FURNITURE DEPARTMENT

REMOVED TO THE THIRD FLOOR.

TRIED TO CUT HIS THROAT.

James Marshall, Despondent—Owing to sickness, slashed his neck with a razor.

The ambulance was called about 8 o'clock on Saturday night to 115 St. Andrew street, where it was reported that James Marshall, who lives at that address, had attempted to take his life by cutting his throat.

Arriving at the house, the ambulance driver found Marshall lying on a bed upstairs with blood coming from a large cut in his neck. Dr. Norman Allen was in attendance, and he ordered Marshall's removal to St. Michael's Hospital.

The would-be suicide pleaded hard with the constable and doctor to allow him to remain where he was and die. Of course, they would not hear of it, and Marshall was taken to the hospital in a serious condition.

Men's Underwear. Fine Double Thread Balbriggan Undershirts and Drawers, twin needle stitch, maten facings, French neck, buttoned, sizes 34 to 46, each, 50c.

190 YONGE ST. TORONTO.

BIRDS AND TUBERCULOSIS.

English Doctors Claim That the Germs of the Disease Lurk in the Feathers of the Pigeons.

London, June 11.—A bill now before the Local Council provides that all owners of caged birds and other feathered pets secure every month from the Health Department certificates of the freedom of their birds from tuberculosis. The bill was framed at the urgent instigation of a number of phthisis experts, headed by Dr. A. Tucker Wise. Numerous cases of consumption have been shown to originate from the deadly tuberculosis germs which breed with such rapidity in the lining of the windpipe of these supposedly harmless fowl. Handbills have already been issued by the Health Department, warning the owners of canaries and other songsters against this avian infection. Particular stress is laid on the danger of feeding birds from the mouth and allowing them to place their bills on the lips. Investigation has shown that the mucus membrane in the throat of the canary is more adapted to the rapid growth of phthisis germs than the most carefully prepared culture.

Fine Imported Balbriggan Undershirts and Drawers, silk facing on shirts, heavy, more top with adjustable French bands, best quality, all sizes, 24 to 46, each, 75c.

Fine Imported Llama Wool Undershirts and Drawers, summer weight, best beige trimmings, pearl buttons, overlock seams, all sizes, 24 to 46, each, 1.00.

CHINAWARE

We are showing a splendid collection of Souvenir pieces in fine Foley China-ware, that would make very desirable presents or mementos. These pieces are beautifully decorated with Toronto views, including:—

Knox College, Trinity College, Normal School, Victoria University, the Armouries, Government House, Metropolitan Church, New City Hall, also the Canadian Coat of Arms in Colors.

Visitors to the city desiring souvenirs, or those of our own city wishing to send small tokens to distant friends, cannot choose anything more acceptable. The assortment comprises:—

Pin Trays at 15c and 20c each.
Plates at 20c.
Moustache Cups and Saucers at 50c.
Tea Cups and Saucers at 25c.
Vases at 25c each; Hair Trills at 25c.
Sugar Bowls at 15c; Cream Jugs at 25c.
Sweets at 25c and 35c each.
Mugs at 15c; Drinking Horns at 25c and 35c.

TORONTO SHOULD BE SELECTED.

We are given to understand that the horseless vehicle is about to invade Toronto with a rush. It is said that either Peterboro or Toronto will be selected as the site of the factory for constructing them. We trust that the gentlemen who are behind the enterprise will not side-track Toronto, as they did on the occasion of the establishment of the Electric Vehicle Company. The latter was a Toronto enterprise, and their factory was located in Toronto. Peterboro has no advantage to offer which cannot be obtained in Toronto. It is Toronto capital that is going into the business, and it is Toronto that should be selected as the site for the factory.

PROPOSED MILK TRUST.

Toronto might not prove an evil by any means. If the trust would be satisfied with reasonable profits it could afford to give the people cheaper milk, or at any rate a

CASUALTIES OF THE WAR.

