Same Street, Taken for Burial on the Same Train.

Hamilton, Dec. 1.—(Special.)—Col. Chas. Magill, one of the oldest citizens of Hamilton, died this morning. He was 83 years of age. He leaves a wife and four daughters. He was a member of Barton Lodge, A.F. & A.M. Few men have been so energetic in state, civic and social affairs. He was of Irish extraction and had the impulsive warmth characteristic of Irishmen. Loyal to the core, he was always ready to defend his country, his city or his home, and has rendered service as member of Parliament, mayor, and alderman. Col. Magill's death is mourned by all.

Crash on the Incline.

There were two funerals to the Union Station yesterday morning, and both caskets were placed on the same train. The remains of the late Mrs. Salem Eckardt, who died in her 72nd year on Monday, wore removed to the depot by Undertakers Bates and Dodds and the funeral of the late Mrs. Fred R. Miller, who passed away on Tuesday, was conducted to the station by Undertaker Harry Ellis. A number of friends of both the deceased ladies were present, including the relatives. The Grand Trunk train at 8.05 conveyed the body of Mrs. Miller to Stouffville, and the remains of the late Mrs. Eckardt were taken to Union Willed for interment in the Latter of friends of both the deceased ladies were present, including the relatives. The Grand Trunk train at 8.05 conveyed the body of Mrs. Miller to Stouffville, and the remains of the late Mrs. Eckardt were present, including the relatives. The definition of the daths is the fact that they both resided on Winchester-street, Mrs. Miller at No. 125 and Mrs. Eckardt at No. 63, and had both been friends for some years, having come from the same part of the country.

The McAll Association gathered at 321
Jarvis-street yesterday afternoon to hear
letters read from Mrs. Tyng, an American
lady, who has recently visited the McAll
missions in France. Other communications
from the scene of the society's labors were
also presented, after which Mrs. Shelld

A Magic Pill,—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pilis are recommended as mild and sure.

Thomas McGillicuddy lectured last even-ing in Broadway Hall on the subject: "Homely People." Over 300 persons were present to learn more about themselves, and Dr. Fraleigh presided.

manager to inaugurate a starring tour, commencing in September next, at the Garrick Theatre, New York, and present a powerful romantic drama from the pen of Sardou, which will be produced on a scale of unusual magnificence. The theatre has been secured with a view of a year's successful run. At the termination of this engagement Mr. Cummings will sail for Astraila under the management of Williamson & Musgrave, who are considered the Frohmans of that portion of the world. During the engagement at the Toronto "bargain matinees" will be given as usual on Tuesday, Thursday and Saturday.

A Magnificent Speciacle.

Klaw & Erlanger's really superb production of the extravaganza, "Jack and the Beanstalk," comes to Grand Opera House again next Monday, Tuesday and Wednesday, and is reasonably sure to receive a hearty welcome. It is generally looked upon as the best example of its especial class of stage performance that has been presented within many years past. In point of equipment, such as scenery, costumes and mechanical and electrical appliances, it presents one of the most brilliant and complete spectacles shown in recent years. The company is of the same wast proportions as in the past, and includes a surprisingly large number of pret-A Magnificent Spectacle.

"Blue Jeans" Next Week.

The buzzsaw, with its gearing and connections, which is to be used at the Princess Theatre next week, in "Blue Jeans," arrived yesterday by freight from New York, and will be placed in position at the theatre at once for the final rehearsals of the company. It was thought best to secure the original machinery for this play, as it could hardly be built in Toronto, and while the expense of bringing the entire apparatus from New York is considerable, yet the advantage of having the proper mechanism, the same as that used here before in the original production, will add sufficiently to the interest of the play to warrant the effort. The machine is 31 feet long by 8 feet wide, and requires plenty of stage room, which the Princess fortunately has. The patrons of the Princess will recognize in "Blue Jeans" the biggest attraction this theatre has yet had, and at popular prices the play will be a decided treat. There is no play of recent years that affords the attractiveness that "Blue Jeans" does. It is quite solid as a comedy, as well as a play of strong dramatic interest, and it reaches every one. The comedy is of quaint, rustic order, the characters splendidly drawn, and will be in most capable hands. Miss Corinne Jordan is the new leading lady of the company, and is said to be a very talented young actress, who comes here from the highest surroundings. Miss Jordan will make her first appearance as Sue Endaley, a strong and captivaring role, Mr. Harry Glazier will add to his growing popularity as Perry Bascom; Miss Nettie Marshall appears as Ben Boone, and Thomas Grady as Jacob Tutewlier, Every feature of this famous play is to be faithfully reproduced, and "Biue Jeans" will easily prove the biggest drawing card this theatre has yet had. The play is immensely popular here, The advance sale of seats open Friday morning, as usual.
