MANY FOE AIRCRAFT DESTROYED BY FRENCH

Capt. Guynemer Accounts for His Forty-Third Machine.

Paris, June 1.—The following official account of aerial activities was given out here today: "In the period between May 17 and May 31, thirty-two German machines were destroyed on front during aerial combats, in addition to 57 others which were damaged seriously, and probably crashed to earth within the enemy lines. Capt. Guynemer brought down five machines, four of them on the same day. Two of these airplanes were fielded in one minute, which is perhaps the first time in the war that such a thing has been accomplished. The other four new victories bring up to the number of German machines destroyed thus far by this valiant officer in the same period Lieut. Pizarro, out of action three German machines, triumphing over his fifteenth adversary. Here are the names of the victors: Capt. Guynemer, 22; Lieut. Pizarro, 12; Adjutant Jullier, 10; Capt. Lanson, 8; Sergt. Scullier, 5."

CALL ON AUSTRALIANS TO RELIEVE VETERANS

Canadian Associated Press Cable. London, June 1.—The Daily Mail's Sydney correspondent wires that Pearce, the commonwealth minister of defence, has announced that 5,000 Aussies who made the original landing at Gallipoli are still fighting in France. He appeals for a corresponding number of recruits to allow them a furlough in Australia, and adds: "Many are against compulsory service, but you are fighting for compulsory service for those 5,000 men whom you sent back to the fighting line time after time."

Pearce's statement will be made the text of a special recruiting effort.

Provisional Lieutenants in Militia Are Asked to Resign

Camp Borden, June 1.—Word has gone forth from militia headquarters, that all provisional (unqualified) lieutenants in the active militia, except those actually attending schools of instruction, will be asked to hand in their resignations. Notice to this effect of military district No. 2, from the adjutant-general of Ottawa, and immediate action will be taken to obtain the resignations required. No more first appointments to commissions will be made until further orders, except in the case of medical units.

FRENCH MAKE ADVANCE WITH LIGHT LOSSES

Artillery Fire Kills Six Companies of Germans.

On the French Front in France, May 31.—The absolute confidence of the French in their superiority is seen in the manner in which they move over intervening ground between the lines when ordered to attack. The tactics now employed permit them to attack with minimum losses.

This was demonstrated, for instance, in the course of a recent raid in the range of hills and the woods south of Chevreux. A small body of French infantry advanced in order to straighten the line, severe artillery preparations having preceded the assault. The infantry gained the objective and took 30 prisoners in addition to killing a number of Germans. Later it was discovered that French shells had bettered the German shelters so thoroughly that six full German companies crouching in the shelters while awaiting an opportunity for a counter-attack, had been killed to the last man. The place was a shambles. The total French loss in this affair amounted to only 27 men killed or wounded.

SEEK IMMEDIATE PEACE WITHOUT ANNEXATIONS

Hungarian Socialists Want Great Powers to Restore Belgium.

Stockholm, via London, June 1.—Immediate peace on the basis of no annexations and no indemnities and complete political restoration of occupied territories is advocated by the delegation of Hungarian Socialists which have come to Stockholm to attend the meeting of Socialists from various belligerent countries who are now holding group conferences.

Regarding Belgium, the Hungarian group at today's conference urged that the cost of restoration should be borne by Germany, although, if persistence in this demand meant prolongation of the war, the cost should be shared by all the great belligerents. Serbia, too, in the opinion of the delegates, should be restored by the great belligerents. The question of Alsace-Lorraine, the Hungarians believe, might be settled between the Socialists of France and Germany.

On the other points, the views of the delegation conform generally to those of the Austrian and German Socialists, as outlined at their group conferences.

Gourlay Piano A Treasure House of Tonal Character

There is, in every Gourlay piano, tonal resource so great that the most gigantic effects may be secured without loss of quality. Yet its response is so personal that it will yield the faintest tracery of harmonies in an indescribable richness. Thus the Gourlay is a veritable treasure house of tonal power and charm.

And the fascinating tone-quality is stored away beneath a design that has this same combination of dignified strength and charming delicacy.

THE HOUSE OF GOURLAY

INFRANTRY UNITS TO BE OTHERWISE USED Men Up to Standard for Forestry and Railway Units Will Transfer.

Camp Borden, June 1.—The transfer of Capt. H. K. Manning, medical officer of the 25th Machine Gun Depot, Hamilton, to the strength of the A.M.C. Training Depot, No. 2, has been approved and authority is given for the employment of Captain C. R. B. Crompton, A.M.C., C.E.F., at the Base Hospital, Toronto. Captain Crompton will be continued on the strength of the C.E.F. in Canada, with his present rank and status while so employed.

