Oak Hall - Clothiers

There are thousands of men who'll spend ten dollars on a suit of ready-made clothing-but who'll not spend a cent moreand makers have been vieing with each other for years as to who shall sell him the biggest ten dollars worth-without any brag at all we believe we're showing to-day the greatest ten dol lars worth ever turned away from a clothing factory (made by the W. E. Sanford Company)-the most quality-the best made—the most stylish—the neatest patterns—and most perfect fitting-we're willing to have any man step round if he wants to make comparisons and we'll abide by his judgmentsee our range for winter at \$10.

Attorney-General Gibson's Views on the Recent Scrap-Iron As-

ROBINSON, K.C., SAYS SETTLE SUIT

It transpires that Hon. J. M. Gibson Attorney-General of Ontario, has developed into an enemy of the corporations, and the stand taken by three county judges in regard to the scrap iron assessment law apparently meets with his entire disapproval, for in a letter to City Solicitor Caswell, received at the City Hall yester

"I have no hesitation in saying that the government would like very much to see

the city take an appeal to the Court of Appeal for the province, and that the government would retain counsel to cooperate and take any other reasonable steps in the matter, which may be suggested. You are at liberty to use this letter in any way you may think desirable."

This communication came in response to one from Mr. Caswell, who had conferred with the Attorney-General regarding the counterfelt legislation passed last session.

Mr. Gibson's letter came before the Board of Control yesterday afternoon, and the members of the Board, after joking a little about the belated stand taken by Mr. Gibson, heartly endorsed his proposition and recommended it to Council. In the meantime Mr. Caswell will further communicate with the government in an endorage to find out what counsel will

the meantime Mr. Caswell will further communicate with the government in an endeavor to find out what counsel will be retained by the government to cooperate with the Corporation Counsel in the appeal.

Money for Prison Reform.

Vice-Chairman Sheppard presided at the Board of Control meeting, and he was worried considerably by a deputation from the Prisoners' Aid Association, who asked for \$500 to assist in making up a fund of \$1000 for the scientific treatment of of \$1000 for the scientific treatment of pauper inebriates, and also to restore the sum of \$300, which was deducted from the annual grant to the association this

grant from the city, but this year the grant was split up and \$300 of it was given to the Salvation Army, who are doing a similar work to that of the Prisoners' Aid

The 13th Regiment will parade on Sunday afternoon at 2.45, for the purpose of depositing the old colors of the regiment in Christ Church Cathedral.

Henry England, at the Police Court to the commissioners been able to agree Too Many Societies.

The drift of the discussion was to the effect that the Salvation Army and the Irisoners' Aid Society were doing the same work and helping each other, and Aid. Lamb bluntly said there were too many receiving the over each other on the had the commissioners been able to agree on a new Chief. Among those mentioned for the position of Chief are: Capt. Tidswell, city; Chief Vaughan, Brantford; Chief Twiss, Dundas, and Major Prentice, city. The last named is favored by the Magistrate.

Henry England, at the Police Court today, for assaulting Edward Duffy, hotel-keeper, and being disorderly in his house, was fined \$10 or 20 days in jail.

T. J. Shaaks, the new editor of The Canadian Royal Tempfar, has taken charge of the paper.

GOVERNMENT WILL AID CITY

day afternoon, he says:

the city take an appeal to the Court of

Lamb bluntly said there were too many societies tumbling over each other on the same line of work. Ald. Hubbard agreed with Ald. Lamb, that salaries were eating up too much of the money voted or subscribed for charitable purposes.

Mr. Cassels did not make a hit when he remarked: "Here you speud \$10,000 to see the son of a King take his hat off, and you do not favor our small request for a charitable work."

The case of the Public School Board The gainst the city will be fought of to the board. The matter highly served against. This was decided at last night's meeting of the board. The matter was served up for the trustees' forensic appetite in the following motion, moved by Trustee Gooderham and seconded by Trustee Baird:

PRESCRIBED BY PHYSICIANS

FOR THROAT AND LUNGS

Were evidence needed of the welcome accorded both by the public and the Medical Profession to Angier's Emulsion, the testimonials here published, though but a few out of many hundreds received, would be sufficiently conclusive. There is no doubt whatever as to its value in the different diseases for which it is recommended. It has been thoroughly tested by the Medical Profession, both in private practice and the hospitals. For troublesome coughs, throat irritation, and all

is certainly without an equal. It not only soothes and heals the affected parts, but it strengthens and invigorates the entire system. By purifying and fortifying the digestive tract it increases appetite and facilitates digestion and nutrition. Moreover, its antiseptic, soothing, and healing properties make it invaluable in the treatment of stomach and bowel disorders of a catarrhal, fermentative, ulcerative, or tubercular nature, such as Chronic Dyspepsia, Gastric and Intestinal Catarrh or Ulcers, Chronic Diarrhœa and Dysentery, and after fevers, measels, etc. A great point in its favor is that it is pleasant to take and agrees with the most delicate stomach. Angier's Petroleum Emulsion is the most helpful remedy known to the Medical Profession for the treatment of Chronic Bronchitis and Consumption. It never fails to relieve the most distressing symptoms, and often effects a quick, permanent cure when all other remedies have failed.

BRONCHITIS:—Have given your Petroleum Emulsion a thorough test, and can pronounce it excellent. I shall recommend it in Bronchitis and Consumption especially. E. J. GOODING, M. D., Boston, Mass.

M.D., Boston, Mass.

STRENGTH GIVER AND APPETIZER—It affords me great pleasure to write this letter to thank you for the benefit I have received from Angier's Petroleum Emulsion and Tablets. I have always refused to experiment with any of the much advertised medicines, but after reading your advertisement, I was convinced that your Emulsion was different from others, and a treatment of your Emulsion and Tablets for flatulency and nervousness has proven it to be a marvellous remedy. Before taking Angier's Emulsion I was unable to eat a morsel of food. The sight of food itself disgusted me. After taking your Emulsion for the past two weeks I am able to eat and enjoy three hearty meals a day, and the nervousness has entirely left me. Am now using your Tablets as a supplement to the Emulsion. I consider them without an equal for throat irritations and coughs. E. M. NESBETT, Toronto, Ontarto.

AN EXCELLENT REMEDY:—I am using Angier's Petroleum Emulsion whenever and wherever I can, and with universal success, and thank you for making such an excellent preparation. Petroleum is an agent that must force itself to the front as almost a specific in throat and tung troubles. ALBERT S. ATKINSON, M. D., Baltimore, M. D.

All druggists sell Angier's Petroleum Emuision. Two sizes, 50 cents and \$1.00 a bottle. Be sure you get ANGIER'S.
YOUR NAME AND ADDRESS on a postal card will bring you a free copy of a valuable booklet entitled, "ABOUT YOUR
THROAT AND LUNGS." It tells how to care for the Throat, Lungs and Digestive Organs. It gives good advice as to
Diet and Hygiene, also Exercises, which are illustrated.

ANGIER CHEMICAL COMPANY,

BOSTON, MASS.

Trunted to Department Hose and the Control of Department Hose Encourage distributions and the Contr

poard adjourned at midnight.

Deputation Was on Hand.

In the early part of the meeting a large deputation from the Proportional Representation Society was present to explain the tree would like to see the board adopt. The request was also made that the board assist the society in their efforts to induce the Ontario government to permit school boards to have their members elected by the Hare-Spence system.
