### PHYSICAL FITNESS TO DETERMINE FATE OF FIVE DESERTERS

a.m.—Stocks opened with a first code, under the guidance of the usual leaders, including coppers and motors, but soon reacted as a result of pressure against United States Steel, Baldwin Locomotive and related industrials and equipments. Shippings also were moderately reactionary, and Brooklyn Transit was weakest of the utilities, losing 136. The movement in rails was again very narrow and irregular. Liberty bonds were steady.

Noon.—The early setback, which was attributed to selling based upon the British premier's statement, was soon largely overcome. Active buying of oils, motors, leathers, shippings and equipments at over-night gains of 1 to 3½ points, served to readjust prices to a considerable extent.