The employment of the following nursing sisters at the Base Hospital has been approved: Sisters M. E. Mitchell, L. L. Anderson, J. Weatherston, M. E. Johnston, S. K. Dower, H. E. Weston, F. C. MacInnes, K. L. Clarkson, M. T. Burgess, L. B. Station, M. L. Culler, E. De V. Hunt, M. E. Davies, H. M. Daly, S. Haines, S. B. Stretton, M. E. Fitzgerald, A. E. McKinnon, H. Wright, C. A. Harman, F. J. L. McWilliams, E. M. Dewey, E. Scarlett, M. E. Gardner, L. Matheson, B. C. Hearn, M. C. G. Barker.

Men of infantry units, who are found unfit on medical examination, will be sent to the forestry and railway construction units, will not be discharged, according to the latest ruling, but will be transferred to these branches of the service.

WORLD PEACE LEAGUE BECOMES AIM OF WAR

New York, June 1.—The league to enforce peace announced today that William H. Taft had sent his cabinet to Viscount Bryce, on the subject of the league of nations movement recently launched in London.

"Our hearty congratulations," the league of nations project. It has become the aim of the war, it will eventually introduce a new status. Failure to secure it will be a real disaster."

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood made rich and red, and it nourishes the exhausted nerves back to health and vigor.

The experience of Mr. Burroughes as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test.

Mr. George Burroughes, 22 Peter street, Orillia, Ont., writes: "A few years ago, after coming out to this country from England, the change of climate and the change of food habits of drinking strong tea was prevalent, and after arriving here I suffered very strongly from nervousness. If I put my arm down on the table it would shake very noticeably, and while performing my work I would easily tire, and I felt that I had lost my health. A friend recommended Dr. Chase's Nerve Food, so I secured some and took a treatment. It built me up and made me strong and healthy. I have not had a trace of the nervousness since. I have used Dr. Chase's Ointment also and find that it has done the skin very quickly. In fact I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be misled into accepting a put my title. Imitations only disappoint.

DRINKING TEA UPSET NERVES

Mr. Burroughes Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right.

Orillia, Ont., June 1.—"How to be well and strong is the question many are asking at this time of year, and in this letter you will find the answer."

BOHEMIAN PEOPLE WANT FREE NATIONAL STATES

This is Berliner Tageblatt's Version of Thursday's Debate in the Austrian Reichsrath.

Amsterdam, June 1, via London.—According to the Berliner Tageblatt's version of Thursday's debate in the Austrian Reichsrath, Chairman Stank, of the Czech deputies, made a declaration on behalf of representatives of the Bohemian people's demand for re-organizing the Hapsburg monarchy into a federal state of free national states with equal rights as a matter of imperative necessity.

A similar declaration was made by Dr. Anton Korosec, representing the South Slav party, who demanded the abolition of all that part of the monarchy inhabited by Croats, Slovians and Serbs into an autonomous state free from every racial domination.

FROST STOPS GROWTH IN SASKATCHEWAN

Cold Weather and Lack of Rain Make Anxious Times for Farmer.

Regina, Sask., June 1.—Reports received at the department of agriculture indicate that frost has retarded growth in some sections. At North Battleford the wheat may be set back ten days. In the southwest of the province, between Swift Current and Maple Creek, practically all the oats and fully eighty per cent. of the flax are now sown. On two nights there was a frost of from four to six degrees, but no damage was done to the crop.

At Herbert the heavy frost on the 28th and 29th is turning the wheat black. Crops need rain badly.

From Kennedy it is reported that frosts at night and need of rain has the growth at a standstill. There is a heavy bloom on the wild fruit bushes. General conditions are good at Gravelbourg.

St. Louis Nationals Must Yield Player to Detroit

Cincinnati, O., June 1.—Player Defate of the St. Louis National League Club was today ordered to report to the Detroit Americans by the National Baseball Commission.

St. Louis Nationals obtained their draft on Defate at the draft meeting at Detroit Americans by the National Baseball Commission.

President Navin appealed to the National Commission recently, stating that the St. Louis Nationals had drafted Defate from the St. Louis Nationals, but according to the commission, an appeal filed by the St. Louis Nationals during the injunction proceedings took preference and it ruled that Defate should be turned over to the Detroit Club as soon as possible.

Concluding its decision the National Commission warns St. Louis Club owners that it will exert itself in the defence of the draft system.

HOWITZERS SHELL AREA ABOUT LENS

Enemy Effectively Destroys Mine Heads in Region of Lille.

By Stewart Lyon. Canadian Army Headquarters, June 1.—The shelling of the areas west of Lens by our heavy howitzers continues day and night. It had been hoped that mine heads and other essentials for an early resumption of operations in the mine fields might be spared, but the enemy has done a work of destruction most effectively, and the ruined buildings are used now as a shelter for his guns and emplacements for his machine guns. The enemy refrains from firing on such places would leave the German garrison in Lens in almost impregnable lines.

