THE LEAGUE TURNED DOWN

Committee of Aldermen Rejects its Proposal to Establish District System.

The proposal of the Citizens' League to partition the city into six districts was turned down last night by the committee of aldermen. They propose instead to take a poll of the voters at the forthcoming election on the question of a return to the old ward system which is obviously a very different thing than the league had in mind.

Other propositions in connection with future civil elections are that each candidate for aldermanic honors must have the names of twenty duly qualified electors on his nomination paper. They also recommend that a deposit of \$50 be put up by those who are desirous of entering the city council, this to be forfeited if the candidate secures a less number of votes than half those secured by his successful opponent.

After nearly two hours discussion last night the council committee which was considering the scheme submitted by the Citizens' League recommended these changes and if the council agree they will go to the polls and by law committee for a bill embodying these changes to be submitted to the legislature.

There were present Ald. J. M. Baxter (chairman), and Aldermen Bullock, McGoldrick, Tilley and Macne. The committee seemed to be unanimous in thinking that some change in the present system of electing aldermen was desirable. All, however, seemed to be agreed that the district system as outlined by the league was not practicable or desirable. It was contended that not ten per cent of the citizens were in favor of the propositions of that body, and that a large proportion were opposed to any change whatever.

Two propositions were submitted to the meeting before the one finally agreed on. The first of these was that each of the wards elect one representative to the council board and that the city elect two aldermen-at-large. The second proposed to do away with aldermen-at-large. Each of the wards would under this scheme elect two representatives and their remuneration was to be \$100 a year. There would thus be no increase of the expense.

The clause in the programme of the Citizens' League which proposed to do away with the qualifications for aldermen was discussed by the committee without discussion.

It was the proposal of the league to divide the city into six districts, each of these to return two representatives and it was also provided that three aldermen should be elected at-large, but as stated this is placed to one side by the committee of aldermen and the old ward system offered in the place.

A LUCKY WOMAN.
How Good Health Came to Mrs. Deschamps After Much Suffering.

Mrs. Abraham Deschamps was of a well known family in St. John, N. B. She has gone through a long and painful interview with me. "I was badly run down and very nervous. I had been too weak to perform my duty. My nerves were in a terrible condition. I could not sleep and the least sound would wake me. I tried several medicines and tonic wines, but none of them helped me. In fact, the condition grew worse and we began to despair of ever getting well again. One day a friend called on me and strongly advised me to try Dr. Williams' Pink Pills. I decided to do so, and it was not long before they began to help me. I gained strength fast day by day. My nerves became strong and quiet. After using about a half dozen boxes of the pills I was fully restored to my old time health and cheerfulness. I now think Dr. Williams' Pink Pills are an ideal medicine for weak women."

Dr. Williams' Pink Pills feed the nerves with new, rich red blood, thus strengthening and soothing them. They cure nervous troubles as neuritis, St. Vitus dance, partial paralysis and locomotor ataxia. These pills cure also all troubles due to poor and watery blood, including the special ailments of women. Get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

MONCTON NEWS

Former St. John Bank Clerk on Sick Leave—Civil Suit to be Argued.

MONCTON, Jan. 5. — This morning, before Judge Wells, at county court chambers, the matter of Col. William Alperston vs. Claud W. Price came on for a summons returnable this morning, to show cause why suspended judgment should not be signed. This was an action on a promissory note from the defendant to the plaintiff for \$1000 commenced on a writ of capias. The defendant was in the county claim of services performed for the plaintiff at Mount Vernon copper mine, St. John county, amounting to \$200. Affidavits were read for the plaintiff proving a prima facie case and also affidavits for the defendant in support of his defence or counter claim. The plaintiff asked until next Tuesday to reply to the affidavits of the defendant, which was granted. George B. Harris for the plaintiff, W. B. Chandler, K. C. for the defendant.

W. C. Holman, of Summerside, medical student at McGill, who has been spending a few days in the city with Dr. L. C. Harris, left today on his return to Montreal.

