SYNOPSIS:
Madcap Nora is a kitchen wench in Selkirk Hall, but she aspires to being a fine lady. She's Irish, with her share of devilry, and spends most of her time in aping the manners of the lords and ladies. When the Ranger, Captain Paul Jones' ship, anchors off the coast the occupants of the castle retreat in flight, for Captain Jones had a terrible reputation in those Georgian days. Thus Madcap Nora gets her chance to wear the fine feathers and frills of her mistress, and she receives the American sailors with august manner. "Share and share alike," that's a-speakin' to you." Then Darby O'Donovan, from Virginia, steps forward, and Nora recognizes him as the playmate of years before. So when the Ranger disappears it bears off as fair loot as ever was captured.

Hopes Giants Will Win.
Hal Chase says of the world's series teams:
"Two great ball clubs, with weak pitching staffs and so closely matched that a set of 100 to 99 is a good one. My sympathies are with the Giants, and I expect to see Slim Sallee make a better showing than any other twirler of the athletic world, but it remained for Franktown, Cal., to evolve the one-armed catcher. It is said that Sammy Gooding, who owns a ranch near Franktown, has been endowed with enough determination to place himself on a par with other athletic youths, despite the fact that he labors under the disadvantage of having only one arm. It is said that as a backstop Gooding has no peer in that section of the country. In action he is reported to present a fascinating figure. Here's the way he works. He catches the ball in the air, drops his mit in time to grab the ball as it touches the ground and returns it to the pitcher."

American League (Continued).
New York, Sept. 25.—D. J. Leary's imported three-year-old bay colt Sunfish II, won his third consecutive victory when he finished third in the Wood Handicap at Aqueduct Wednesday afternoon. The race was at one mile, and with 118 pounds up he ran the distance in 1:58.2, and finished in a romp. Although he was conceding four pounds to James Butler's four-year-old brown gelding Sunfish II, he was a mile race in 1:49.4. The following day, under 129 pounds, he won the Peconic Handicap at Long Beach, seven furlongs, and the time was 1:27. As the field left the paddock, H. Eugene Leigh, whose fame as a trainer is international, remarked: "I ought to back that imported colt. He is the best looking horse in the race, and his last two races have shown that he is a race horse, of Yarmouth, with hogs. The weather was fine and the attendance here last week by The Real Lady at 2.64. Miss Bertha Dillon trotted the last half of her great mile in 59.4 seconds, considerably slowed up, so far ahead was she from the nearest competitor.
Early Dreams, winner of the Hoster Columbus stake last week, repeated today in the Buckeye 219 trot, purse \$5,000 and reduced the mark for that stake from 2:00.4 to 2:04.4.
The Savoy favored to capture the Board of Trade 2:06, \$3,000, dropped the first heat to Colleen before he squared away and won as he pleased.
Straighttail had the better of Busy's Lassie in the deciding heat of the left-over Chamber of Commerce 2:08 trot and won handily.
HOCKEY.
N. H. A. Meeting.
Montreal, Sept. 25.—The annual meeting of the National Hockey Association will be held on Saturday afternoon, when it will be decided whether the association will operate or suspend for this season. One or two of the clubs are in favor of suspending, while others are in favor of continuing the game, but under different arrangements with the players. It is likely that the players will be offered position on a percentage basis. All the club owners are of the opinion that the days for high salaries are over, and that the players must now take their chances with the owners.
It is likely that a new president will be chosen, as Frank Robinson has been credited with the statement that he would not advance his bid for the presidency. Robinson has been mentioned for the position.
A certain Scottish soldier in a hospital had been operated on four times in an endeavor to extract a bullet from the vicinity of his lower ribs.
On the last occasion he said he had a request to make before going under chloroform.
Permission having been granted him to make it, he remarked to the surgeon: "Oh, it's nothing much. I just want to suggest that if you are unsuccessful this time and think you will have to try again, don't sew me up; just put buttons on me."
