor Man Confident.

James H. Ballantyne, speaking on behalf of Mr. Varley, expressed the opinion that when the vote would be taken Monday there would be little doubt as to which way the election would go. He went on to say that the Labor party ha i been charged with running the country into debt. "A few dollars spent now is justified for the cause for which the Labor party is working. I believe a great mistake has been made by Dr. Cody by mixing politics with his ecclesiastical mixing politics with his ecclesiastical duties." He referred to what the On-tario Government was doing for the sol-diers. "It is like the Union government,

The Candidate Speaks.

Mr. Varley dwelt chiefly on the statements that had been made by the opposing party. He said many of them were false and misrepresented. He went on to say that the Ontario Government was just now getting the opportunity to give a full account of itself. "The United States has swept aside everything for labor organization and in Ganada nothing has been done. I want to make a final appeal to you as one who can look after the nation's welfare." look after the nation's welfare."
Mrs. W. F. Singer, Toronto, vice-president of the women's auxiliary of the International Association of Machinists, expressed the opinion that the returned soldiers had been shamefully dishonor-ed and ought to have a returned soldier

to represent them.

Says it is Not Principle.

Rev. H. Robertson, Toronto, said it was not principle for Dr. Cody to relinquish the sacredness of his pulpit for linquish the sacredness of his pulpit for politics, and Mr. Varley was working for principle when he was representing the returned soldiers in the legislature, "Dr. Cody's action is gravely open for doubt and suspicion. If ever there was a time when ministers of the gospel were needed, it is now. No man who has started the work of ministering the gospel should turn back for a worldly position,"

Alan Studholme Speaks.

Alan Studholme, M.L.A., Hamilton, related experiences that he had had in New Zealand and the poverty that was in evidence there till the labor men were able to improve conditions. "If you had had the experiences I have had you would not go to the church for a leader." He referred to child labor and the crime referred to child labor and the crime that was being committed by having them work in factories while their fathers were overseas.

IMPROVE NAVIGATION

Parcelling Out of St. Lawrence River to Private Parties is Bad Business.

Kingston, Aug. 15.-Francis King of his city, counsel for the Dominion Marine Association, has returned from Atlantic City, where he represented the association before the international joint waterways commission which had before it two applications for approval of plans. The first proposal contemplates a new dam in and increased withdrawal of water thru the little river near Waddington, N.Y., with certain remedial or compensating works to protect naviga-tion in the rapid part of the main channel of the St. Lawrence and on the Morrisburg Canal and the second contemplates the complete damming of the south branch of the river south of Long Sault Island and the dredging of the approach to the power canal to Massena, with the advantage of establishing navigation to Massena and also greatly increasing the power and also greatly increasing the power available for the output of aluminum. The Dominion Marine Association is opposed at present to both proposals in view partly of the prejudicial effect upon the navigability of the river and also because of its opposition to the parcelling out of the St tion to the parcelling out of the St. Lawrence waters to private corpora-tions in a manner which is fast putting the river beyond control of the ting the river beyond control of the government, and will certainly materially prejudice any future general scheme designed to improve navigation and develop power as a national or international undertaking. Wrathy Over Action of York Township Council.

At the regular monthly meeting of the Danforth Park Ratepayers' Association, held in Gledhill Avenue Methodist Church last evening, the coal situation and the action of the York Township Council in the matter of securing supplies of fuel for the residents of the township was discussed at considerable length.

plies of fuel for the residents of the township was discussed at considerable length.

D. McCarthy, secretary, stated that the York Township Council were unable to bring about any improvement in the coal situation, and suggested that the members of council be asked to resign in a body,

The remark of Reeve Thomas Griffiths, which, it is stated, he made at the recent special meeting of council, that "any man who does not buy wood fuel is only standing in his own light," was commented on.

"The York Township Council must be interested in the fuel business when we are advised to buy wood at \$14 a cord," said Mr. McCarthy. "This is a hold-up price." he declared. "Wood could be bought for \$2.50 and cut for \$3, and delivered to Toronto for \$3, making a net the price of \$8.50; a cord. Where does the \$14 a cord come in?" asked the speaker.

The following resolution was adopted:

"That the York Township, Council be asked to commandeer all coal and wood in the township, and that all residents holding more fuel than the government allowance be dealt with by law immediately."

The boys were fined \$3 each. James Hall and Will Rayner paid in full, but Gordon Harris lacked 50 cents of the desired amount and was told to bring it in when he could. The other three, Charlie Rame, Gordon Reid and Peter Miller, did not have the wherewithal on them, but the magistrate let them go as they promised to hand the money in when they were paid by their employers.

New Toronto

NEW TORONTO HAS

Danforth Ratepayers Are Large Turn-Out in Aid of Soldiers' Comforts, on Janes' Property.

The people of New Toronto and Mimico turned out en masse yesterday to enjoy the gay times promised by the organizers of the garden party which was held under the auspices of the local branch of the Soldiers' Comforts Association. The party was held on the property of Geo. E. Janes, Third street, and was a huge success. There was a regular Midway, with cocoanut shies at three for a nickel, which was in charge of Lindsey Lawrence. The wheel of fortune, with C. W. Conn, E. E. Ruggles, Miss Rice, Miss Prentice and Wm. Boyer attending it, was very largely patronized, and was the greatest drawing card until the dancing commenced.

E. J. Appleton, superintending the "hotdog" stand, did a great business, as also did E. Lumley, assisted by Mrs. Grimshaw and Mrs. McCullum, who had one of the ice cream booths in hand.

A doll donated by Charles White was christened by W. H. C. Millard, and afterwards raffled, but, as no one was able to guess the name, which was Olive, it was sold by auction at the close of the evening. Fred Shackleton paid \$5.50 for it.

The dancing, on the floor which was specially laid for it on the lawn, was by far the most popular entertainment, and at a nickel a dance paid very well. There were waltzes, one-steps, two-steps and the old-time lancers.

The New Toronto Band was in attendance in the early part of the evening, and again demonstrated its ability. The dancers performed to the music of the plano, violin and kettledrum.

Altogether, it was one of the most successful fetes ever held in the town, and the board of management is to be congratulated on the arrangements made. This is the second affair of the kind given by the Soldiers' Comforts Association within a very short time.

The Mimico LO.D.E. will hold theirs on Saturday.

DISCUSS FIRE PROTECTION Earlscourt and Fairbank Ratepayers No

Fire protection and water supply were the debated subjects at a meeting of the North Earlscourt and Fairbank Ratepayers' Association, held in the Harvie avenue club house Thursday evening.

A part of Fairbank has been neglected by the township, according to citizens, and the consequence is that some strong feeling exists. There has always existed a divided opinion as to the use strong feeling exists. There has always existed a divided opinion as to the use of city water, some residents preferring the well water, others voting for city water. This part of North Earlscourt lies in a deep hollow and it is here where residents feel the loss of adequate water and fire protection.