Col. Lippincott Reports 506 Killed and Wounded During March—1929 Since Outbreak.

Washington, June 11.—Among the reports submitted by General Otis concerning the operations of the army in Manila is one from Col. Henry Lippincott, chief surgeon of the army, for the month of March. Col. Lippincott says: "The long list of casualties between our troops and the Filipinos continuing through the month resulted in the following casualties to our command: Killed: Officers, 6; enlisted men, 71. Died from wounds: Officers, 2; enlisted men, 14. Wounded: Officers, 25; enlisted men, 485. Total casualties for the month, 506. Total casualties since outbreak, 1029."

Wearily Willing Twins.

Constantine McCarron of the St. Andrew's Market division found two men sleeping in a barn at the rear of 1301 John-street early yesterday morning. He roused both trespassers and sent them into the station in the patrol wagon. The prisoners are William Thompson alias Johnston, and William Christie. They are charged with vagrancy.

THE TORONTO WORLD.

THE PACIFIC CABLE.

The cable informs us that the British Government has modified its views on the Pacific cable project. The cable project, which the Government is now inclined to utilize British credit in providing the necessary capital. This information is no doubt correct. The changed policy of the Government was foreboded a few days ago, when the Duke of Devonshire, in the House of Commons, presided at a meeting of the Empire League, at which a resolution was carried expressing the hope that all obstacles preventing the Mother Country from participating in the project would be removed. It may be taken for granted, then, that the British Government has adopted a new policy on the cable project, but just what interest it proposes to take in the matter the cable does not definitely inform us.

The dispatch would seem to indicate that the British Government does not propose to become an active partner in the scheme, the same as Canada and Australia, but rather that it will guarantee the bonds of the company or a portion of them. Although the despatches indicate that the British Government does not intend to take an active part in the project, it may be the reverse. We hope that it will turn out so. The scheme agreed upon by the completion three years ago is the one that was arrived at after a long consultation as being most in the interests of the project, and also from the point of view.

This is the shape Canada would like to see the project assume. There will be no little disappointment here if the Mother Country doesn't fall in line with the project as originally outlined, and become an active and responsible partner with Canada and the great colonies of the Empire. Canada regards the project almost wholly as an Imperialistic measure, as a concrete manifestation of Imperial unity, and it will not relinquinsh any scheme which is not founded on this basis. Commercially, Canada is interested in the Pacific cable only in an insignificant degree. Our whole interest in the project is centred in its political and Imperial aspect. Great Britain must not forget this when considering the scheme.

Canada is making greater sacrifices than either of the other partners. These latter are vitally interested in the scheme from a commercial point of view. We think therefore that Canada's wishes in the matter ought to be considered. What we desire is that the scheme should be carried out exactly on the lines recommended by the commission, each of the three participants contributing the capital agreed upon and assuming an equal responsibility in the management, maintenance, etc. We trust that Great Britain will not make another proposal inconsistent with the original scheme. Another manifestation of lukewarmness and indifference on the part of Great Britain may result in the indefinite postponement, perhaps the death, of the project.

In the meantime in order that Canada may have her views brought properly to the attention of the Imperial Government, the House of Commons should lose no time in empowering the Government to make a deal according to the lines laid down by the commission three years ago. We understand that Mr. Mulock has passed upon this idea favorably, and we expected before this he would have instituted a measure to that effect. In view of the information just received from Great Britain we trust the Postmaster-General will lose no time in introducing this measure.

A PURELY CIVIL CONTRACT.

