SWIMMING SEASON NEARING THE END
City Scouts To Go into Winter Quarters Soon—More Ample Accommodation Next Year Perhaps
The swimming season, which has been in Marble Cove during the summer months, is drawing to a close. The City Scouts will be taken to their winter quarters in Wiggins' slip, West St. John, on Monday, September 30. During the season the scouts have received a record-breaking patronage and it is estimated that as many as 800 people, both young and old, have taken advantage daily of the facilities afforded to enjoy a swim. From morning until dark, crowds of boys, girls, young men and women, and many people past the prime of life enjoyed a swim in the river water, and had the accommodation been larger many more would have joined them.

WORKERS URGED TO INVEST IN NEXT WAR LOAN
(Continued from page 1)
of life and he hoped unions would not invest.
Alec. Lyon, Toronto, moved an amendment which advised the government to pay no more interest on any war bonds and to return only the principal loaned. This would be, he said, a test of the patriotism of the people to see if they were willing to make sacrifices as were the men on the fields of Flanders.
Frank Wheatley, Bankhead, Alta., opposed the motion. There ensued a series of disorders.
H. J. Halford, Hamilton, moved the vote.
The "ayes" for the amendment seemed to be in the majority. A dozen delegates demanded that the debate continue and were "booed".
The chairman allowed further speeches. Several speakers talked for five minutes. Chairman Waters pounded his gavel. Ultimately partial quiet was restored and Mr. Waters then denounced the obstruction tactics.
C. W. Foster, of Transcona, moved as a second amendment that all future war loans carry no interest.
Delegate Taylor asked for a roll call vote and the convention turned down the request.
The Stevenson motion was adopted amidst cheers, and the members of the faction opposing it asked that their names be entered in the minutes as objecting.

WET WEATHER NO BAR
K. of C. Patriotic Fair Tonight as Usual—Only a Few of the Out-of-Door Attractions Affected by the Weather—Bumper Crows Expected.
While the committees who have in hand the patriotic indoor fair are laudable in their efforts to see the fair go on, yet they are not at all worried because of the moist atmosphere. The reason is simple: when it is raining use more of the capacious indoor space afforded by the splendid building of the local council.
Tonight, rain or shine, the fair will be held and it promises to be a big night, good weather or bad. If it continues wet, some of the outdoor attractions will be moved indoors; if not there will be the activity of the opening night on a larger scale. There is plenty of space in the main building to hold everyone to get in out of the rain but then it may not be raining when the fair opens tonight so let us of us unite and get together to put the local drive well over the top. St. John has done this so often in the past and it is a matter of course that it will do so again.
Tonight the City Cornet Band will be in attendance. Things will be running even better than on the opening night. You should make it a point to be there—rain or shine.

High Representatives of C. P. R. and C. G. R. Arrive in City
A conference of Canadian Pacific Railway and Canadian Government Railway officials held in the suite of offices of C. P. R. Superintendent H. C. STEELS IN THE LEAD
New York, Sept. 20.—(Wall Street)—Steels and equipments resumed leadership at the opening of the stock market today. Belief that the steel conference at Washington would result in an upward revision in prices was the ostensible cause for the buying of United States Steel which advanced nearly a point. Impending large orders for equipment forced purchases of Baldwin Locomotive and American Car at substantial improvements. Recent favorability in oil and shippings, were relegated to the background, but there was increased inquiry for several lesser known specialties, notably Burns Brothers. Canadian Pacific advanced 1-1/4 points.
