

of the financial condition of the Dominion.

Dr. Reid said that he had no doubt that the minister would make such a statement when the house was considering the appropriation vote of \$350,000,000.

Liquor Complaints. Mr. D. D. McKenzie reported to the minister complaints he had received of the improper use of customs warehouses in Nova Scotia.

Warehouse licenses were given to men in the liquor business, although there was prohibition in Nova Scotia.

Dr. Reid replied that the customs department grants no bonded warehouse licenses in any province without the consent of the provincial government.

Mr. McKenzie said that if they had no license they were imposing on a credulous public, for they said they had. There was no board or no authority in Nova Scotia to issue such licenses.

Premises Investigation. Dr. Reid thought Mr. McKenzie was mistaken, but he promised that the officers of the department would investigate.

Mr. McKenzie said there were warehouses of the kind he had described in New Water town, Gloucester and North Sydney.

Mr. J. H. Sinclair said that nearly every train that left Montreal for the maritime provinces contained illegal packages and the liquor was sometimes drunk on the way.

Liquor had been going into the province for three years, and there had been no prosecution by the minister of justice.

Mr. McKenzie said the minister would be doing a great service to the cause of temperance in Nova Scotia and would win the gratitude of the good people of the province if he would take action.

Discussion then turned to a vote of \$52,000 to provide for salaries of officers and inspectors of excise.

Dr. Reid informed the committee that since prohibition came into force the seizures of illicit stills through the Dominion had increased eleven hundred per cent.

Mr. McKenzie said the house should adjourn at eleven o'clock.

WOULD DEVELOP BIG WATERWAYS

Great Lakes Canal Scheme Endorsed by Associated Boards.

SOURCE OF POWER Claimed That It Would Provide Energy to Run Railways.

Addressing the Associated Boards of Trade yesterday afternoon, with regard to the following resolution submitted by the Welland Board of Trade:

"Resolved that this board recommend that the department of railways and canals begin at an early date the necessary plans and surveys for the building of a canal and river system from the foot of Lake Ontario to Montreal of a character and capacity to conform with the plans for the new Welland ship canal in order that the department may be able to proceed with the work at an early date."

W. M. German, K.C., M.P., said that since it had been necessary for the government to take over the C. N. R. and the C. P. R., it would likely have to take over the Grand Trunk, the development of the St. Lawrence canal scheme was more necessary than ever, and that the huge expenditure on the Welland Canal would be useless unless the system was extended thru to tidewater.

This would give direct water routes from Port William to Liverpool, and provide the farmer in the northwest with the cheapest transport for grain that could be devised.

Another advantage of the scheme, said Mr. German, was that it would provide an enormous source for the development of electric power, which could be used to operate the government railways, thus saving millions of dollars now expended every year in providing coal for the railways.

On the suggestion of K. J. Dunstan, Toronto, the last four words of the resolution "at an early date" were replaced by the words "as soon as financial and other conditions permit."

The resolution was then adopted. On the motion of John Elliott of Belleville, the associated boards expressed approval of the government's highway policy.

A resolution was also passed asking the Ontario government to give early consideration to the question of extending the Timiskaming and Northern Ontario Railway from North Bay to the Georgian Bay at Perry Sound.

Sir Herbert Ames, chairman of the national war savings committee, expressed appreciation of the services of Sir William Otter, the aged veteran of the old regiment, and Brig-General Sir Henry Pellatt, the present honorary colonel of this famous unit.

HAMILTON NEWS

Hamilton, March 28.—What was to have been the first big civic reception to tendered to returning veterans by citizens collapsed tonight when eighty members of the 116th Battalion marched from the Stuart Street Station, and instead of continuing on up thru the heart of the city, and circling the Gore, as had been planned, turned into the armories, and left thousands of disappointed citizens who had stood for nearly an hour in the cold waiting to give the boys a cheer.

When the second quota of the 116th Battalion reached here at nine o'clock tonight, via C.P.R., they were extended a hearty and noisy welcome by the throng that turned out to cheer their arrival.

Hamilton is "between the devil and the deep sea" on the question of daylight-saving, but there is not the least doubt that when the principal guests of honor, Lieut. Rochat has just returned Monday night it will be decided to put the clock ahead one hour and get in line with the other up-to-date municipalities.

When the jury returned a verdict this afternoon in the \$5000 assize court action of W. Wilnot against Dr. Smith of Grimsby, for the death of his son, who was killed by being struck by the defendant's motor car, they only awarded \$600.

Private Andrew Nett, 32 years, son of Mr. and Mrs. Valentine Nett, of this city, died today in the London, Ont. Convalescent Home. The remains will reach here tomorrow.

With the promise from the deputy minister of highways that the Barton street route would also be surveyed, a huge deputation that waited upon W. A. McEgan, deputy minister of highways, this afternoon in Toronto, returned home tonight.

C. B. Blesiana, secretary of the Ontario Housing Committee, before the committee welfare section of the Hamilton Scientific Association in the Royal Connaught tonight.

DEAD IN BED. Alfred Day, aged 32 years, was found dead in bed at 64 1-2 Shuter street yesterday morning. The body was removed to the morgue. The chief coroner was informed that death was due to natural causes, and it was decided not to hold an inquest. The body was then released for burial.

THREE YEARS FOR THEFT. Lionel Craig and Fred Moore, found guilty yesterday morning in police court on charges of house and shop-breaking, were sentenced by Magistrate Denison, Craig was sentenced to three years in Kingston Penitentiary, while Moore will serve one year at the Ontario Reformatory.