Senator William Mulock has written a letter to Secretary Hay, requesting that the action of the Ontario Government in prohibiting the export of sawlogs be made the subject of remonstrance to the Government of Great Britain. Mr. Mulock takes the ground that the Government of this province has contracted the property of citizens of the United States and he further alleges that the courts of the Dominion are not open to these American citizens, that the privilege of going into Canadian courts to test the validity of Mr. Hardy's law is denied them. Senator Mulock says: "The controversy between the Ontario Government and the American lumbermen is purely a matter of civil contract. Furthermore the lumbermen are not denied access to the Canadian courts. The Ontario Government must live up to its contracts just the same as private individuals or corporations. If the contract between the Government and the Michigan lumbermen gave the latter a legal right to export the logs cut on their limits, the Government will be responsible for any loss occasioned them by a breach of that contract. It is purely a legal question, and indicated for settlement by the courts. It is not an international question in any sense. Citizens of the United States will get the same justice as would be meted out to citizens of this province. Remonstrance with the British Government will be of no avail. Senator Mulock may rest assured that he is carrying out a civil right by provincial legislation that they will be fully indemnified. If they have no rights under their contract to export the logs they will be entitled to no redress."

FRANK CURRIE'S SUICIDE.

Hanged Himself in His Brother-in-Law's Barn at Bothwell.

Bothwell, Ont., June 10.—A young man named Frank Currie committed suicide by hanging himself to get an instant relief from the agonies of alcoholism. He was found dead in his brother-in-law's barn this afternoon. He was just recovering from an illness caused from injuries received in a gasoline explosion some time ago. His wife and family are in Roseland, B.C.

A Money-Maker.

Many home and foreign newspapers are giving evidence to a recent important discovery in medicine obtained from the vegetable kingdom which has been found to annihilate all appetite for alcoholic drink in a few hours, even in the most hopeless case. It is tonic in effect, non-depressant, non-accumulative, antidotal and sedative in action, absolutely without unpleasant results, and indicated for either sex or age. Many well-known physicians have testified to its efficacy in curing the only physical cure for alcoholism yet discovered which leaves no evil after effects. The option of medicine cure also yield to this new medicine, and the beneficial results from its use in aggravated cases of nervous exhaustion, nervousness and general debility are extremely satisfactory. A strong argument in favor of this welcome help to unfortunate victims of these troubles is that the medicine can be carried in the pocket and taken in absolute privacy, thus dispensing with the publicity, loss of time and expense of an in-hospital treatment.

For those wishing to combine philanthropy with rapid money-making this is a rare opportunity, for, while showering blessings on the victims of alcohol and drug indulgence, the business must, as soon as it is placed before the community, prove enormously profitable. A limited number of responsible promoters and active agents will be liberally dealt with, to whom the vast capabilities of this discovery will be fully demonstrated. Those wishing further particulars may address the controller, Mr. A. Hutton Dixon, 121 Avenue Road, Toronto, Canada, who is authorized to grant franchises in the United States, Great Britain, Europe, Australia and any part of the world.

FROM JOHN-STREET.

Sergt. Barton of No. 3 Division, armed with a revolver, was called down on the inmates of No. 65 John-street on Saturday night and locked them up at St. Andrew's Hospital. The charge of being keepers or frequenters of a disorderly house. The prisoners are Margaret Walker, John Brown and Kate Blair, alias Kate Kelly.

At Arlington Hotel: E. A. Nott, Scranton, Pa.; A. A. Vanderpool, Newark, N.J.; J. B. Clement, Montreal; William Metzger and wife, Brooklyn; Mr. and Mrs. Carl Baum, New York; C. E. Waite and wife, Toledo, O.

ALCOHOLISM.

A Physician's Home for care and treatment of Alcoholism and all nervous diseases. Call or write for information. G. H. McMillan, N. D., 75 W. Tupper Street, Buffalo, N.Y.

AN INVITATION

The pleasure of your company is requested at the opening of the new "Slate Shoe Store," 123 Yonge Street, on Wednesday, 14 inst.

It has been found necessary, owing to the increased demand for this famous shoe for men, to open a branch store in this city.

At the opening on Wednesday next there will be an exhibition of the different stages of building "The Slate Shoe" from the leather to the finished article. To see this is to spend a most instructive quarter of an hour—will teach you how shoes are made—show you the hidden parts—lay bare the secrets of strength and workmanship.