That part of the front on which the electric light station stands resembles the most shell-pitted part of Vimy Ridge. Projectiles making holes in the earth scarcely distinguishable from small mine craters have been thrown there during the past few days. The retaliation of the enemy is light, although he occasionally believes in an unusual gathering in our lines is suspected, he puts on a barrage.

The infantry activity along the line has been confined to the exploration of German trenches by our patrols. Sometimes these are found badly damaged and occupied, but in these cases the enemy invariably is discovered in force occupying posts behind his trenches.

In the back area the Canadian infantry is kept busy with the destruction of German trenches by our patrols. Sometimes these are found badly damaged and occupied, but in these cases the enemy invariably is discovered in force occupying posts behind his trenches.

The enemy aircraft are again showing enterprise, but fortunately their marksmanship is poor and their bombs are full of the mark. Our men are inclined to be too contemptuous of the Hun airmen. On (Friday) morning I saw a group continue to play ball while an enemy aircraft circled about above dropping bombs in the vicinity. Last week, under similar conditions on the French front, when the German airman approached, a trumpet was blown and people got under cover. The reckless Frenchman sometimes is much better than the continuing-sense British.

PROSPECT BRIGHT FOR COALITION

the coalition be named by Sir Wilfrid Laurier. Hopefulness for an agreement to-night lies in the fact that Sir Wilfrid Laurier did not reject the premier's offer and had made the premier's chief whip to Quebec to reopen negotiations with Sir Lomer Gouin. It is believed that the leader of the opposition will take a definite stand and submit his answer to the premier's proposals by Sunday night.

The success of the whole venture hinges on the Province of Quebec. If either Sir Wilfrid Laurier or Sir Lomer Gouin or both of them can be induced to enter coalition there would be little doubt that French Canada would swing into line with the rest of the country and a possible national crisis averted. It may not be necessary for the Quebec premier to enter the government. If Sir Wilfrid Laurier can be assured of his active and open support of coalition and the necessary support of the situation will be saved, for if the Quebec Liberal leader can be brought over to coalition, the necessary provinces will quickly follow.

Parde's New Mission. The political situation is developing to the point where it seems to predict that some announcement will be made to the house and country by Sir Robert Borden on Monday.

A number of rumors are circulating as to cabinet changes, or what may follow in the event of the two party leaders being finally unable to meet to discuss the situation. However, that some common ground will be found upon which they can unite in a coalition government is predicted to put their parliament some efficient measure of conscription.

The sentiment among the Quebec members of both sides is unmistakably against conscription.

La Presse, the leading French daily of Montreal, announced that one of the ministers in the Borden government will resign as soon as the conscription bill is introduced, and as a price member move an amendment excluding the Province of Quebec from the operation of the conscription act.

There is no doubt in the mind of the members of the House of Commons referred to in Hon. Albert Severyn's minister of inland revenue, who was recently returned to parliament after a hotly-contested election in the County of Dorchester.

PROMISES SAFE CONDUCT TO NEUTRAL VESSELS

Germany Will Permit Them to Sail From British Ports.

London, June 1.—The German ambassador has promised a safe passage through the barred zone to all neutral vessels in English ports on July 1, provided they carry distinctive signs and follow indicated routes, according to a letter despatched from Berlin, by way of Amsterdam. The announcement reiterates that England has prevented the sailing of neutral vessels from British ports on dates fixed by the German admiralty as safe, thus hampering the supply of food to neutral countries. It adds that, since the German barrier is raised only against the enemies of Germany, "the German naval command" despite serious military objections, has decided once more to meet the wishes of the neutrals who are suffering thru England's arbitrary orders, and therefore has granted that all neutral ships in England shall be granted safe passage thru the barred zone on July 1, provided they carry distinctive signs and follow indicated routes.

German assurances of safe conduct to Swedish and Norwegian ships in British ports on July 1 were announced on May 30.

Britain's Loss of Cereal Ships Is Far Below Estimate

London, June 1.—Great Britain's losses in cereal ships have been only six per cent., according to a statement made to the Associated Press today by Kennedy Jones, director of food economy.

The ministry of food, he added, had made allowance for the loss of 25 per cent. of this kind of shipping.

Patrol Encounters Also Result in German Discomfiture.

London, June 1.—"Our troops gained ground slightly during the night west of Cherley (Aixas front)," says today's official announcement. "Patrol encounters resulted in our favor last night in the neighborhood of Gouzeaucourt. Successful raids were made by us northeast of Loos and near Ploegsteert Wood."

BRITISH GAIN GROUND TO WEST OF CHERLEY