St. Bernard's amateur minstrel held forth in the basement of St. Bernard's church this evening to a large audience. Among those who took part in the entertainment were Miss Maud Melanson, P. Legere, J. H. Corcoran, Miss Edna MacKew, Le Baron Le Blanc, Miss Jessie Joyce, Miss Florence Corcoran (Dorchester), Mrs. J. P. Hogan and W. Annie McGinn.

At the last meeting of the local A. O. H., the following officers were elected for the ensuing year: Duncan MacCre, division president; Michael Cunningham, vice-president; Thos. Hogan, financial secretary; Fred J. Gillin, recording secretary; Hugh F. Hamilton, treasurer.

After an illness of about four months of consumption, William O'Brien, an employee of the I. C. R. brick shop, passed away yesterday at the home of his parents on Harrie avenue. He was a native of Moncton from Adamsville a few years ago. Deceased was about 25 years of age and was unmarried. The funeral

takes place tomorrow afternoon under C. M. B. A. auspices.

Ten of the new locomotives, built by the American Locomotive Works of Montreal for the I. C. R., are said to be ready for delivery. It is expected that the new engines will be brought to Moncton in the course of a few days, as motive power is none too plentiful on the Intercolonial at the present time.

Some men who think they are comfortably settled in a position on the I. C. R. have a short season as government employees. Ex-police Edward Scott was offered a situation recently in the government service as night watchman in the shops. He accepted and had just begun to think that he was located for the winter when his notice of dismissal was handed him in a more summary manner even than the method employed in dealing with Police Inspector Skiffington. Mr. Scott is wondering what cause the powers that be have to so suddenly change their minds. John Buchanan, clerk in the I. C. R. freight claims office, left tonight for Winnipeg to take a position with the Canadian Northern. His fellow clerks in the office, and Y. M. C. A. boys, made him a presentation before his departure.

Owen Campbell, accountant in the Bank of Montreal, has been granted a three months' leave of absence on account of ill health. His place will be taken by Mr. Wardley of Halifax.

The Moncton High School Alumni held an at home this evening, which was largely attended. A musical and literary programme was carried out.

WHAT SULPHUR DOES

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unreliable, and a large quantity had to be taken to get any effect. Nowadays we get all the beneficial effects of the sulphur in a palatable concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is the obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafer. They are small chocolate coated tablets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and regulates the bile secretions and enriches the blood by the prompt elimination of waste material.

One who has known what they do with sulphur and molasses every spring and fall, the crudity and impurity of ordinary sulphur, of which Stuart's Calcium Wafer is undoubtedly the best and most widely used. They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood. One way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Stuart's Calcium Wafer was superior to any other form. He says: "For liver, kidney and blood troubles, especially those resulting from constipation or indigestion, I have been surprised at the results obtained from Stuart's Calcium Wafer. In patients suffering from bile and pinpoints and the most deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clean and smooth. Although Stuart's Calcium Wafer is a proprietary article and sold by druggists, and for that reason taboos by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin diseases as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers" will find Stuart's Calcium Wafer a far safer, more palatable and effective preparation.

OBITUARY

Last evening after a paralytic stroke which came upon him about a week ago. He was apparently improving and was expected to get out soon. Last night about 6 o'clock, however, he suffered another stroke and he died about twenty minutes later. Mr. Morrell carried on a grocery in Main street, previous to which he conducted the same kind of a business in Carleton. He is survived by his wife and two children. Mr. Morrell was a man of sound business integrity and his death will be felt as a personal loss by a large circle of friends and relatives.

The funeral will be from his late residence, 238 Main street, corner of Durham, on Sunday afternoon; service at 3 o'clock.

John Baird McGowan, one of the oldest residents of this city, died yesterday morning at the home of his daughter, Mrs. C. W. Maston, Main street, aged eighty-six years. The old gentleman came to this country from Ireland when he was twelve years of age. He was a carpenter by trade but had for thirteen years been in the employ of Messrs. Thompson & Co. He leaves a sister, Mrs. J. E. Hogan, two daughters also survive—Mrs. D. S. Garnett, of Silver Falls, and Mrs. C. W. Maston, in whose home he died.