An electric display every evening. This is a most bewildering display of color blending in electric illuminating.

A famous city orchestra will render some choice selections afternoon and evening.

Then there are the shoes. They are worthy of a share of your inspection—new stock—latest shapes and styles—men's, boys', youths' and little girls'—all sizes and widths—leathers and colors—every shoe made on the model of a real foot—Goodyear welted. On every "Slate Shoe" the name and price is stamped in a Slate Frame, which is the registered trade mark.

Two "Slate Shoe Stores" in future for Toronto. 89 King Street West and 123 Yonge Street—both up to date and equipped to meet unlimited foot wants. The only stores for "Slate Shoes."

ROCKS GETS IT IN THE FACE.

Warned by the Magistrate Not to Go Home, Rocks Does.

John Rocks in a very short period has had more than his share of Police Court notoriety.

He has been drinking heavily of late and has been a burden to his wife and family that he is now compelled to have him arrested. After several remands he was found guilty of being drunk and his wife secured an order of protection from him.

Rocks was lucky enough to have a brother who was willing to pay his fine and the prisoner was released.

Although Rocks was warned by the Magistrate not to go near his wife and family, he turned up at her address, 127 Peter street, in an intoxicated condition on Saturday night. One of the neighbors called on him and opened the door. Seeing who it was, Rocks' face came in contact with the door.

A policeman came along at this time and Rocks was taken into custody for being drunk. At the St. Andrew's Market Station he was found necessary to call in the aid of Dr. Woods to stop the flow of blood from the prisoner's face. He will appear in court this morning.

CURRY "GOES AROUND."

City Crown-Attorney Visits Alleged Dives to See for Himself.

City Crown Attorney Curry turned up at Police Headquarters on Saturday night and expressed a desire to get an insight into the doings of the inmates of places where it is said liquor is sold illegally.

Inspector Hill and Constable Crowe were just about to make their rounds and the Crown Attorney joined them.

Fifteen places where the proprietors had been previously fined were visited. No arrests or seizures were made, but one of the party afterwards said they had a good time.

MARCHAND IN A DILEMMA

Why is Convido The Hero of Fashoda Killing Time Until His Native Town Can Prepare a Fitting Reception.

HE GOT INTO THE MUNICIPALITY

But Was Sent Out Again Until Preparations Could Be Made—Could Have Whipped the English.

Paris, June 11.—Major Marchand, who was hurried from the capital by the Government, is now in an amusing dilemma. He started to see his parents in his native town of Tholouse, but the crowds who received him impudently explained that they wanted to give him an heroic reception, but had not expected him yet. The Mayor and corporation were not ready, and would he kindly take the train somewhere else, pending the preparations. He went to Maren, where he disconsolately waited in a local hotel. He is already tired of this, and means to cruise in a Government vessel in the English channel until June 28, when Tholouse hopes to be able to receive him.

Meanwhile he is unconsciously himself against England. He declares that with secret native allies he could have held Fashoda against the British, and would have undertaken to drive them out of the country. He remarks the strange similitude in the histories of Fashoda and the Suez Canal. We were first in both—now nowhere in either. He concludes cryptically that France must now do something to save herself.

LOCAL BISLEY MEN

Shoot Before Date of League Match as They Left Soon for the Old Sod.

Several of the local men who are on the Bisley team will not be in Toronto when the league matches are shot off. They have been given permission to shoot before the date of the league matches. On Saturday last the match that comes off on July 8 was participated in, and on next Saturday the match of July 22 will be, by the local Bisley men. The scores were: Capt. Rennie, O.O.R., 1st team, 98; Staff-Sergt. Baylis, 98; 2nd team, 101; Capt. Cartwright, 90; 3rd team, 101.

The three last are of the first team, I.G.

THE POSTOFFICE TROUBLE.

Kingston, June 10.—A commission will be appointed by the Postmaster-General to investigate into the troubles in the Kingston postoffice.
